Peter Salwen

Origin Story David Christian, 2018-05-22 This New York Times bestseller elegantly weaves evidence and insights . . . into a single, accessible historical narrative (Bill Gates) and presents a captivating history of the universe -- from the Big Bang to dinosaurs to mass globalization and beyond. Most historians study the smallest slivers of time, emphasizing specific dates, individuals, and documents. But what would it look like to study the whole of history, from the big bang through the present day -- and even into the remote future? How would looking at the full span of time change the way we perceive the universe, the earth, and our very existence? These were the questions David Christian set out to answer when he created the field of Big History, the most exciting new approach to understanding where we have been, where we are, and where we are going. In *Origin Story*, Christian takes readers on a wild ride through the entire 13.8 billion years we've come to know as history. By focusing on defining events (thresholds), major trends, and profound questions about our origins, Christian exposes the hidden threads that tie everything together -- from the creation of the planet to the advent of agriculture, nuclear war, and beyond. With stunning insights into the origin of the universe, the beginning of life, the emergence of humans, and what the future might bring, *Origin Story* boldly reframes our place in the cosmos.

The American Story David M. Rubenstein, 2019-10-29 Co-founder of The Carlyle Group and patriotic philanthropist David M. Rubenstein takes readers on a sweeping journey across the grand arc of the American story through revealing conversations with our greatest historians. In these lively dialogues, the biggest names in American history explore the subjects they've come to so intimately know and understand. — David McCullough on John Adams — Jon Meacham on Thomas Jefferson — Ron Chernow on Alexander Hamilton — Walter Isaacson on Benjamin Franklin — Doris Kearns Goodwin on Abraham Lincoln — A. Scott Berg on Charles Lindbergh — Taylor Branch on Martin Luther King — Robert Caro on Lyndon B. Johnson — Bob Woodward on Richard Nixon — And many others, including a special conversation with Chief Justice John Roberts Through his popular program *The David Rubenstein Show*, David Rubenstein has established himself as one of our most thoughtful interviewers. Now, in *The American Story*, David captures the brilliance of our most esteemed historians, as well as the souls of their subjects. The book features introductions by Rubenstein as well as a foreword by Librarian of Congress Carla Hayden, the first woman and the first African American to lead our national library. Richly illustrated with archival images from the Library of Congress, the book is destined to become a classic for serious readers of American history. Through these captivating exchanges, these bestselling and Pulitzer Prize-winning authors offer fresh insight on pivotal moments from the Founding Era to the late 20th century.

American History Story-book Albert Franklin Blaisdell, Francis Kingsley Ball, 1911

The Quantum Story Jim Baggott, 2011-02-24 The twentieth century was defined by physics. From the minds of the world's leading physicists there flowed a river of ideas that would transport mankind to the pinnacle of wonderment and to the very depths of human despair. This was a century that began with the certainties of absolute knowledge and ended with the knowledge of absolute uncertainty. It was a century in which physicists developed weapons with the capacity to destroy our reality, whilst at the same time denying us the possibility that we can ever properly comprehend it. Almost everything we think we know about the nature of our world comes from one theory of physics. This theory was discovered and refined in the first thirty years of the twentieth century and went on to become quite simply the most successful theory of physics ever devised. Its concepts underpin much of the twenty-first century technology that we have learned to take for granted. But its success has come at a price, for it has at the same time completely undermined our ability to make sense of the world at the level of its most fundamental constituents. Rejecting the fundamental elements of uncertainty and chance implied by quantum theory, Albert Einstein once famously declared that 'God does not play dice'. Niels Bohr claimed that anybody who is not shocked by the theory has not understood it. The charismatic American physicist Richard Feynman went further: he claimed that nobody understands it. This is quantum theory, and this book tells its story. Jim Baggott presents a celebration of this wonderful yet wholly disconcerting theory, with a history told in forty episodes —

significant moments of truth or turning points in the theory's development. From its birth in the porcelain furnaces used to study black body radiation in 1900, to the promise of stimulating new quantum phenomena to be revealed by CERN's Large Hadron Collider over a hundred years later, this is the extraordinary story of the quantum world. Oxford Landmark Science books are 'must-read' classics of modern science writing which have crystallized big ideas, and shaped the way we think.

American Stories H. W. Brands, T. H. Breen, R. Hal Williams, Ariela J. Gross, 2011-07-15 Focuses readers on the story of American history. American Stories enhances the accessibility of United States history by concentrating on the most commonly taught topics while retaining a strong narrative emphasis and chronological organization. Each chapter follows a consistent structure that maximizes comprehension. The text goes beyond the major events that have shaped America by using significant incidents to reflect historical dilemmas and the decisions made by the American people and their leaders. The authors stress themes and ideas that continue to affect Americans, as they believe the impact of change on human lives adds an essential layer to understanding history. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab, please visit www.MyHistoryLab.com use ISBN: 9780205080984.

