**The Art of Eric Carle** Eric Carle,2021-03-09 Carle is one of the most beloved illustrators of children's books. This retrospective is more than just an appreciation of his art, however. The book also contains an insightful autobiography illustrated with personal photographs, an anecdotal essay by his longtime editor, a photographic essay on how Carle creates his collages, and writings by Carle and his colleagues. Still, it is the artwork in the oversize volume that seizes the imagination. More than 60 of his full-color collage pictures are handsomely reproduced and serve as a statement of Carle's impressive talent. - Booklist

**Sticks and Stones** Melissa Lennig, 2019-05-07 Sticks and Stones presents a treasure trove of building and engineering ideas for children to employ in the great outdoors using the materials made readily available to them, from cabins and tipis to bridges and dams. Many smaller scale projects are included, too—such as how to make ochre paint with shale, make a fishing pole, and carve a marshmallow roasting stick. Opportunities and materials for constructive play exist everywhere in nature. Author Melissa Lennig (of the blog Fireflies and Mud Pies) introduces today's screen-overloaded kids to this world of fun waiting just outside the door. Whether camping or hanging out in the back yard, children will marvel at the wonderful, useful tools and playthings they can create with natural objects. Sticks and Stones details various designs for the ever-popular fort (cabins, tipis, survival shelters, etc.) and also covers structures such as bridges, fences, and dams, while explaining the STEAM principles behind each. In addition to structures, there are other ideas and projects for camping and the backyard, like a fire ring (explaining the types of fires, airflow, and safety), the always useful tripod, a travois, a rock garden, and toy boats. Along the way, there are multi-leveled reading opportunities in the form of quick features on considerations like mindfulness, campfire safety, mini STEAM design challenges, and more. Sticks and Stones is an essential resource for every

junior outdoor adventurer.

Formational Children's Ministry (ēmerſion: Emergent Village resources for communities of faith) Ivy Beckwith, 2010-01-01 Much ministry to children looks more like mere entertainment than authentic spiritual formation. But what if children's ministries were rooted in a mind set whereby we taught children, with our words and actions, how the story of God, the story of church history, the story of the local community, and the story of the child intersect and speak to one another? What if children's ministry was less about downloading information into kids' heads and more about leading them into these powerful, compelling stories? Beckwith aims to help ministers and parents create a ministry that captures children's imaginations not just to keep them occupied, but to live as citizens of the kingdom of God. In addition to providing theological reasons for formational children's ministry, the book offers examples of how Ivy and other practitioners are implementing a formational model.

*The Nonsense Show* Eric Carle, 2022-06-07 A TIME Magazine Top 10 Children's Book of 2015! Ducks growing out of bananas? A mouse catching a cat? What's wrong with this book from the creator of The Very Hungry Caterpillar? Yes, there's something strange, something funny and even downright preposterous on

every page of this book. But it's not a mistake – it's nonsense! And it's also surrealism. Nonsense lies at the heart of many beloved nursery rhymes. Children readily accept odd statements like “the cow jumped over the moon” and “the dish ran away with the spoon.” This fanciful bending of reality is also basic to surrealism. In this book, nonsense and surrealism combine to spark creativity and imagination. What's true? What's impossible? What's absolutely absurd? From Eric Carle, creator of the classic, *The Very Hungry Caterpillar*, comes a book to make children laugh and think, preparing them for a lifetime of loving both words and art. Following on the heels of *The Artist Who Painted a Blue Horse* (an homage to the artist Franz Marc and expressionism) and *Friends*, with its semi-abstract artwork, *The Nonsense Show* forms a trilogy of sorts, dedicated to introducing young readers to different styles of artwork without ever overlooking the need to, first and foremost, appeal to children and their love of play. One of the true legends and pioneers of picture book making continues to expand and challenge the genre. Praise for *The Nonsense Show* \* Carle creates fun and laughter in this homage to the surrealist artist René Magritte. [P]erfect for storytimes and silly times all round. Carle hits it out of the nonsense park!—Booklist, starred review \* A sure hit as a read-aloud and a definite purchase for picture book collections.—School Library Journal, starred review \* A picture book made to incite pleasure and joy.—Kirkus Reviews, starred review \* [The Nonsense Show], with its cleanly designed white pages, makes the unexpected elements

of the imagery stand out and prompts questions and wonder.—Horn Book, starred review
