Birding Without Borders Noah Strycker,2017 In 2015, Noah Strycker, a young American birder, became the first person to see more than half of the 10,000 bird species on planet Earth in one year. Traveling to forty-one countries on seven continents with just a small backpack, a pair of binoculars, and a series of one-way tickets, Noah not only set a new world record, he also captured the hearts and imaginations of people all over the world.

Cash Machine Charges Great Britain. Parliament. House of Commons. Treasury Committee,2005 About one third of ATMs now make direct charges to consumers, and in 2004 it is estimated that UK consumers paid £140 million in charges made whilst accessing funds through cash machines. The Committee's report examines the principle and increasing trend towards charging, the clarity of presentation of these charges to the consumer, the likely impact on financial exclusion and low-income households, and key areas for action from government, regulators and the industry. Findings include that although there has been an increase in free machines as well as charging machines, their location and the lack of transparency about which machines make charges hinders genuine competition and consumer choice. Recommendations include that there should be a clearer indication of the amount of surcharge on external signage with standardised labelling for all free and charging machines. The LINK network agreement needs to improve consumer representation and its enforcement mechanisms. The trend towards ATM charges should not be allowed to exacerbate existing financial exclusion, and the Government should ensure that the switch to direct payment of benefits does not disadvantage recipients in their access to cash.

Governing at Home Michael Nelson,Russell L. Riley,2011-09-01 Domestic policy issues are neglected by the president only at considerable risk, since policies in health care, education, welfare, the environment, and civil rights deeply affect the lives of ordinary Americans. This groundbreaking book on White House domestic policymaking is the first to draw upon both the experiences of former presidential advisers and the expertise of leading presidency scholars to explain how policies reflect campaign promises, emerge and evolve, and are sold to the American people. Covering six administrations from Richard Nixon through George W. Bush-with ample references to Barack Obama-it interweaves those insider and outsider perspectives to convey an eye-opening understanding of the policymaking process and the factors that influence it. The contributors here offer an unusual balance of practical wisdom and social science knowledge. Their insights address a number of key questions throughout the book: What role does the presidential campaign have in shaping the subsequent activity of the White House? How are the specifics of domestic policy, and priorities, established once a president is elected? Who, and what, is routinely involved in trying to sell domestic policy preferences to the American people? And what lessons can be learned from past successes and failures to enhance the ability of future presidents to succeed? If there is a single overarching lesson to be drawn from this volume, observes contributor Bruce Miroff, it might be the following: domestic policymaking is hard. These policy advisers know firsthand just how hard it is, and the lack of partisanship in their comments is striking and reassuring. Their accounts of lessons learned from the Oval Office will be especially valuable for years to come for scholars and students who wish to be acquainted with the real job of governing at home.

Fargo Rock City Chuck Klosterman,2007-11-01 Empirically proving that—no matter where you are—kids wanna rock, this is Chuck Klosterman's hilarious memoir of growing up as a shameless metalhead in Wyndmere, North Dakota (population: 498). With a voice like Ace Frehley's guitar, Klosterman hacks his way through hair-band history, beginning with that fateful day in 1983 when his older brother brought home Mötley Crüe's *Shout at the Devil*. The fifth-grade Chuck wasn't quite ready to rock—his hair was too short and his farm was too quiet—but he still found a way to bang his nappy little head. Before the journey was over, he would slow-dance to Poison, sleep innocently beneath satanic pentagrams, lust for Lita Ford, and get ridiculously intellectual about Guns N' Roses. C'mon and feel his noise.

The Storied Life of A. J. Fikry Gabrielle Zevin,2014-04-01 NOW A MAJOR MOTION PICTURE A New York Times Bestseller "Funny, tender, and moving, *The Storied Life of A. J. Fikry* reminds us all exactly why we read and why we love." —Library Journal, starred review A. J. Fikry's life is not at all what he expected it to be. He lives alone, his bookstore is experiencing the worst sales in its history, and now his prized possession, a rare collection of Poe poems, has been stolen. But when a mysterious package appears at the bookstore, its unexpected arrival gives Fikry the chance to make his life over--and see everything anew. "This novel has humor, romance, a touch of suspense, but most of all love--love of books and bookish people and, really, all of humanity in its imperfect glory." —Eowyn Ivey, author of *The Snow Child* "Marvelously optimistic about the future of books and bookstores and the people who love both." —The Washington Post "You won't want it to end." —Family Circle "A natural for book groups." —Richmond Times-Dispatch "A reader's paradise of the first order." —The Buffalo News "A fun, page-turning delight." —Minneapolis Star Tribune "Captures the joy of connecting people and books . . . Irresistible." —Booklist "A wonderful, moving, endearing story of redemption and transformation that will sing in your heart for a very, very long time." —Garth Stein, author of *The Art of Racing in the Rain* "Readers who delighted in *The Guernsey Literary and Potato Peel Pie Society*, *The Unlikely Pilgrimage of Harold Fry*, and *Letters from Skye* will be equally captivated by this novel." —Library Journal, starred review