American History Story-Book Francis Kingsley Ball, Albert Franklin Blaisdell, 2016-05-23 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Upper West Side Story Peter Salwen, 1989 As any resident, restaurateur, or realtor will tell you, New York's Upper West Side--that swath of Manhattan between Central Park and the Hudson River, from roughly Columbus Circle to Columbia University--is the place for fashionable dining, dwelling, and dressing up. But the Young Urban Professionals now discovering the area (and many oldtimers, too) might be surprised to learn that other colonists had preceded them by two or three hundred years--Dutch farmers and English gentry with names like Theunis Idens van Huys, Hendrick Hendrickon Bosch, Charles Ward Apthorpe, and Oliver De Lancey. The names of many later residents are more familiar: Edgar Allan Poe, William Tecumseh Sherman, Lillian Russell, Diamond Jim Brady, Florenz Ziegfeld, Arturo Toscanini, Fanny Brice, William Randolph Hearst, Theodore Dreiser, Lewis Mumford, Humphrey Bogart (he was a child there), Lauren Bacall (so was she), Gertrude Stein, Mae West, Leonard Bernstein, John Lennon. Quite a neighborhood. And Peter Salwen's *Upper West Side Story* is quite a book: an engaging, often hilarious history of this fabulous city-within-a-city. It is a treasury of colorful biographies--of farmers, tycoons, thieves, and artists. It is an architectural grand tour--of the Dakota, the Ansonia, Lincoln Center, and the romantic residential skyscrapers of Central Park West. It is a compendium of Manhattan lore and delightful as well as occasionally horrifying trivia, enough to turn even a casual browser into the Compleat Upper West Sider. The story of this dynamic neighborhood begins with the colonial period, when merchant princes commanded royal views of the Hudson--until the approach of Washington's troops drove them from their mansions--and continues through the bucolic nineteenth century, when the Bloomingdale Lunatic Asylum at 116th and Broadway (site of today's Columbia University) was the Upper West Side's prime tourist attraction. By the turn of the [twentieth] century, the fashionable "West End, as the neighborhood was then known, boasted extravagant mansions and private homes, grand parks and equestrian boulevards, and its own unique theatrical and night life. Author Peter Salwen chronicles those high-living years, and the half century of inexorable decline that followed--with its poverty and often

sensational crime--and brings us up-to-date with a lively account of [the 1980s'] galloping renaissance. [This book] is living history--an unfinished story--generously illustrated with vintage engravings and photos of the buildings and people great and humble (those still with us and those that are no more). Also included are special walking tours to suit all levels of ambition and energy, and a who's who of famous and infamous residents and where they lived.--Dust jacket.

The Story of American History Albert F. Blaisdell,2020-07-31 Reproduction of the original: *The Story of American History* by Albert F. Blaisdell

The Little Book of Big History Ian Crofton,Jeremy Black,2016-06-23 From the Big Bang to the future of our planet, *The Little Book of Big History* divides history into manageable but comprehensive time frames, encompassing the cosmos, the stars, life and everything in between. Big History is the attempt to understand and condense the entire story of the cosmos, from the Big Bang to the current day. Combining methods from history, astronomy, physics and biology to draw together the big story arcs of how the universe was created, why planets formed and how life developed, this creates a unique perspective from which to understand the place of mankind in the universe. Excited by the alternative 'framework for all knowledge' that is offered by this approach, Bill Gates is funding the Big History Project, which aims to bring the subject to a wider audience around the world. *The Little Book of Big History* breaks down the main themes of Big History into highly informative and accessible parts for all readers to enjoy. By giving a truly complete timeline of world events, this book shines a

whole different light on history as we learned it and makes us think of our history - and our future - in a very different way.

American Stories H. W. Brands, T. H. Breen, R. Hal Williams, 2014-03-31 Explore America's rich and complex past in this accessible presentation of American history Using a streamlined and powerful narrative, the authors take readers beyond an assortment of facts to tell the story of our nation. American Stories covers the essential elements and events in American history and uses significant incidents and episodes to reflect the dilemmas, choices, and decisions made by the American people as well as by their leaders. This title is available in a number of formats — digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. Stories of Later American History Wilbur F. Gordy, 2016-06-23 The Last French War had cost England so much that at its close she was heavily in debt. As England must now send to America a standing army of at least ten thousand men to protect the colonies against the Indians and other

enemies, the King, George III, reasoned, it is only fair that the colonists should pay a part of the cost of supporting it. The English Parliament, being largely made up of the King's friends, was quite ready to carry out his wishes, and passed a law taxing the colonists. This law was called the Stamp Act. It provided that stamps--very much like our postage-stamps, but costing all the way from one cent to fifty dollars each--should be put upon all the newspapers and almanacs used by the colonies, and upon all such legal papers as wills, deeds, and the notes which men give promising to pay back borrowed money.

The Alamo Story J. R. Edmondson, 2022-07-15 First published in 2000, J. R. Edmondson's *The Alamo Story: From Early History to Current Conflicts* thoroughly examines the famous Shrine of Texas Liberty from its origin as a Spanish New World mission to its modern status. It has been lauded as the "best and most readable" of all historical accounts devoted to the legendary mission-fortress. The original edition has been celebrated for over twenty years for its comprehensive approach to Alamo scholarship and for presenting the famous battle in the context of both American and Mexican history. This second edition of *The Alamo Story* includes new information about the battle and those involved, including expanded stories on the roles of minorities and some illustrations by noted artist Mark Lemon. The book also features a new chapter on Benjamin Rush Milam's assault on San Antonio with only three hundred Texans, the battle that set the stage for the siege of the Alamo less than three months later. And there is an extensive epilogue on the present-day conflicts about the physical Alamo compound, as historic preservationists clash with political and popular opinions in San Antonio.

History&sorty Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to

download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading History&sorty free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading History&sorty free PDF files of magazines,

brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading History&sorty free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading History&sorty. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the

source before downloading History&sorty any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About History&sorty Books

1. Where can I buy History&sorty books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available?
Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a History&sorty book to read?
Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of

History&sorty books?
Storage: Keep them away from direct sunlight and in a dry environment.
Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them?
Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection?
Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are History&sorty audiobooks, and where can I find them?
Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry?
Buy Books: Purchase books from authors or

independent bookstores.
Reviews: Leave reviews on platforms like Goodreads or Amazon.
Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join?
Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read History&sorty books for free?
Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
