Out of Sorts Sarah Bessey, 2015-11-03 From the popular blogger and provocative author of *Jesus Feminist* comes a riveting new study of Christianity that helps you wrestle with—and sort out—your faith. In *Out of Sorts*, Sarah Bessey—award-winning blogger and author of *Jesus Feminist*, which was hailed as “lucid, compelling, and beautifully written” (Frank Viola, author of *God’s Favorite Place on Earth*)—helps us grapple with core Christian issues using a mixture of beautiful storytelling and biblical teaching, a style well described as “narrative theology.” As she candidly shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it is rather than what we want it to be—she teaches us how to walk courageously through our own tough questions. In the process of gently helping us sort things out, Bessey teaches us how to be as comfortable with uncertainty as we are with solid answers. And as we learn to hold questions in one hand and answers in the other, we discover new depths of faith that will remain secure even through the storms of life.

The All Sorts Of Stories Book (Illustrated & Annotated Edition) Andrew Lang, 2012 For a generation Andrew Lang has delighted the children, and grown-ups too for that matter, with his fairy books. This is of a new sort, for the tales are of many different kinds. Some are true, like the history of the man who met in America the other man whom he had seen hanged for murdering in England. Then we have several stories of adventure that happened to historic personages, besides stories of treasure hunts, Greek mythology, wild witches and red Indians. There are no more delightful fairy tales than those written, translated and adapted by Andrew Lang. He has eliminated the gruesomeness from the old best loved fairy tales, and introduced many less familiar tales of other lands, equally fascinating. These books should be given to every child. — *American Motherhood*. This book is fully illustrated and annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer.

An Archive of Taste Lauren F. Klein, 2020-05-12 A groundbreaking synthesis of food studies, archival theory, and early American literature There is no eating in the archive. This is not only a practical admonition to any would-be researcher but also a methodological challenge, in that there is no eating-or, at least, no food-preserved among the printed records of the early United States. Synthesizing a range of textual artifacts with accounts (both real and imagined) of foods harvested, dishes prepared, and meals consumed, *An Archive of Taste* reveals how a focus on eating allows us to rethink the nature and significance of aesthetics in early America, as well as of its archive. Lauren F. Klein considers eating and early American aesthetics together, reframing the philosophical work of food and its meaning for the people who prepare, serve, and consume it. She tells the story of how eating emerged as an aesthetic activity over the course of the eighteenth century and how it subsequently transformed into a means of expressing both allegiance and resistance to the dominant Enlightenment worldview. Klein offers richly layered accounts of the enslaved men and women who cooked the meals of the nation's founders and, in doing so, directly affected the development of our national culture—from Thomas Jefferson's emancipation agreement with his enslaved chef to Malinda Russell's *Domestic Cookbook*, the first African American-authored culinary text. The first book to examine the gustatory origins of aesthetic taste in early American literature, *An Archive of Taste*

shows how thinking about eating can help to tell new stories about the range of people who worked to establish a cultural foundation for the United States.

Jesus, My Father, the CIA, and Me Ian Morgan Cron, 2011-06-06 A touching memoir of life with an alcoholic father who secretly works with the CIA, a dark pilgrimage through the valley of depression and addiction, and finding a faith to redeem and a strength to forgive. This is a record of my life as I remember it—but more importantly, as I felt it. At the age of sixteen, Ian Morgan Cron was told by his mother that his father, a motion picture executive, worked with the CIA in Europe. This astonishing revelation, coupled with his father's dark struggle with alcoholism, upended the world of a teenager struggling to become a man. Born into a family of privilege and power, Ian's life is populated with colorful people and stories as his father takes the family on a wild roller-coaster ride through wealth and poverty and back again. Decades later, as he faced his own personal demons, Ian

realized that the only way to find peace was to voyage back through a painful childhood marked by extremes—privilege and poverty, violence and tenderness, truth and deceit—that he’d spent years trying to escape. A fast-paced, unique memoir about the power of forgiveness from the bestselling author of *The Road Back to You* Details his father’s struggle with alcohol and Cron’s own journey from addiction to twenty-three years of sobriety Encouragement to see God’s redemptive power through life’s struggles In this surprisingly funny and forgiving memoir, Ian reminds us that no matter how different the pieces may be, in the end we are all cut from the same cloth, stitched by faith into an exquisite quilt of grace.
