But Still Like Air Velina Houston, 2010-06-17 In this pathbreaking volume, Velina Hasu Houston gathers together eleven plays that speak in the hybridized, unique American voices of Asian descent -- and often dissent. These writers resist the bigotry that attempts to target them solely as people of color as well as the homogenizing tendencies of a multiculturalism that fails to recognize the varied make-up of Asian America. Anthologized for the first time, these plays testify to the rich complexity of Asian American experience while they also demonstrate the different styles and thematic concerns of the individual playwrights. What are Asian American plays about? Family conflicts, sexuality, social upheaval, betrayal ... the stuff of all drama. Whether the characters are a middle-aged Taiwanese woman who is married to an Irish American and who dreams of opening a Chinese restaurant, a Chinese American female bond trader trying to survive a corporate takeover, or an ABC (American Born Chinese) gay man whose lover has AIDS, their Asian-ness is only a part of their story. As a playwright, Houston is keenly aware of the rigid formulas that often exclude writers of color and women writers from mainstream theater. But Still, Like air, I'll Rise brings forth vibrant new work that challenges producers and audiences to broaden their expectations, to attend to the unfamiliar voices that expresses the universal and particular vision of Asian American playwrights.

The Power of Pictures Beth Olshansky, 2008-04-18 In *The Power of Pictures* book and companion DVD, Beth Olshansky introduces teachers to her innovative art-based approach to literacy instruction. Widely practiced in classrooms across the country, the model has been proven by research to improve literacy achievement with a wide range of learners, especially those who struggle with verbal skills. At the heart of her approach is the Artists/Writers Workshop. Through study of quality picture books and hands-on art experiences, students learn to visualize, "paint pictures with words," and ultimately create their own extraordinary artistic and literary work. The book and DVD explain how any teacher can successfully use this process to enable all students, particularly low performers, to make dramatic gains in both reading and writing.

Ishiro Honda Steve Ryfle, 2018-04-10 "An appreciation of Japanese fantasy-film history through the eyes of a filmmaker whose name is obscure but populism remains influential." —Chicago Tribune Ishiro Honda, arguably the most internationally successful Japanese director of his generation,

made an unmatched succession of science fiction films that were commercial hits worldwide. From the atomic allegory of Godzilla and the beguiling charms of Mothra to the tragic mystery of Matango and the disaster and spectacle of Rodan, The Mysterians, King Kong vs. Godzilla, Honda's films reflected postwar Japan's anxieties and incorporated fantastical special effects, a formula that created an enduring pop culture phenomenon. Now, in the first full account of this overlooked director's life and career, Steve Ryfle and Ed Godziszewski shed new light on Honda's work and the experiences that shaped it—including his days as a reluctant Japanese soldier, witnessing the aftermath of Hiroshima, and his lifelong friendship with Akira Kurosawa. The book features close analysis of Honda's films (including, for the first time, his rarely seen dramas, comedies, and war films) and draws on previously untapped documents and interviews to explore how creative, economic, and industrial factors impacted his career. Fans of Godzilla and tokusatsu (special effects) film, and of Japanese film in general, will welcome this in-depth study of a highly influential director who occupies a uniquely important position in science fiction and fantasy cinema, as well as world cinema. "Provides the reader with a lasting sense of the man—his temperament, values, philosophies, dreams, and disappointments?behind some of cinema's most beloved characters." —Film Comment
