**Insidious** Kelly Sidkey, 2019-01-14 The stories are alternately suspenseful, scary, horrifying and totally gripping. All the stories are well developed and original. Deserves 5 stars! Amazon Reviewer \*\*\*\*\*I like horror stories and these are amazing. They're seriously scary. Some are terrifying. The USP of these stories is that it has many twists which changes the plot in unexpected ways. Description: Kelly Sidkey once famously quoted that though she does not believe in ghosts, she sees them all the time - in the woods of Scotland, in the open fields of Ireland and across the United Kingdom. It's not surprising that in her stories, she has shared her real life experiences about ghouls, witches and genies. Her supernatural escapades are her personal experiences and therefore harder to ignore. This collection of horror stories brings together all of Kelly Sidkey's tales of the paranormal. It opens with her best-known and highest grosser story, 'The Bridge' set in the southern part of Scotland and ends with the spine chilling macabre 'The Tomb' where the visitors from the grave won't let you get out alive. In between is the tale of the 'Haunted Castle' in Ireland where something is very evil and very real. And when the terror starts, it comes with horrifying violence and brutal finality. It is the perfect collection to have by your bedside when the wind is chilly and the moon is up. Reviews: I completed the book in a single sitting. It's a horror story very well written. My grandchildren loved it and demanded more. Excellent. Could feel the characters. I am waiting for more horror books of Kelly Sidkey to come up. Couldn't help but cringe at the horrific angle of the story. Loved every page of it. Captivating but disturbing. I think weak hearted should not read this book. One of my best books till date. I finished reading this book three times. Gripping plot in all

the chapters and everything moves at a fast pace. A horror story with a difference that holds you till the end. 5 Stars.

More Than Domestic Violence Mike Willbur, 2014-06-17 Tuan Dao seemed to everyone but his own family to be a loving father. Even his extended family had little warning of what lay hidden beneath the surface. On April 24, 2011, the world woke up to a raging inferno that revealed who Tuan Dao really was. Who was this man who could burn his house down around himself and five of his children? *More Than Domestic Violence: The Insidious Story* gives the answer to that question. Were there warning signs that Tuan Dao was capable of this atrocity? Mike Willbur explores these questions from dual perspectives. He holds a bachelor's degree in Psychology, a master's degree in Addictions Counseling and is a Licensed Mental Health Professional. But more than this, he is a grandfather who lost five of his grandchildren in one night and is working to ensure that never happens again in his community.

*Insidious* Aleatha Romig, 2014-10-21 Dark desires...Deadly secrets...Devious deceptions... Nothing is exactly as it seems in *INSIDIOUS*, the smart, sexy thriller from New York Times and USA Today bestselling author ALEATHA ROMIG! When a powerful man is willing to risk everything for his own satisfaction, only one woman can beat him at his own game: his wife. Or so she thinks... "Let's start with you calling me Stewart. Formalities seem unnecessary." Stewart Harrington is rich, gorgeous, and one of the most powerful men in Miami. He always gets what he wants. Anything is available to him for the right price. Even me. Being the wife of a mogul comes with all the perks, but being Mrs. Stewart Harrington comes with a few special requirements. I've learned to keep a part of myself locked away as my husband watches me submit to his needs. But the more he demands of me, the more beguiled he becomes and

that's to my advantage. So I keep fulfilling his fantasies and following his rules because he doesn't know that what he's playing is really my game. And winning is everything, right? *INSIDIOUS* is a stand-alone novel and the first Tales from the Dark Side title by ALEATHA ROMIG. \*\*Due to the dark and explicit nature of this book, it is recommended for mature audiences only.\*\*

*Insidious Intent* Val McDermid, 2017-12-05 A killer targets single women at weddings: "[An] intense plot...McDermid keeps each twist believable." --The Washington Post In the north of England, single women are beginning to disappear from weddings. A pattern soon becomes clear: Someone is crashing the festivities and luring the women away--only to leave the victims' bodies in their own burned-out cars in remote locations. Psychologist Tony Hill and former police detective Carol Jordan are called upon to investigate--but this may be the toughest case they've ever had to face. Meanwhile, Detective Sergeant Paula McIntyre and her partner Elinor must deal with a cruel cyber-blackmailer targeting their teenage ward. *Bad Stories* Steve Almond, 2018-03-01 "Almond draws on everything from *The Grapes of Wrath* to the voting practices of his babysitter to dismantle the false narratives about American democracy." —Cheryl Strayed, international-bestselling author of *Wild* Like a lot of Americans, Steve Almond spent the weeks after the 2016 election lying awake, in a state of dread and bewilderment. The problem wasn't just the election, but the fact that nobody could explain, in any sort of coherent way, why America had elected a cruel, corrupt, and incompetent man to the Presidency. *Bad Stories: What the Hell Just Happened to Our Country* is Almond's effort to make sense of our historical moment, to connect certain dots that go unconnected amid the deluge of hot takes and think pieces. Almond looks to literary voices—from Melville to Orwell, from Bradbury to Baldwin—to help explain the roots of our moral erosion as a people. The book argues that Trumpism is a bad outcome arising directly from the bad stories we tell ourselves. To understand how we got here, we have to confront our cultural delusions: our obsession with entertainment, sports, and political parody, the degeneration of our free press into a for-profit industry, our enduring pathologies of race, class,

immigration, and tribalism. Bad Stories is a lamentation aimed at providing clarity. It's the book you can pass along to an anguished fellow traveler with the promise, This will help you understand what the hell happened to our country. "Almond holds up literature as a guide through America's age-old moral dilemmas and finds hope for his country in family, forgiveness, and political resistance." -Booklist

**Story Smart** Kendall Haven, 2014-10-14 This one-of-a-kind book reveals the secrets of a story's power to persuade, inspire, influence, and to teach. Our brains have been evolutionarily hardwired to think, to make sense, and to understand in simple-but hidden-story terms. You'll discover the Neural Story

Net, the Make Sense Mandate, Motive Matching, and the Story Influence Line—and understand how these powerful concepts control listener/reader engagement, attention, and the impact your communications will exert. You'll learn that what reaches the conscious mind of your target audience is significantly different from what first reached their eyes and ears—and that you can control that internal, neural process. This easy to use guide is organized into four parts: the neuroscience of narrative; your story tools; how narratives exert influence (changing beliefs, attitudes, values, etc.); and the straightforward process of creating Story Smart stories.

**Classical Mythology: The Basics** Richard Martin, 2022-10-21 This new edition introduces the core elements of ancient Greek and Roman narratives about immortal gods and heroic humans. It explains how myths once shaped ancient ways of thinking, and how they have fascinated and inspired artists, writers, musicians, scientists, and scholars since. In six clear and concise chapters, this book explains what myths are, sketches the main stories about divinities, heroes and heroines, and explores through specific case studies the ways in which they influenced modern culture, from Renaissance opera to contemporary video games and social movements. The second edition also features a new chapter analyzing how myths have been used in politics from antiquity to the present day. More than two dozen illustrations, maps, and charts complement the text. No prior knowledge of mythology is assumed, and the book incorporates the latest scholarship on classical mythology, providing annotated lists of further readings. Anyone who has encountered

Greek or Roman myths in literature, art, or pop culture and wants to know more about the cultural contexts for the stories will benefit from this compact book. Intended for a wide readership, the second edition of *Classical Mythology: The Basics* continues to offer a clear introduction to the subject for undergraduates, scholars, and the general reader.
