*Mister B. Gone* Clive Barker, 2009-10-13 You hold in your hands not a book at all, but a terrifying embodiment of purest evil. Can you feel the electric tingle in your fingers as you are absorbed by the demon Jakabok's tale of his unintentional ascent from the depths of the Inferno? Do you sense the cold dread worming its way into your bloodstream, your sinews, the marrow of your bones as you read more deeply into his earthly education and unspeakable acts? The filth you now grasp has been waiting patiently for you for nearly six hundred years. And now, before you are completely in its thrall, you would do well to follow the foul creature's admonition and destroy this abomination of ink and paper before you turn a single leaf and are lost forever. You have been warned.

*Horror Movie Freak* Don Sumner, 2010-07-14 You'll scream with delight while reading this fun and engaging book that discusses fright flicks all horror fans need to see to ascend to the level of a true Horror Freak —from classics (Dracula and Psycho) to modern movies (Drag Me to Hell) and lesser-known gems (Dog Soldiers). Movies are divided into various categories including Asian horror, beginners, homicidal slashers, supernatural thrillers, and zombie

invasion. Features more than 130 movies, 250+ photos of movie stills and posters, and a chapter on remakes and reimaginings. The book also includes the DVD of George A. Romero's original 1968 version of Night of the Living Dead.

**Post-Horror** David Church, 2021-02-01 Horror's longstanding reputation as a popular but culturally denigrated genre has been challenged by a new wave of films mixing arthouse minimalism with established genre conventions. Variouslly dubbed 'elevated horror' and 'post-horror,' films such as The Babadook, It Follows, The Witch, It Comes at Night, Get Out, The Invitation, Hereditary, Midsommar, A Ghost Story, and mother! represent an emerging nexus

of taste, politics, and style that has often earned outsized acclaim from critics and populist rejection by wider audiences. Post-Horror is the first full-length study of one of the most important and divisive movements in twenty-first-century horror cinema.

We Don't Go Back Howard David Ingham, Jon Dear, Monique H. Lacoste, Simeon Smith, Daniel Pietersen, 2018-07-08 Secret, strange, dark, impure and dissonant...Enter the haunted landscapes of folk horror, a world of pagan - village conspiracies, witch finders, and teenagers awakening to evil; of dark fairy tales, backwoods cults and obsolete technologies. Beginning with the classics *Night of the Demon*, *Witchfinder General*, *The Wicker Man* and *Blood on Satan's Claw*, *We Don't Go Back* surveys the genre of screen folk horror from across the world. Travelling from *Watership Down* to *The Texas Chain Saw Massacre*, with every stop inbetween, *We Don't Go Back* is a thoughtful, funny and essential overview of folk horror in TV and cinema. A beautiful rumination on the dark films and television that shaped me and a generation of odd children, for good or ill, worth a year of your time, because you won't just read the book, you'll feel a burning desire to watch everything mentioned within. - Robin Ince A comprehensive, accessible and often riotously funny tome weaving together folk horror in all its forms, from British television to the American backwoods, from Eastern European fairytales to the vengeful ghosts of East Asia. Ingham explores uncanny landscapes haunted by things buried, old cultures converging with the reluctance of contemporary reason, that very tension that gives his book its name. He attempts to both define folk horror and free it from definition, creating the ultimate guide to the genre's manifestations on film and offering a convincing argument as to why the genre resonates so compellingly with people today. - Kier-La Janisse,

author of House of Psychotic Women

In a Dark, Dark Room and Other Scary Stories Alvin Schwartz, 1985-10-02  
Creak... Crash... BOO! Shivering skeletons, ghostly pirates, chattering corpses, and haunted graveyards...all to chill your bones! Share these seven spine-tingling stories in a dark, dark room.

**Horror Films – Virgin Film** James Marriott, 2012-03-31 From the Slick horror of Alien, Scream and The Ring and the cult classics Dracula, Frankenstein and The Mummy to the slasher icons Jason, Freddy and Leatherface, horror just won't stay dead. The genre has earned its place in the moviegoing psyche, with many of the key films spawning numerous copycats. But what are the 20 most influential horror films of all time? And what made them so important? James Marriott give an incisive account of the definitive works (and the most influential directors) of the genre over the last 80 years – from silent Expressionist classics to Japanese wraiths. The book reveals the inspiration behind each film and examines the choice of director, cast, soundtrack and marketing. Marriott analyzes the critical reception of each film and examines the subsequent impact on the industry and the public worldwide.

Barcelona's Multiverse Lluís Bussé, 2012 Lluís Bussé's black-and-white photographs of iconic sights around the city of Barcelona come with a twist: this is the Barcelona of a parallel universe. Each image is a collage creating surprising conjunctions. The book also contains texts from scientists around the world, as well as Bussé's own story.