Seventeen Contradictions and the End of Capitalism David Harvey, 2014-03-07 What I am seeking here is a better understanding of the contradictions of capital, not of capitalism. I want to know how the economic engine of capitalism works the way it does, and why it might stutter and stall and sometimes appear to be on the verge of collapse. I also want to show why this economic engine should be replaced, and with what. --from the Introduction To modern Western society, capitalism is the air we breathe, and most people rarely think to question it, for good or for ill. But knowing what makes capitalism work--and what makes it fail--is crucial to understanding its long-term health, and the vast implications for the global economy that go along with it. In *Seventeen Contradictions and the End of Capitalism*, the eminent scholar David Harvey, author of *A Brief History of Neoliberalism*, examines the internal contradictions within the flow of capital that have precipitated recent crises. He contends that while the contradictions have made capitalism flexible and resilient, they also contain the seeds of systemic catastrophe. Many of the contradictions are manageable, but some are fatal: the stress on endless compound growth, the necessity to exploit nature to its limits, and tendency toward universal alienation. Capitalism has always managed to extend the outer limits through spatial fixes, expanding the geography of the system to cover nations and people formerly outside of its range. Whether it can continue to expand is an open question, but Harvey thinks it unlikely in the medium term future: the limits cannot extend much further, and the recent financial crisis is a harbinger of this. David Harvey has long been recognized as one of the world's most acute critical analysts of the global capitalist system and the injustices that flow from it. In this book, he returns to the foundations of all of his work, dissecting and interrogating the fundamental illogic of our economic system, as well as giving us a look at how human societies are likely to evolve in a post-capitalist world.

ATM Sex Alan Lord, 2011 ATM SEX is a furious collection of satirical sketches and fearless social commentary that manages to skewer everyone and everything under the sun, often employing the absurd lingo of advertising. It makes fun of the doomed dysfunctional interplay between the sexes, and kicks the ass of our crackpot lifestyles, hysterical consumerism, and overreliance on technogeekery and media-drooling, which are supposed to solve our pathetic lives dominated by tragic consumerism, arrogant gadget-diddling, and rampant narcissism. In Alan Lord, we have finally found an unapologetic un-Canadian over-the-topper, willing to throttle the myriad squawkboxes of our out-of-control dumbed-down zeitgeist.

That Silver Lining: The Past Returns C.A. Staff, 2016-10-24 That Silver Lining is the complete and improved version of a story that began with *September's Child* - the best selling, remarkably true story of an abused little girl. Anna / Eva The *September's Child* entire story's ultimate purpose is abuse awareness. Neglect and abuse can happen in any home. This is the trilogy that includes all three books. That Silver Lining is the final chapter. With That Silver Lining the once little girl, now C.A. Staff, revisits her past by rewriting her first two books, using her given name. (Only her adopted family name is made up.) Mrs. Staff carries on with the third, concluding with dealing with the present. This all in one version includes in depth details of C.A. Staff's childhood, and should not be read by those who may be timid. From neglect to abuse this little hero survived it all. She learned to become an emotionless child, to live another day, ultimately to tell her story. A story stained with tears, and filled with heart aches that haunt her yet today.

Much Ado About Jessie Kaplan Paula Marantz Cohen, 2007-04-01 Paula Marantz Cohen's triumphant first novel, Jane Austen in

Boca, was an inspired blend of classic English literature and modern American manners. Her new novel heads north to the seemingly quiet suburban town of Cherry Hill, New Jersey, for a comedy that even Shakespeare couldn't have imagined. Carla Goodman is worried. Her husband, a gastroenterologist in private practice, is coming home frazzled because medicine isn't what it used to be. Her son's teachers want to put him on Ritalin to stop him from wreaking havoc on the fifth grade. And her cranky twelve-year-old daughter has a bas mitzvah coming up. But it's Carla's sweet, widowed mother, Jessie Kaplan, who really has her baffled. Jessie has suddenly remembered that she was Shakespeare's girlfriend---the Dark Lady of the sonnets---in a previous life. Can even the famed Dr. Leonard Samuels, psychiatrist and author of the self-help book How I Stopped Worrying and Learned to Love My Mother-in-Law, help with problems like these? Witty, engaging, and wickedly observant, Much Ado About Jessie Kaplan is an unpredictable tale of love, loss, and family rites of passage.
