Hear My Sad Story Richard Polenberg, 2015-12-07

In 2015, Bob Dylan said, I learned lyrics and how to write them from listening to folk songs. And I played them, and I met other people that played them, back when nobody was doing it. Sang nothing but these folk songs, and they gave me the code for everything that's fair game, that everything belongs to everyone. In Hear My Sad Story, Richard Polenberg describes the historical events that led to the writing of many famous American folk songs that served as touchstones for generations of American musicians, lyricists, and folklorists. Those events, which took place from the early nineteenth to the mid-twentieth centuries, often involved tragic occurrences: murders, sometimes resulting from love affairs gone wrong; desperate acts borne out of poverty and unbearable working conditions; and calamities such as railroad crashes, shipwrecks, and natural disasters. All of Polenberg's account of the songs in the book are grounded in historical fact and illuminate the social history of the times. Reading these tales of sorrow, misfortune, and regret puts us in touch with the dark but terribly familiar side of American history. On Christmas 1895 in St. Louis, an African American man named Lee Shelton, whose nickname was Stack Lee, shot and killed William

Lyons in a dispute over seventy-five cents and a hat. Shelton was sent to prison until 1911, committed another murder upon his release, and died in a prison hospital in 1912. Even during his lifetime, songs were being written about Shelton, and eventually 450 versions of his story would be recorded. As the song—you may know Shelton as Stagolee or Stagger Lee—was shared and adapted, the emotions of the time were preserved, but the fact that the songs described real people, real lives, often fell by the wayside. Polenberg returns us to the men and women who, in song, became legends. The lyrics serve as valuable historical sources, providing important information about what had happened, why, and what it all meant. More important, they reflect the character of American life and the pathos elicited by the musical memory of these common and troubled lives.

Did You Hear? Frank J. Sileo, 2021-12-14 Gold medal, Mom's Choice Awards Did you hear Eric picks

his nose? Did you hear Alexa has eleven toes? On the playground, between friends, or in school...gossip and playful chit-chat is a common occurrence. People will talk; this is an almost universal truth in any society. We are naturally interested in the lives of others. Children are especially susceptible to this, as they learn to interact socially and push boundaries. *Did You Hear?* is a lively story that encourages kids to think about the effect that gossip might have on others and to perhaps choose to interact in other, more productive, ways. Illustrations take readers through a day in a little girl's life and the gossip around her as the kids around her ask "did you hear?" Includes a Note to Parents and Caregivers that discusses the motivations behind gossip and what adults can do to teach and model appropriate social interactions and empathy.

in charming vignettes portraying a wide range of childhood activities. Hearing, smelling, seeing, touching, tasting--our five senses allow us to experience the world in so many ways! With our ears we hear the birds sing; with our nose we smell the stinky cheese; with our eyes we see the moon and stars (and sometimes glasses help us see even better!); with our skin we feel the rain (and learn not to touch the hot stove!); and with our tongue we can taste our favorite foods. Isadora's lively art reveals the power and delight of each sense.

Survivors of sexual trauma can be female or male and come from every ethnicity, family structure, and socioeconomic group. Whether or not you are a survivor, it is very likely you know someone who is. The personal stories in *Hear My Story: Walking with Survivors of Sexual Trauma* offer hope that healing is possible – and are an invaluable aid for helping others find healing. Each writer shares her or his own journey from the edge of the cliff, through the valley, and into the Lord's arms. This book is meant not just for survivors of sexual assault but for those who know and love them. Sometimes the people we count on to help us deal with trauma are stuck in their own reality, unwilling or unable to acknowledge that darkness and evil has happened to someone they love – and possibly at the hands of someone they know. A true companion on the journey to healing must listen to each story with empathy, believe that it really happened, grieve with the brokenhearted, and commit to participating in the journey to complete

inner healing. This book is not only for the quarter of our society that has been wounded but for anyone who is called to accompany the wounded toward healing. Let the voices in this book become a beacon of hope.

With the assistance of hearing aids, Chris is able to hear vibrations, loud noises, and some other sounds. With sign language, speech therapy, and an interpreter, Chris' days are much like those of hearing children, filled with classes, soccer games, and children's theater. Accompanied by Simmonds' vivid and energetic multimedia paintings, Heelan's text explores the world of a real child and answers the questions many children may have about hearing loss.
