In the thirteen darkly audacious stories of *Parallel Hells* we meet a golem, made of clay, learning that its powers far exceed its Creator's expectations; a ruined mansion which grants the secret wishes of a group of revellers and a notorious murderer who discovers her Viking husband is not what he seems. Asta is an ancient being who feasts on the shame of contemporary Londoners, who now, beyond anything, wishes only to fit in with a group of friends they will long outlive. An Oxford historian, in bitter competition with the rest of her faculty members, discovers an ancient tome whose sinister contents might solve her problems. Livia orchestrates a Satanic mass to distract herself from a recently remembered trauma and two lovers must resolve their differences in order to defy a lethal curse.
