*The Strange Case of Origami Yoda (Origami Yoda #1)* Tom Angleberger,2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda

predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." *Paper Crafts for Grown Ups - Step by Step Illustrated Explanations* Jhon Dewalt, 2021-01-27 Making things with paper used to be an activity that kids did with their teachers or at home on rainy days to keep them occupied. But for many adults paper crafting is a serious hobby. Making beautiful things out of paper can be simple or quite complex depending how advanced you are in the hobby of Paper Crafts. You can do endless things with different types of paper. From, scrap booking, to making cards, flowers, origami, paper cutting, and all kinds of decorations. As you can see there are many things one can do creatively with paper. When it comes to paper crafting there is a multitude of projects, techniques and supplies one can use to achieve a work of art made from paper. Paper crafts no longer means just hanging streamers for a party or drawing a sketch on a folded piece of paper for

a birthday card. With all the possibilities available in the world of paper crafting today one can take virtually any plain piece of paper and make it into a thing of beauty. Even though most projects do come with instruction and techniques one gets the most satisfaction when they let their own creative touches enter the equation. Many people who think they do not have a creative bone in their body start to paper craft and are surprised with what they add to a basic project. What happens is the more a person crafts like anything else the better they become and then they start to experiment. The person starts to then experiment with the tried and true paper crafts; and as they master them and the results really start to become paper works of art. For those who really feel they have NO artistic bones in their bodies there is things like rubber stamping to create paper things with. So the possibilities are there for those who want an easy inexpensive hobby. When you begin paper crafting like anything else start with the easier projects first. After you get used to them you can advance at your own pace. The possibilities are endless and it will open up the creative side of your personality.

**Darth Paper Strikes Back (Origami Yoda #2)** Tom Angleberger, 2012-08-07 The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda*! It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* STARRED REIVEW “Angleberger’s just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book's design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It's a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami*

Yoda. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as Dwight's friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made The Strange Case of Origami Yoda a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News
