A Carousel of Sorts Grant Guimont, 2001-06 *A Carousel of Sorts* is a dizzying leap into the shallow end of the pool of life. The story embraces the enormity of the world and the underlying idiosyncrasies that connect us all in the end. And perhaps along the way, on the wings of the fabled Carik birds from the tale, some of those answers will appear somewhere amidst the infinite spectrum between Bob Dylan's song lyrics and the ingredients to Cocoa Puffs cereal. What Every Singer Needs to Know About the Body, Fourth Edition Melissa Malde, Mary Jean Allen, Kurt-Alexander Zeller, 2020-06-05 What Every Singer Needs to Know About the Body, Fourth Edition gives singers and teachers a Body Mapping resource—from anatomy and physiology to body awareness—that helps them discover and correct misconceptions about how their bodies are designed and how they function. This book provides detailed descriptions of the structures and movements necessary for healthy and efficient body awareness, balance, breathing, phonation, resonance, articulation, and gesture. Many voice books focus on the anatomical facts, but leave singers asking, How can I apply this to my singing? What Every Singer Needs to Know About the Body helps to answer that question, providing practical exercises and detailed illustrations. New to This Edition: * Updated and revised content throughout the text * Bulleted review sections for each

chapter * New and updated links to recommended videos * Information on Biotensegrity and how it pertains to Body Mapping, along with helpful links to resources on the subject * An expanded glossary What Every Singer Needs to Know About the Body includes audio and video recordings of the exploratory exercises. This book provides the technical foundation for singers of all styles. The authors do not espouse a single method or attempt to teach singing techniques or styles. Rather, they describe the movements of singing with accuracy and detail so that singers may experiment on their own and communicate with each other in a common language.
