The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Clicked Patrick Jones, 2016-03-22 Three years ago, Carson's sister ran away. Now he's found her—on a porn site. High-school senior Carson Banks is trying to find out what he wants to do with his life, wanting to move forward, though a part of him is firmly rooted in the day his life changed forever. The day his older sister Caitlin ran away, and disappeared without a trace. Then, he finds her—on an Internet porn site. Deciding that finding Caitlin and bringing her home is the only thing he can do, Carson embarks on a quest that ends up changing him as much as Caitlin seems to have changed herself. Coping with the knowledge that he can't share with the rest of his family—yet—Carson writes thinly veiled autobiographical stories to help himself better understand Caitlin and why she left home. And, while using every opportunity he has to find Caitlin and talk to her, Carson's typical teenage life goes on. Girlfriend. Family. School. Friends. Things he did in the past that he's not too proud of. It's a busy senior year, but he'll count it a win—if he can locate her, learn exactly what happened on the day she left and convince Caitlin to come home.

Body Not Recovered Alan Spector, 2015-10-03 On June 17, 1966, the author's high school classmate, M. J. Savoy, was killed in a military plane crash into the South China Sea off the coast of Vietnam. The search for M. J. and his crewmates was unsuccessful, and each has since been listed as Killed in Action/Body Not Recovered. But what if M. J. did not really die in that crash? What if it were staged for some reason? Body Not Recovered is inspired by and dedicated to M. J. Savoy. When 1964 University City graduate and teenage loner, JR Spears, enlists to fight in Vietnam for the noblest of reasons, he begins a journey that takes him from committed warrior to reluctant soldier to underground antiwar leader. Confronted by a conflict they increasingly find abhorrent and unjust, Spears and a small cadre of comrades conspire, with both commitment and foreboding, to stage a helicopter crash, fake their deaths, and surreptitiously return to the states to join the protest movement. These deserters are not the only ones who risk their lives and personal freedom or whose families are ravaged by the war. When Maggie Blessing's brother is killed in action, she runs away from home to join the antiwar movement, leaving her mourning parents. John Muccelli, Spears's high school classmate, fulfills his lifelong dream of becoming an FBI agent, only to be conflicted by the illegal tactics he is ordered to use to hunt down protest instigators. Bernice Williams, Maggie's mentor and lover, turns from influential antiwar leader to zealous bomber to victim of

her own fanaticism. The war, the protests, these characters, and the soul of a nation converge in the supercharged 1960s and 1970s environment of the Bay Area.
