**He Who Would Valiant Be** Terry Lewin,2015-11-19 Admiral of the Fleet Lord Lewin was the last Military leader of Great Britain to serve throughout the entire duration of WW2. A career that culminated in his role as head of the British Armed Forces and a seat in the victorious Cabinet of Prime Minister Thatcher that restored British Sovereignty over the Falkland Islands. This important book is the very first step on that career path. Since the time of Nelson Midshipmen in the Royal Navy were obliged to keep a Journal, a record of the life, events and actions of the ship in which they served. Terry Lewin was posted as a 19-years old to HMS Valiant, a Jutland-era battleship in December 1939. This book faithfully reproduces his hand-written record of the first year of the War seen from a ship at sea. All Midshipmen kept a journal, not all Midshipmen went on to influence the development of the modern Navy to the extent achieved by Terry Lewin. This book is essential reading for anyone with an interest in WW2, and life in the Royal Navy.

**HMS Gloucester** Ken Otter,2017-05-30 On 22 May 1941 the cruiser HMS Gloucester (The Fighting 'G') was sunk by aircraft of the Luftwaffe during the Battle of Crete. Of her crew of 807 men, only 83 survived to come home at the end of the War in 1945. It is unknown how many men went down with the ship and how many died in the sea clinging to rafts and flotsam during the many hours before the survivors were finally rescued by boats searching for German soldiers who were victims of a previous British naval attack. The fact that Allied destroyers were in the proximity and were not sent to the rescue was a result of poor naval communications and indecision by the local fleet commanders. Gloucester had been low on antiaircraft ammunition and her crew exhausted before being dispatched from the main fleet to search for the stricken destroyer HMS Greyhound. With only HMS Fiji as company, she came under attack from German bombers and when Gloucester's ammunition was finally exhausted she suffered several direct hits and was set ablaze from stem to stern and left out of control.This book looks at the ship's history and operational successes from her launching in 1937 to her final demise. It includes many firsthand accounts from the surviving crew and the author's painstaking research has revealed the awful truth about one of the Royal Navy's greatest disasters during World War Two.

*The Lives of the Sophists* Philostratus (the Athenian),1921 PHILOSTRATUS AND EUNAPIUS. (a) Of the distinguished Lemnian family of Philostrati, Flavius Philostratus, 'the Athenian', was a Greek sophist (professor), c. A.D. 170-205, who studied at Athens and later lived in Rome. He was author of the admirable Life of Apollonius of Tyana (Loeb Nos. 16 and 17) and Lives of the Sophists (which are really impressions of investigators alert but less fond of scientific method and discovery than of stylish presentation or things known), one part concerning some older, the other some later 'provessors'. Other extant works of this Philostratus are Letters and Gymnasticus, but the Heroicus or Heroica is apparently by another Philostratus, and the Eikones (Imagines, skilful descriptions of pictures, Loeb No. 256) were probably by two Philostrati, on being the son of Nervianus and born c. A.D. 190, the other his grandson who wrote c. AD. 300. (b) The Greek Sophist and historian Eunapius was born at Sardis in A.D. 347, but went to Athens to study and lived much of his life there teaching rhetoric and possibly medicine. He was initiated into the 'mysteries' and was hostile to Christians. Lost is his historical work (covering the years A.D. 270-404) but for excerpts and the use of it made by Zosimmus, but we have his Lives of Philosophers and Sophists mainly contemporary whth himself. Eunapius is our only source of our knowledge of Neo-Platonism in the latter part of the fourth century A.D.

**Bastard Culture!** Mirko Tobias Schäfer,2011 The computer and particularly the Internet have been represented as enabling technologies, turning consumers into users and users into producers. The unfolding online cultural production by users has been framed enthusiastically as participatory culture. But while many studies of user activities and the use of the Internet tend to romanticize emerging media practices, this book steps beyond the usual framework and analyzes user participation in the context of accompanying popular and scholarly discourse, as well as the material aspects of design, and their relation to the practices of design and appropriation.
