FREDDY AND THE FLYING SAUCER PLANS WALTER R. BROOKS.,2023-06-01 Freddy the pig was lounging in front of the First Animal Bank of which he was president when Uncle Ben raced by with his two sets of flying saucer plans--one true and one false. With spies in full pursuit, Uncle Ben was naturally looking for a safe place to hide the plans--the true ones, of course. As usual, Freddy was ready to help. And, as always, Freddy digs into his disguises and comes up with a solution to the current problem--this time in the garb of a gypsy fortuneteller.

The Sacred Diary of Adrian Plass: Adrian Plass and the Church Weekend Adrian Plass,2013-04-11 Adrian has been trying to keep a low profile at

church but his son Gerald is now an Anglican vicar and the two churches are getting together for a joint weekend away. Now Adrian's been volunteered to run it... From the confusion of arrival when Anne is allocated to the top bunk with a schizophrenic recovery group, and Adrian is in a low-ceilinged 'pod' at the top of the tower, to the hugs and tears of departure, this is typical Plass, humorous and heartwarming in equal measure. Adrian has a simple conversation about birdlife that ends with him being accused of harassment, Leonard Thynn and his wife turn up just in time to leave again after falling out with the SatNav lady, and Gerald's wit just keeps getting the better of him. There are as many questions as answers, of course. Will poor Sally, the unwilling nomad of the community, ever find a proper bed to sleep in? What exactly is it about Adrian's twinkle that Minnie Stamp 'lovey-doves' so very much? And how do you cope when your daughter-in-law shares a secret you simply cannot, must not tell? Once again, Adrian Plass gets us laughing just long enough for the truth to slip in by the back door, and for all the mishaps, this new instalment of the Sacred Diary series once again shows just how good God is at caring for this mixed bag of people we call the church.

Teaching on a Shoestring Helen Lewis, Russell Grigg, 2018-09-14 In Teaching on a Shoestring: An A to Z of everyday objects to enthuse and engage children

and extend learning in the early years, Russell Grigg and Helen Lewis explore the educational value of familiar objects and suggest practical activities to help develop young learners' cross-curricular skills. We take many everyday objects for granted. But in a time of ever-tightening school budgets these objects can be invaluable in affording low-cost, high-impact opportunities for learning. With these value-for-money principles in mind, Russell and Helen have packed this practical A to Z handbook to the brim with fun facts, inspiring ideas and exciting activities to help teachers make the best use of familiar objects as launch pads for effective learning. Underpinned by solid theory, *Teaching on a Shoestring* investigates the learning potential of twenty-six inexpensive, readily available resources from apples to ice cubes to zebra-patterned fabric and shows how they can be exploited to develop in young learners the four skills widely regarded as essential in the twenty-first century: communication, collaboration, critical thinking and creativity. The book is organised into two parts: covering theory, then practice. In Part 1 the authors examine the nature of an object-rich learning environment and discuss the benefits of enquiry-based learning, in which the emphasis is upon promoting collaboration, dialogue and higher-order thinking in real-world contexts. In Part 2 the learning opportunities around the twenty-six objects are laid out in detail to illustrate how they can be put into practice. While the book focuses on object-based pedagogy employed with the under-sevens age category, many of the principles can also be applied

with older children. There is a common format for the enquiry into each object, arranged into the following sections: In a nutshell key background information about the object in its broader context; Did you know? interesting facts about the object; Ready key vocabulary, resources and health and safety factors to consider; Steady learning goals and intentions; Go activities which show how teachers can develop the four skills of communication, collaboration, critical thinking and creativity around the object; Other ideas follow-up cross-curricular ideas; and Find out more websites and other references for further information. Suitable for early years educators and anyone who works with young children.
