Charles Stedman Newhall

Storm Front Jim Butcher, 2000-04-01 In the first novel in the #1 New York Times bestselling Dresden Files series, Harry Dresden's investigation of a grisly double murder pulls him into the darkest depths of magical Chicago... As a professional wizard, Harry Dresden knows firsthand that the "everyday" world is actually full of strange and magical things—and most of them don't play well with humans. And those that do enjoy playing with humans far too much. He also knows he's the best at what he does. Technically, he's the only at what he does. But even though Harry is the only game in town, business—to put it mildly—stinks. So when the Chicago P.D. bring him in to consult on a double homicide committed with black magic, Harry's seeing dollar signs. But where there's black magic, there's a black mage behind it. And now that mage knows Harry's name... "A great series—fast-paced, vividly realized and with a hero/narrator who's excellent company."—Cinescape

Storm Front: The Gathering Storm Jim Butcher, 2000 A modern-day mage and consultant to the Chicago police, wizard Harry Dresden finds his stale life suddenly enlivened when he is called to share his expertise in the investigation into a grisly double murder, a crime that reveals the presence of a rival who practices the darkest of black arts, in a graphic-novel adaptation of the best-selling novel.

Hurricane Harry: Book 6 Kathryn Lay, 2010-09-01 Summer is almost over for Wendy's Weather Warriors, and they've had so much fun Wendy forgot all about the essay contest she'd entered at the end of the school year. Just two weeks before school, Wendy received a letter telling her she won! Now she gets to take the Weather Warriors and Mr. Andrews to Galveston, Texas, to read her

essay about the big 1900 hurricane in Galveston. As they are enjoying their trip, a tropical storm turns into Hurricane Harry! Can Wendy's Weather Warriors ride out the storm in safety? Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 2-5.

Harry and the Hurricane Gordon Berg, 2019-05 The story of a boy, a dog and the 1926 hurricane in Miami.

The Return of Zeus John E. Muller, Lionel Fanthorpe, Patricia Fanthorpe, 2014-06-30 Man has often wondered about the birth of his world. Our remote ancestors told strange tales of parental deities who gave birth to planets, and people. Primitive religious thought regarded inanimate Nature as teeming with terrifying psychic life. It is a trend which persists in the dark recesses of the modern mind. There is reason for this persistence . . . Were the ancients entirely wrong? Science has unlocked many mysteries that terrified our forebears, but there are others which remain just as enigmatically sealed as before. What strange astrological influences do the dark stars exert as they speed through the heavens on their evil courses? Like a cosmic combination lock their tuning unleashes timeless forces of evil. The Pantheon of Old Gods rides again to bring hideous terror to the 20th century.

Storm Over Burracombe Lilian Harry, 2010-08-19 Tragedy threatens the Devonshire village of Burracombe... There's trouble afoot in Burracombe... Hilary Napier is upset and angry when her father brings in a new manager for the family estate which she has been running for the past year. Even though she cannot help liking Travis Kellaway, she resents his presence. But before long, she begins to appreciate Travis's strength and compassion, and she finds herself drawn to him. Meanwhile, life in the village is enlivened by

the new drama club, formed by energetic young curate Felix Copley. Almost the entire village becomes involved in the pantomime he decides to organise - with results they didn't quite plan for! Then tragedy strikes, making everyone realise exactly what is important in their lives...

Storm Over the Constitution Harry V. Jaffa, 1999-08-31 Written by one of America's foremost political and legal theorists, Storm Over the Constitution examines the arguments of some of the leading proponents of the doctrine of 'original intent.' According to legal scholars such as Judge Robert Bork, Lino Gralia, Charles Cooper, and Supreme Court Justice Antonin Scalia, a jurisprudence of original intent requires that judges bring no theory to the interpretation of the Constitution. In this brilliant new book, Harry Jaffa illustrates how judges under the influence of this definition of 'original' intent particularly neglect the Declaration of Independence as a guide. Jaffa shows that this definition is, from the point of view of the American Founding, anything but original; moreover, it is openly hostile to the natural-rights theory of those who wrote and ratified the Constitution. The author implores Americans to follow the example set by Abraham Lincoln, who admired the Declaration of Independence more openly, interpreted it more deeply, and implemented it more practically than any other president before or since. Lincoln's achievement fulfilled a tradition of civic understanding and scholarship closer in time and purpose to the founders, and was thus more 'original.'