**Cinemagogue** James Harleman, 2012-12 Understand the shared story in which we all play a part. Connect human creativity with the impulse of our Creator. Explore the relationship between images and imaging God. Do you like movies? Are you a cinephile? Do your friends consult YOU instead of IMDB? Were you

raised on television? Spend hours talking cinema? This book is definitely for you. If you're a casual consumer who thinks Hollywood exists simply for diversion, this book may change your life. I am a Junior film and Television student... your interpretations of the films have helped formed the kind of filmmaker I am becoming, and also the way I experience films. Humans crave narrative and usually don't stop to question why. Are we perhaps created to consume story, to create story, because we're image bearers of a Master Storyteller? In this book, movies meet God at the multiplex as the author challenges readers to redefine entertainment, understand the story they're in, and experience a new integrated level of spirituality and entertainment. You actually look at the film aspects and see how the artist's worldview really comes through. What can we learn about God from Doctor Who and Han Solo? What are people like Jon Stewart and even Michael Bay helping us understand about story, good and bad? Peppered with movie quotes and metaphors, journey through the incredible changes film and storytelling have had on 21st century culture. Instead of an overly-academic offering on film and faith, Cinemagogue weaves a narrative from the author's own pop culture saturated life to the Greatest Story Ever Told, from Superman to Citizen Kane, Bertrand Russell to John Frame, Kurt Vonnegut to the apostle Paul, from our favorite narrative to our shared meganarrative. ...I grew up on television in the 80s and relate to the context you grew up in.... I thank God for you and your ability to glorify him in everything, no matter what. Classic notions of story structure, monomyth and universally shared themes in both popular and classic tales are examined in light of ancient scripture. From there, readers can see the genesis of creativity and worldview distortions from which conversation can bring us back to the future. After a

dirty dozen examples of popular film in chapter five (with questions for discussion) the book tackles common objections with genre and content: horror movies, foul language, violence, sexuality, magic and more... and how many traditional objections are overshadowed by incredible opportunities for those brave enough to overcome fear and wade into the culture stream, secure in their faith. Your talk was one of the final confirmations of our move to Los Angeles to re-engage the film business by getting upstream in culture and trying to influence from the top down. Worked as an assistant on a TV series for a year, and now I'm working at a digital marketing agency that does a ton of film/TV work, as well as writing/producing my own projects. The book ends with a call and commission to those who consider themselves spiritual and religious to get their heads out of the sand, to start realizing and utilizing the power of narrative. ...really convicted me in both the movie and gaming arena to analyze what I am watching/playing and why. I had almost zero discernment before stumbling onto your series... A requested resource by movie-goers, movie-makers, pastors and teachers, Cinemagogue is an extension of a website and podcast, providing a how-to for those who want to experience the transforming power inherent in all story. Listening to your podcasts... opened my eyes to examine what I watch even closer. Take your entertainment seriously while simultaneously having more fun with it than ever before. Learn how to watch to glorify, to be edified, and possibly to evangelize. Even better, create to

*Nightmare Fuel* Nina Nesseth,2022-07-26 *Nightmare Fuel* by Nina Nesseth is a pop-science look at fear, how and why horror films get under our skin, and why we keep coming back for more. Do you like scary movies? Have you ever wondered why? Nina Nesseth knows what scares you. She also knows why. In *Nightmare Fuel*, Nesseth explores the strange and often unexpected science of fear through the lenses of psychology and physiology. How do horror films get under our skin? What about them keeps us up at night, even days later? And why do we keep coming back for more? Horror films promise an experience:

fear. From monsters that hide in plain sight to tension-building scores, every aspect of a horror film is crafted to make your skin crawl. But how exactly do filmmakers pull this off? The truth is, there's more to it than just loud noises and creepy images. With the affection of a true horror fan and the critical analysis of a scientist, Nesseth explains how audiences engage horror with both their brains and bodies, and teases apart the elements that make horror films tick. Nightmare Fuel covers everything from jump scares to creature features, serial killers to the undead, and the fears that stick around to those that fade over time. With in-depth discussions and spotlight features of some of horror's most popular films—from classics like The Exorcist to modern hits like Hereditary—and interviews with directors, film editors, composers, and horror academics, Nightmare Fuel is a deep dive into the science of fear, a celebration of the genre, and a survival guide for going to bed after the credits roll. "An invaluable resource, a history of the horror genre, a love letter to the scary movie—it belongs on any horror reader's bookshelf." —Lisa Kröger, Bram Stoker Award-winning author of Monster, She Wrote At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
