## **Career Assessment** Mary McMahon, Mark

Watson, 2015-07-21 Career Assessment: Qualitative Approaches will assume a seminal place in the field of career development as the first book to focus solely on qualitative approaches to career assessment. This book represents a timely and important contribution to career development as it seeks to meet the needs of increasingly diverse client groups. Part 1, Foundations strongly positions qualitative career assessment in its historical, philosophical, theoretical and research contexts. The book is innovative by considering qualitative career assessment through the lens of learning. Part 2, Instruments, presents the first collation of chapters on a comprehensive range of qualitative career assessment instruments and processes written to a standard format to enable readers to compare, contrast and evaluate approaches. Part 3, Using quantitative career assessment qualitatively, mitigates against depicting an unnecessary divide in the field between quantitative and qualitative career assessment by considering their complementarities. Part 4, Diverse Contexts, considers qualitative approaches to career assessment in contexts other than able western, middle class settings. Part 5, Future Directions, reflects on the chapters and poses suggestions for the future. With high profile authors from nine different countries, the book represents a truly international contribution to the field of career development. In its focus on qualitative career assessment, this book holds a unique position as

the only such text and will therefore assume an important place in the libraries of researchers, academics, and career practitioners.

*Hex Breaker* Stella Drexler, 2020-12-01 The two worst kinds of cases: love and death. Alexandra Quinn and Rio Mondragon run a successful magician-for-hire business, mostly handling small-time magical crimes like hexes and love potions. They operate under the watchful eye of the Bureau of Magical Affairs, who want to pass a law requiring all magic users to wear scarlet letters, but so far they've been able to stay under the radar since Quinn is involved with a BMA agent who turns a blind eye to their rule-breaking. That fragile balance shatters the day Quinn and Rio's old classmate—wealthy club owner and convicted dark wizard Devin Rayne—hires them to find out who is trying to kill him. Quinn blames Rayne and his dark magic for the death of her boyfriend ten years ago, and she's not ready to let the past go. Unfortunately, some of their former enemies have the same idea, and Quinn's traitorous heart isn't helping the case, either.

*Christmas Witch (Hot Hex 3)* Susan

Stephens, 2021-10-01 Werewolves don't exist, and neither do vampires. At least, that's what apprentice witch Davina Blunt and her black cat familiar would like to believe a mission to save Christmas in a village, where no one likes strangers, proves them wrong. The arrival of the local lord of the manor in the impressive form of billionaire Roman Hardy adds spice to a challenging situation and passions quickly rise - but so do the undead. Can love win the day and bring the villagers together in time for Christmas? Are wolf and cat compatible? Will an apprentice witch discover her dark side and lure a billionaire into her bed? "That's a lot of wolf..." "Have you changed your mind?" "What do you think?" Is it possible said billionaire is more than he seems?

Book by Hunter M. Yoder, Interviews of Robert Taylor, Robert Blumetti, Jack Montgomery, Wyatt Kaldenberg, Dennis Boyer, Adel Souto, Matthias Waggener, Isaac Vazquez, Patrick Donmoyer. Now along with the many names given to Hex Signs, such as Hexefuus (Witch's Feet), Hexes, and Barn Stars, is a new one, Runic Barnstars As I had shown in my previous book, Heiden Hexology, Essays and Interviews, The Runes had been incorporated into Hex Work spontaneously around the world by the emerging Germanic Heathen Rune Magic practitioners. **Halfblood's Hex** S.C. Stokes, 2023-12-07 An

ancient curse, massive monsters, and a deadly dance with the CIA. I'm Seth, a wizard born with the power to transmute matter, wielding a gift that should have made life a breeze. But fate has a cruel sense of humor, and everything I touch withers into ruin. It all began with our accursed bloodline—the last will of a dying witch that has been killing my ancestors for centuries. Now it's my turn, but I'm not going down without a fight. In a world still struggling to accept the existence of the arcane, I make my living as an arcanologist. Studying lost temples, ancient relics, and buried tombs, I'll go wherever it takes, bargain with gods, and deal with devils if

it means I'll get my life back. After years of tireless hunting, I've unearthed an artifact—a relic tied to the malevolent witch who cursed my bloodline. It holds the key to my salvation, my very survival. But standing in my way is an unyielding force—the clandestine grip of the CIA. The mask probably belongs in a museum, but I'm going to have to steal it first. Join Seth for a pulse-pounding journey filled with ancient powers, modern intrigues, and a lavish heaping of magic and mythical beasts. This complete series will keep you turning pages long after you should have gone to sleep and leave you feeling giddy that you did.
