How To Randall Munroe, 2019-09-03 AN INSTANT #1 NEW YORK TIMES BESTSELLER “How To will make you laugh as you learn...With How To, you can't help but appreciate the glorious complexity of our universe and the amazing breadth of humanity's effort to comprehend it. If you want some lightweight edification, you won't go wrong with How To.” —CNET “[How To] has science and jokes in it, so 10/10 can recommend.” —Simone Giertz The world's most entertaining and useless self-help guide from the brilliant mind behind the wildly popular webcomic xkcd, the bestsellers What If? and Thing Explainer, and What If? 2, coming September 13, 2022 For any task you might want to do, there's a right way, a wrong way, and a way so monumentally complex, excessive, and inadvisable that no one would ever try it. How To is a guide to the third kind of approach. It's full of highly impractical advice for everything from landing a plane to digging a hole. Bestselling author and cartoonist Randall Munroe explains how to predict the weather by analyzing the pixels of your Facebook photos. He teaches you how to tell if you're a baby boomer or a 90's kid by measuring the radioactivity of your teeth. He offers tips for taking a selfie with a telescope, crossing a river by boiling it, and powering your house by destroying the fabric of space-time. And if you want to get rid of the book once you're done with it, he walks you through your options for proper disposal, including dissolving it in the ocean, converting it to a vapor, using tectonic plates to subduct it into the Earth's mantle, or launching it into the Sun. By exploring the most complicated ways to do simple tasks, Munroe doesn't just make things difficult for himself and his readers. As he did so brilliantly in What If?, Munroe invites us to explore the most absurd reaches of the possible. Full of clever infographics and fun illustrations, How To is a delightfully mind-bending way to better understand the science and technology underlying the things we do every day.

How to Do Nothing Jenny Odell, 2020-12-29 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

The First 20 Hours Josh Kaufman, 2013-06-13 Forget the 10,000 hour rule— what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things

you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-

up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

Dad, How Do I? Rob Kenney, 2021-05-18 “Like the YouTube channel, this is a touching yet informative guide for those seeking fatherly advice, or even a few good dad jokes.” — Library Journal

How to Be Alone Lane Moore, 2018-11-06 The former Sex & Relationships Editor for *Cosmopolitan* and host of the wildly popular comedy show *Tinder Live* with Lane Moore presents her poignant, funny, and deeply moving first book. Lane Moore is a rare performer who is as impressive onstage—whether hosting her iconic show *Tinder Live* or being the enigmatic front woman of *It Was Romance*—as she is on the page, as both a former writer for *The Onion* and an award-winning sex and relationships editor for *Cosmopolitan*. But her story has had its obstacles, including being her own parent, living in her car as a teenager, and moving to New York City to pursue her dreams. Through it all, she looked to movies, TV, and music as the family and support systems she never had. From spending the holidays alone to having better “stranger luck” than with those closest to her to feeling like the last hopeless romantic on earth, Lane reveals her powerful and entertaining journey in all its candor, anxiety, and ultimate acceptance—with humor always her bolstering force and greatest gift. *How to Be Alone* is a must-read for anyone whose childhood still feels unresolved, who spends more time pretending to have friends online than feeling close to anyone in real life, who tries to have genuine, deep conversations in a roomful of people who would rather you not. Above all, it’s a book for anyone who desperately wants to feel less alone and a little more connected through reading her words.

The Ruthless Elimination of Hurry John Mark Comer, 2019-10-29 ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life “As someone all too familiar with ‘hurry sickness,’ I desperately needed this book.”—Scott Harrison, New York Times best-selling author of *Thirst* “Who am I becoming?” That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren’t pretty. So he turned to a trusted mentor for guidance and heard these words: “Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life.” It wasn’t the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you’ll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

How to be a Woman Caitlin Moran, 2012 1913: Suffragette throws herself under the King's horse. 1969 u Feminists storm Miss World. NOW u Caitlin Moran rewrites *The Female Eunuch* from a bar stool and demands to know why pants are getting smaller. There's never been a better time to be a woman: we have the vote and the Pill, and we haven't been burnt as witches since 1727.

How to Get People to Do Stuff Susan Weinschenk, 2013-03-07 We all want people to do stuff. Whether you want your customers to buy from you, vendors to give you a good deal, your employees to take more initiative, or your spouse to make dinner—a large amount of everyday is about getting the people around you to do stuff. Instead of using your usual tactics that sometimes work and sometimes don't, what if you could harness the power of psychology and brain science to motivate people to do the stuff you want them to do - even getting people to want to do the stuff you want them to do. In this book you'll learn the 7 drives that motivate people: The Desire For Mastery, The Need To Belong, The Power of Stories, Carrots and Sticks, Instincts, Habits, and Tricks Of The Mind. For each of the 7 drives behavioral psychologist Dr. Susan Weinschenk describes the research behind each drive, and then offers specific strategies to use. Here's just a few things you will learn: The more choices people have the more regret they feel about the choice they pick. If you want people to feel less regret then offer them fewer choices. If you are going to use a reward, give the reward continuously at first, and then switch to giving a reward only sometimes. If you want people to act independently, then make a reference to money, BUT if you want people to work with others or help others, then make sure you DON'T refer to money. If you want people to remember something, make sure it is at the beginning or end of your book, presentation, or meeting. Things in the middle are more easily forgotten. If you are using feedback to increase the desire for mastery keep the feedback objective, and don't include praise.

Trust Me, I'm Lying Ryan Holiday, 2013-07-02 The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as astonishing and disturbing by the Financial Times and essential reading by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. Trust Me, I'm Lying was the first book

to blow the lid off the speed and force at which rumors travel online—and get traded up the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business. Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, “I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I’m tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I’m pulling back the curtain because it’s time the public understands how things really work. What you choose to do with this information is up to you.”

How to Cook Without a Book Pam Anderson, 2000 Recalling an earlier era when cooks relied on sight, touch, and taste rather than cookbooks, the author encourages readers to rediscover the lost art of preparing food and use their imagination in the kitchen.

Leonard and Marianne have a happy life together—talking, playing, writing poems, and making wishes, But one day, a pack of bullies questions whether it's right for a lion and a duck to be pals. Leonard soon learns there are many ways to be a lion, and many ways to be a friend,

and that sometimes finding just the right words can change the world . . . This sweet, funny, thoughtful, and much-needed story will open up readers' eyes to the importance of being who they are and not backing down to hurtful criticism. It's an empowering tale about connecting with others and choosing kindness over bullying, and shows children how angry and provocative words can be overcome by empathy and inner courage.

Capturing the beauty and tranquility of the region, interior designer and journalist Sara Silm distills the unique colors, textures, and flavors of this distinctive corner of the world. Nowhere is this more clearly felt than in her unique color palettes, inspired by the patina of weather-beaten shutters, of local brick and fading roof tiles, violet-hued ice cream, and rolling hills bursting to life in spring. Coupling detailed, practical design knowledge with evocative notes on rural French life and choice recipes, *How to French Country* offers a path to gentler living and refocusing on all that we hold dear.
