A Love Story Starring My Dead Best Friend Emily

Horner,2010-06-10 For months, Cass has heard her best friend, Julia, whisper about a secret project. When Julia dies in a car accident, her drama friends decide to bring the project—a musical called *Totally Sweet Ninja Death Squad*—to fruition. But Cass isn't a drama person. She can't take a summer of painting sets, and she won't spend long hours with Heather, the girl who made her miserable all through middle school and has somehow landed the leading role. So Cass takes off. In alternating chapters, she spends the first part of summer on a cross-country bike trip and the rest swallowing her pride, making props, and—of all things—falling for Heather. This is a story of the breadth of love. Of the depth of friendship. And of the most hilarious musical one quiet suburb has ever seen.

**The Best Little Book of Short Story Ideas** Edward C. Jones  
Iii,2009-05 This is a needed book. This book is needed to give people ideas of what to write for the class. It's not for people to write novels about, but most people have other classes to think about and they're always looking for anything that will make their lives easier.

*Discovering Life's Story: The Evolution of an Idea* Joy

Hakim, 2024-04-16 In the second volume of the *Discovering Life's Story* series by best-selling author Joy Hakim, the theory of evolution takes hold--transforming ideas about survival, extinction, and life itself. Can species change? Or go extinct? In the eighteenth century, most people answer no to both questions. But in the century that follows, that certainty gets challenged as some people in Europe question the common belief that all creatures are the same as they've been since life's creation. *The Evolution of an Idea*, the second volume of *Discovering Life's Story*, opens with the Swedish naturalist Carl Linnaeus, who attempts to create an organizing system for the myriad forms of life on earth. It continues into the late 1800s, when two Englishmen--Charles Darwin and Alfred Russel Wallace--each develop their own version of a startling new theory of how life-forms change over time. This evolutionary idea will alter the understanding

of our place in the great web of life on earth. In this remarkable volume, author Joy Hakim continues charting the path of human discovery and shows how groundbreaking thinkers began to unlock the biological secrets of our own existence.

*The Triumph of an Idea. The Story of Henry Ford* Ralph Henry Graves, 2013-05-17 ORIGINAL DESCRIPTION (1934): The advent of the automobile brought a clash of industrial ideas. Should the new vehicle be high priced, obtainable only by the wealthy? Or should it be a vehicle of service to all humanity-within reach of the pocketbook of every family? Henry Ford's answer was the Model T, which became known as the Universal Car and of which he manufactured more than 15,000,000. With the Ford car available to the millions, there sprang up a nation-wide demand for better roads. The Ford car proved a great social factor in the development and growth of the American people. And the story of the founding, success, and growth of the Ford Motor Co., giving the world, as it did, its first great picture of modern mass production, is an industrial epic which this volume attempts to tell. It is a story of facts that less than a generation ago would have been a fairy tale. Illustrated by 52 photographs.

The Idea Erik Bork, 2018-09-13 Multiple Emmy Award-winning screenwriter Erik Bork (HBO's **BAND OF BROTHERS**) presents the seven fundamental characteristics of a great story in any medium. Writers tend to jump into the writing too quickly, without knowing they have a flawed central idea. This book is all about ensuring that doesn't happen!

**100 Days of Sunlight** Abbie Emmons, 2019-08-07 When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most

amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's obnoxious optimism, convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

**The Story Grid** Shawn Coyne, 2015-05-02 WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic

drawer. 5. It is a tool that can inspire an original creation.
