**Jason's Helmet** Linda Barron Heinrich, 2009-09-02

During World War II, six American soldiers, including Somerset, PA native First Lieutenant Jason H. Barron, died under fire while helping liberate the French town of Lougé-sur-Maire. Sixty-five years later, a resident of Lougé-sur-Maire contacted Emerson S. Barron, informing him that the town had discovered his brother's helmet, and requesting that he travel to France to reclaim it. In *Jason's Helmet*, Barron's niece, Linda Barron Heinrich, writes about the lives and deaths of the six soldiers, and about her experience in France amongst the townspeople honoring their sacrifice.

**My Little Blue Helmet** Abby Blackburn, 2012-12-28

After being diagnosed with plagiocephaly, Miller began wearing a cranial remolding orthosis (baby helmet) for treatment. *My Little Blue Helmet* is based on the true story of Miller's journey. In this story, Miller asks his mother many questions that a typical child might ask about wearing a helmet. His mother recaps the journey from the day he was diagnosed until the day he graduated from the helmet. This book was written to encourage other families who have children undergoing treatment for plagiocephaly.

**Helmet for My Pillow** Robert Leckie, 2003-08-13

To be a Marine is to subscribe to the idea that nothing in war is impossible—including the writing of books. Now, after years have passed and the jungle has reclaimed the scenes, comes this engaging story of a young man's personal adventures with the vast and ultimately

overwhelming forces that defeated him. This is an old story, but it is told in a fresh and lovely voice. Robert Leckie writes with charm, with personal humility, with humor, with a rare gift for capturing all that is human in the most inhuman of man's activities. He makes no bones about it—the war is what happened to him. The point of view is not the grand strategy of victory, but the immediate tactic of personal survival. By turns a boot, a machine gunner on Guadalcanal, a liberty hound in Australia, an intelligence scout on Peleliu—briefly a self-styled brig rat subsisting on bread and water and finally a casualty—Private Leckie fought the enlisted man's battle. *Helmet for My Pillow* is the sort of book a man might write for his children, saying, in effect: This is the way I remember it. The time I killed three Japs while on patrol. The day I went AWOL. The way it is for a man to die. And these are the men I knew—Captain Dreadnought, Lieutenant Commando, Pvt. Chuckler, Major Major-Share, Filthy Fred—some of them heroes, some cowards, some living, some dead but all inexorably part of my life. For Mr. Leckie writes of his companions as though they might be characters in a morality play—as, indeed, they were. Like most Marines, he both loved and hated the Corps—loved it for the arrogance with which it relegated to itself the tough assignments; hated it for the sacrificial demands that were made on the individual soldier. There is no sentimentalism here, no gratuitous brutality; in the end, of course, it is a success story, for the irony of war is that injustice is not incompatible with

victory. And how do you know when you've won? Mr. Leckie's answer deserves quoting: An officer's mess is one of the surest barometers of military success. So long as the officers continue to pig it with the men, there is danger of defeat. But once the officer's mess appears—raised almost on the bodies of the foe, contrived of sticks or pieces of canvas or perhaps only an imaginary line like a taboo—once this appears, and caste is restored, we know that victory is ours. —THE NEW YORK TIMES

**Modern Sports Helmets** James A. Newman, 2007 This wonderful new survey follows the evolution of the sports helmet from early military and aviation uses, through early motorcycle and auto racing, and to modern helmets used in a wide variety of sports today. The science of helmet design and manufacture is covered before moving into the art of the helmet. Helmets for six major sports are extensively covered: auto and motorcycle racing, bicycling, equestrian activities, skiing, football, and ice hockey. Some lesser known sports and their helmets are also included to give a fascinating and complete panorama of the field. The design innovations, both for safety and appearance, the colors, and the fascinating history will engage the reader, while nearly 600 color images will please even the most particular sports fan. For designers, players, scientists, and historians this book is a true delight.

