Tales from the Haunted Mansion Vol. 1: The Fearsome Foursome Amicus Arcane, 2016-07-19 Welcome, foolish mortals, to Disney Press' spookiest chapter book series yet: *Tales from the Haunted Mansion*! Based on the attractions from the Disney Parks, each new book tells the story of one of the Haunted Mansion's 999 ghosts. With eerie illustrations throughout and a beautiful three-piece cloth cover, the books are designed to look like they came straight from the library in the Haunted Mansion. *Tales from the Haunted Mansion* is a fun, spooky ride, just like the attraction from the Disney Parks. And if readers are familiar with the ride, they'll see elements of it throughout the entire story, from items straight of the Mansion (are those pictures stretching?) to lyrics from the narration that is heard in each Doom Buggy. In this bone-chilling book, you will hear the terrifying tales of the Fearsome Foursome--four kids who look to out-scare each other. But just wait until they hear my spooky stories. Who am I? I am Amicus Arcane, your librarian and host. Your Ghost Host. So read on... if you dare!

The Ghost Studies Brandon Massullo, 2017-10-09 "A genuine attempt by someone who is a trained clinical therapist and parapsychologist to scientifically evaluate reported experiences of the paranormal." –Magonia Review You've just laid down for the night when suddenly doors slam and the curtains shift. The lights begin to flicker and a white mist forms in front of you. You shut your eyes and keep muttering, "ghosts aren't real." But then you open your eyes and realize that "harmless" mist has shifted into the form of a man, staring intensely at you, as he floats above your bed. What causes ghostly experiences? Are ghosts real? Why do certain people report numerous ghostly encounters and others none? For centuries these questions have intrigued, puzzled, and bedeviled science, skeptics, and even believers. Based on cutting-edge research and new theories, The Ghost Studies provides insight into some of life's greatest mysteries. This fascinating book is far more than a compilation of ghost stories. The Ghost Studies provides scientific explanations for paranormal occurrences, including: New and exciting scientific theories that explain apparitions, hauntings, and communications from the dead. The latest research on the role of energy and electricity in hauntings. The role that emotions, bioenergetics, and the environment play in supernatural phenomena. New research into why some individuals are more prone to ghostly encounters. "I highly recommend this book to anyone who wants to expand their knowledge of the paranormal . . . This book is well written and

opens the doors for countless areas of study and discussion and it is one that you will find yourself going back to again and again.” –Association of Paranormal Study

Horror at the Haunted House Peg Kehret, 2002-06-10 It was a job any kid would kill for: to play a role in the Historical Society's Haunted House Halloween fundraising event. Ellen Streater was thrilled to play Joan of Arc, burning at the stake. It was for a good cause—to benefit the eerie old Clayton House, soon to reopen as a museum. They said the house was haunted. Ellen didn't believe it—until she felt a strange, icy feeling when she touched the beautiful Fairylustre bowl. Then she saw the ghost in the mirror—a beautiful phantom who beckoned her into a nightmare beyond her wildest dreams. Entertaining and appealing, with lively and believable young people and a personable ghost. —School Library Journal

An elderly lady of leisure has been found dead on posh Larchmont Avenue, her will recently, and suspiciously, revised to name Seymour as heir to her mansion. Just as eyes turn to him as the murderer—and Seymour gets busy settling into his ritzy digs—the mansion's ghosts begin plaguing him. So he hires a team of parapsychologists to exorcise all the spirits from the town of Quindicott—and that includes Jack Shepard. Now Pen must act fast—because losing Jack scares Pen more than rattling chains and cold spots...

House of Spirits and Whispers Annie Wilder, 2023-06-15 This edition of House of Spirits and Whispers features a new preface from the author, photographs, and bonus material We had been instructed to enter by the back door. That's the part of the house where the old man had lived. It was where he still lived. Turns out he was watching us that day, too, silent and heavy as the air, bound to the earth and his former home. We had been instructed to enter by the back door. In 1994, Annie Wilder and her children moved into a 100-

year-old house in a historic Mississippi River town. Beautiful but spooky, the house had been on the market for six months with no offers. It felt like-and proved to be-a very haunted house. Essentially the story of a remarkable old Victorian house that seems to be a threshold to the spirit world and the astral realm, *House of Spirits and Whispers* has a backstory of the Wilder family's relationship with the ghost of the home's previous owner, an old man named Leon. Covering a decade's worth of ghostly activity and supernatural encounters, from whispering radiators to visits and appearances from all manner of spirits and entities, this unusual story is the true account of Annie Wilder's experiences living in a haunted house.

From Neil Gaiman and M. R. James to Muriel Spark and E. Nesbit, there are stories here to make the hardiest soul quail - so find a comfy chair, lock the door, ignore the cold breath on your neck and get ready to welcome in the real spirits of Christmas.

Tales from the Haunted South Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours, frequently promoted and experienced at plantations, urban manor homes, and cemeteries throughout the South. As a staple of the tours, guides entertain paying customers by routinely relying on stories of enslaved black specters. But who are these ghosts? Examining popular sites and stories from these tours, Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain. Dark tourism often highlights the most sensationalist and macabre aspects of slavery, from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices. Because the realities of

slavery are largely absent from these tours, Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era. In an incisive and engaging work, Miles uses these troubling cases to shine light on how we feel about the Civil War and race, and how the ghosts of the past are still with us.
