Life's a Puppy Party Heather Hunt,2021-10-12 Make the most of every day with your dog using this fun collection of healthy recipes, easy DIYs, and Pinterest-worthy party plans that you and your pup can enjoy together. Our dogs are more of a part of our lives than ever, but it's still hard to find cute treats, toys, and accessories for them that you can make yourself. When Heather Hunt brought home her dachshund, Dave, she scoured the internet for all the info she could find about being a great dog owner. And although she found plenty of factual guides to being a good pup parent, she was shocked that the fun and silly parts of owning a dog were completely missing—how to create a comfortable Halloween costume without buying a sewing machine, how to bake a nutritious barkday cake, or how to host a party for other pup friends. Heather eventually launched TheDapple.com as a place to share great pet products and simple, creative activities for modern dog parents. In Life's a Puppy Party, Heather has created a handbook for having fun with your dog. Grouped by season, it features easy, cost-efficient, Instagrammable, and vet-approved recipes, crafts, and no-sew costume ideas to make your pup a part of every type of celebration. In this book, readers will learn how to: -Bake an easy "pupcake" -Upcycle a pair of old jeans into a cute bandana -Throw a backyard puppy pool party -Turn a dog hoodie into a dinosaur Halloween costume -And make a dog toy advent calendar This is a perfect gift for any dog parent looking for more ways to celebrate their pooch while giving us all something to smile about.

Truffles' Diaries Sheila Collins,2011-06-17 Truffles is no ordinary cat - in fact she would claim that she is very special indeed, and who would dare to argue with her? Her nineteen plus years of observing human behaviour, often mystifying and comical, have equipped her with all the wisdom and cunning necessary to use the human environment and its two-legged inhabitants to her best advantage and, as is the ambition of all cats, she has learnt how to make her existence as comfortable as possible. In this diary Truffles allows us to take a very privileged peek through her discerning eyes as she describes her thoughts and day-to-day activities (or lack of them!) Written in three weekly parts, the first from when she approaches her milestone sixteenth birthday followed up by catch-ups over the next two years, Truffles also recounts an assortment of amusing, true anecdotes from her past involving her feline and canine pals, but with the last laughs most often being on the hapless humans. What is quite clear is that twenty-first century cats are a far superior species in terms of getting what they want, when they want and with the minimum amount of effort, and the very humanised Truffles is no exception. She has her human carers well trained to carry out their expected feline-orientated duties to her exacting standards, is always one step ahead of them and knows exactly which buttons to press to get the desired effect... which only goes to prove that it is a cat's life after all!

It turns out there's another kind of truffle—the fungi kind, which grow wild underground—and they require a strong nose to sniff them out. The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Truffle Underground Ryan Jacobs, 2019-06-04 “The ultimate truffle true crime tale”*: A thrilling journey through the hidden underworld of the world's most prized luxury ingredient. *Bianca Bosker, New York Times bestselling author of *Cork Dork* Beneath the gloss of star chefs and crystal-laden tables, the truffle supply chain is touched by theft, secrecy, sabotage, and fraud. Farmers patrol their fields with rifles and fear losing trade secrets to spies. Hunters plant poisoned meatballs to eliminate rival truffle-hunting dogs. Naive buyers and even knowledgeable experts are duped by liars and counterfeits. Deeply reported and elegantly written, this page-turning exposé documents the dark, sometimes deadly crimes at each level of the truffle's path from ground to plate, making sense of an industry that traffics in scarcity, seduction, and cash. Through it all, a question lingers: What, other than money, draws people to these dirt-covered jewels? Praise for *The Truffle Underground* “Investigative journalist and first-time author Jacobs does a remarkable job reporting from the front lines of the truffle industry, bringing to vivid life French black-truffle farmers, Italian white-truffle foragers, and their marvelously well-trained dogs.”—Booklist (starred review) “In *The Truffle Underground*, Ryan Jacobs presents a lively exposé of the truffle industry, reporting on the crimes that ‘haunt the whole supply chain.’ . . . Even if truffles are beyond your pay grade, there is plenty of enjoyment to be had in the sheer devilment portrayed in this informative and appetizing book.”—The Wall Street Journal “You’ll never look at truffle fries the same way after reading this book. . . . You can practically smell the soil as you follow truffle farmers and bandits through the groves and fields of France and Italy where the fungi are harvested and stolen.”—Outside, “Five Favorite Summer Reads” “[The] book is a rigorously reported, carefully written, endlessly interesting immersion in a high-stakes subculture.”—San Francisco Chronicle “Jacobs takes us on an eye-opening journey through the prized mushroom's supply chain and the global black market for these tubers in this tale of theft, deceit, and high-stakes secrets.”—Real Simple