It Started with a Helmet Gerald Sanford, Chris Griffith, 2021-06-23 This is the amazing, true story of Gerald Sanford, a former New York City police officer and FDNY firefighter who retired

and moved to Naples, Florida. Retirement didn't take, and he found himself working at North Naples Fire Control and Rescue District, which is how he stumbled on an early 1900s antique fire helmet. He instantly knew the helmet was from New York City. By an amazing coincidence, Sanford presented the fire helmet back to the FDNY firehouse in the Bronx the day before the Sept. 11, 2001, terrorist attacks. With the city in ruins, Sanford volunteered to serve the FDNY in one of his former roles—press secretary. In this memoir, he recalls volunteering after 9/11 as well as his earlier years working for the NYPD and FDNY, including his observations of political figures such as Mayor Ed Koch, Mayor David Dinkins, Mayor Rudy Giuliani, and others. Join Sanford as he shares an incredible story about Sept. 11 and how an antique leather helmet led two fire departments to forge a lasting bond.

*The Hero in the Helmet: Colin Kaepernick* Joa Macnalie, 2018-05-13 This book is an ode to one of the most political athletes in the modern day of sports who is arguably the face of the Modern Day Revolution. The purpose of this book is to share the truth about who Colin Kaepernick is and what his movement means for America. It is also a keepsake to remember him for who he is and not what he is painted to be.

**Red Helmet** Homer Hickam, 2008-11-11 Song Hawkins is a beautiful, tough, but lonely New York City businesswoman who thinks she's met the man of her dreams in Cable Jordan, the superintendent of a West Virginia coal mine. But soon after they impulsively marry, Song realizes they're in big

trouble. She can't imagine life outside of New York, and Cable has no intention of leaving his beloved town of Highcoal. Song's visit to the little mining community only makes things worse. It looks like the marriage is over. But in a shocking turn of events, Song realizes it's up to her to put on the red helmet of the new coal miner and descend into the deep darkness. There she faces her greatest challenge with choices and courage that will forever impact the life of Cable and the entire town.

**The Allis-Chalmers Story** C.H. Wendel, 2004-08-18 A Rich History With their signature orange paint, Allis-Chalmers machines have always been unmistakable. As symbols of reliability and innovation, they have long been a favorite of the working farmer and the farming equipment enthusiast. With the help of more than 1,500 photos and illustrations, accomplished author C.H. Wendel tells the tale of this great company in *The Allis-Chalmers Story*. This pictorial tour through history begins with the founding of the Gate Iron Works in 1842, and ends with the Deutz-Allis merger in 1985. Included are information and photos for all the equipment the company produced during that period, including equipment from Advance-Rumely, Monarch, and LaCrosse.

**Letters In A Helmet** Bob Tierno, Ron Sorter, 2019-10 *Letters in a Helmet: A Story of Fraternity and Brotherhood* is a sweeping tale of

two men, covering five decades of friendship and brotherhood. What elevates this story is a profound, interlocking bond that carries Delta Kappa Epsilon (Deke) fraternity brothers Ron Sorter and Bob Tierno across a transformative landscape of military service, career transitions, marriages, war wounds, cancer battles and bereavement. The immaturity of their youthful antics is followed immediately by the accelerated maturity of early adulthood, and later on, the accumulation of wisdom as they enter their eighth decade of life. This is an inspiring chronicle of American life, bridging the 20th and 21st centuries with this enduring mantra: your brothers are always there for you.

*The Magic Helmet* Cath Jones, 2021-01-01 Harry's grandpa has gone missing in time! Can Harry and his dog find him? With carefully-leveled text and fun illustrations, readers will love this time-travel adventure featuring fearsome Vikings.

**The White Helmet** Craig G. Lock, 2014-10-29 THE WHITE HELMET And all the boys in the yellow, green, red and blue helmets Grand Prix racing is primarily a mental contest... it's a battle of strength of wills by the combatants and a magnificent contest, the arena to display and share unique gifts and talents. Perhaps in this 'theatre of speed', F1 is a metaphor for life itself. - craig A book on my great passion, motor racing. Or maybe a story or stories essentially of family, loyalty, redemption, hope, faith and love (some central themes) ....but we'll see where it all leads. Also perhaps even a true story...or a number of stories! The driver is expected to

explore the inner places of his desire by taking everything to this limit...to translate it into a sublime peak only he can reach; but the trouble is they're all doing it.... on a narrow ribbon of track, together. - fine writing by Christopher Hilton in his fascinating book 'Inside the Mind of a Grand Prix Driver Hilton (Haynes Publishing 2003) [http:](http://www.amazon.com/Inside-Mind-Grand-Prix-Driver/dp/1844250172)

