New York Magazine ,1997-07-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Backpacker ,2000-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Life in the Studio Frances Palmer,2020-10-06 “Roll-up-your-sleeves advice on throwing pottery, growing dahlias, cooking her tried-and-true recipes, and everything in between.” —Martha Stewart Living “Suited to any type of creative, offering up lessons on inspiration and creativity that are sure to bring out your inner talent.” —House Beautiful, Best New Design Books What makes a creative life? For an artist like Frances Palmer, it's knitting all of one's passions—all of one's creativity—into the whole of life. And what an inspiration it is. A renowned potter, an entrepreneur, a gardener, a photographer, a cook, a beekeeper, Palmer has over the course of three decades

caught the attention not only of the countless people who collect and use her ceramics but also of designers and design lovers, writers, and fellow artists who marvel at her example. Now, in her first book, she finally tells her story, in her own words and images, distilling from her experiences lessons that will inspire a new generation of makers and entrepreneurs. *Life in the Studio* is as beautiful and unexpected as Palmer's pottery, as breathtakingly colorful as her celebrated dahlias, as intimate as the dinners she hosts in her studio for friends and family. There are insights into making pots—the importance of centering, the discovery that clay has a memory. Strategies for how to turn a passion into a business—the value to be found in collaboration, what it means to persevere, how to develop and stick to a routine that will sustain both enthusiasm and productivity. There are also step-by-step instructions (for throwing her beloved Sabine pot, growing dahlias, building an opulent flower arrangement). Even some of her most tried-and-true recipes. The result is a portrait of a unique artist and a singularly generous manual on how to live a creative life.

Origami for Christmas Chiyo Araki, 1986 This text meshes the Japanese art of paper folding with the Western tradition of handmade Christmas decorations.

Origami Design Secrets Robert J. Lang, 2011-10-05 The magnum opus of one of the world's leading origami artists, the second edition of *Origami Design Secrets* reveals the underlying concepts of origami and how to create original origami designs. Containing step-by-step instructions for 26 models, this book is not just an origami cookbook or list of instructions—it introduces the fundamental building blocks of origami, building up to advanced methods such as the combination of uniaxial bases, the circle/river method, and tree theory. With corrections and improved illustrations, this new expanded edition also covers uniaxial box pleating, introduces the new design technique of hex pleating, and describes methods of generalizing polygon packing to arbitrary angles. With

coverage spanning the foundations of origami construction and advanced methods using both paper and pencil and custom-built free software, Origami Design Secrets helps readers cultivate the intuition and skills necessary to develop their own designs. It takes them beyond merely following a recipe to crafting a work of art.