[//www.amazon.com/Inside-Mind-Grand-Prix-Driver/dp/1844250172](http://www.amazon.com/Inside-Mind-Grand-Prix-Driver/dp/1844250172) WARNING! This book is going to be very different and will NOT be all about motor racing It's a story of finding and following our dreams We'll just see what else flows and where the journey leads (as I write) Am Just starting writing and will post extracts and upload to Amazon AS I write. Craig 27th Nov 2011. Here's a start... I want to write the way Gilles Villeneuve drove and power-slid his blood-red Formula One Ferrari... with wild enthusiasm and a sense of abandonment, combined with the artists craft of a Stirling Moss, a Jim Clark, and especially that of the great Ayrton Senna, living on the razor-blade edge of life. for dearest mom and dad, your spirits lives on (forever) thanks for all the support, encouragement and especially love craig Man is a great wall builder The Berlin Wall The Wailing Wall of Jerusalem But the wall most impregnable Has a moat flowing with fright around his heart A wall without windows for the spirit to breeze through without a door for love to walk in. - OSWALD MTSHALI, Soweto (South African) poet from 'My Traitor's Heart' by Rian Malan (published by Vintage 1990) It is a celebration of a man's unique vision - a vision that reaches out and

shines, touching with magic the drama of life across all its limitless horizons. The characters seem to represent the virtues and the resilience of the little people, a story (or stories) to which we can all relate. In essence it's about hope faith and love: a tale (and tales) of the unquenchable spirit of tenacity in battling on, no matter what are our circumstances. And then eventually finding a way, a pathway to overcome personal adversity and to ultimately succeed in glorious triumph. - anon Now that's some very inspiring words (and hopeful reviews) to aim at in my little work... to test the very limits of my creative imagination. Eureka. I just had another idea. I'll write two or three books at once...and see where they may lead. 'The Yellow Helmet (the Boy in the Yellow Helmet)' is opening soon... and the curtain will fall down That's a metaphor, btw! 27th Nov 2011 Schumachers 2010 return shows the dream still burns - but the rest of us 'losers' should take heart. The key here is the dream, rather than its realisation. It may not be explicable to us mere mortals, but the more I heard about this 'Heaven on Earth' called the Zone, the more I was convinced it is the true Holy Grail - not just for racing drivers, but for all human beings in whatever we do. Finding it often enough inevitably leads to 'winning' in earthly terms, but it only comes into reach, when you rid yourself of the obsession with the end result. The shortcut to the Zone is to join the wimps, forget about winning and revel in the beauty of playing the game. The untapped potential in every human being is limitless: we are perfectly capable of

producing all by ourselves, true magic. - C Brol

A Halo for a Helmet K. Coralee Burch, 2008-10 Ernie Davis, #44 at Syracuse University, was the first African American to win the Heisman Trophy, then recruited to the Cleveland Browns, and expected to be a running back playing in the backfield with another great African American athlete, Jim Brown. He died of acute leukemia before he could play a game in the NFL. In spite of his youth and incomplete athletic history, Ernie remained an inspiration in the hearts of everyone who met him, knew him or had seen him play. It was not for his fabulous athletic

performances or his exceptional abilities that he is remembered and venerated, but for his loving nature, humility, fairness, honesty and goodness that he took a place in the hearts of everyone in his generation. How did Ernie become such a man, and touch the hearts of all in so few years, making them rethink their prejudices once and for all? This edition contains many pictures of Ernie plus a tribute to #44 President Obama.

*The First Treasure Divers* John Bevan, 2010 Who invented the diving helmet? *The First Treasure Divers* reveals the true and fascinating story. It follows the lives of two brothers as they struggle to turn their newly-invented diving helmet to advantage and how they wrestle with apathetic and even hostile authorities for recognition of their invention.

Kevin's Helmet Ron Cornelius, 2021-09-17 Kevin's Helmet is a fictional story based on actual experiences of the students I taught. Throughout my teaching experience, I encountered the tragedy of some of my students either dying or being accidentally killed. I deeply felt the impact of death on my students. Through this story, I tried to communicate some of that sorrow and triumph this existential experience brings to us all. My best friend, Kevin, was an exceptional football star linebacker. During football practice I tried to run around, though, and over him, but he repeatedly tackled me to the ground. The team was headed for the regional championship. Then one day the unthinkable happened. This is that story.
