Life's Little Instruction Book H. Jackson Brown, Jr., 1991 A collection of advice on how to live a happy and rewarding life.

Life's Little Instruction Book H. Jackson Brown, 2012-08-13 When life becomes complicated, it's time to get back to the basics. Originally written by Jack Brown as a going-away-to-college gift for his son Adam, *Life's Little Instruction Book: Simple Wisdom and a Little Humor for Living a Happy and Rewarding Life* offers hundreds of captivating insights, uplifting inspiration, heartfelt humor, and thoughtful reminders. The *Life's Little Instruction Book* series has sold more than ten million copies, spent more than two years atop the New York Times bestseller list, and has been translated into 33 languages—a true example of a giftable book that keeps on giving. Giving people of all generations permission to live a well-loved life, readers will delight in the sweet simplicity of entries that inspire them to: Sing in the shower. Watch a sunrise at least once a year. Drink champagne for no reason at all. Ask for a raise when you feel you've earned it. Buy great books even if you never read them. Whether you're seeking something special for yourself, or looking for that perfect, thoughtful gift, this beloved book makes an excellent gift for all occasions—including graduations, weddings, holidays, birthdays, and for those “just because” moments. A timeless classic, the #1 New York Times bestseller offers every generation simple yet powerful wisdom.

Operating Instructions Anne Lamott, 2005-03-08 With the same brilliant combination of humor and warmth she brought to bestseller *Bird by Bird*, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the

only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor. -- Los Angeles Times Book Review Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify. -- Chicago Tribune

Sacred Instructions Sherri Mitchell, 2018-02-13 A "profound and inspiring" collection of ancient indigenous wisdom for "anyone wanting the healing of self, society, and of our shared planet" (Peter Levine, author of *Waking the Tiger: Healing Trauma*). A Penobscot Indian draws on the experiences and wisdom of the First Nations to address environmental justice, water protection, generational trauma, and more. Drawing from ancestral knowledge, as well as her experience as an attorney and activist, Sherri Mitchell addresses some of the most crucial issues of our day—including indigenous land rights, environmental justice, and our collective human survival. Sharing the gifts she has received from the elders of her tribe, the Penobscot Nation, she asks us to look deeply into the illusions we have labeled as truth and which separate us from our higher mind and from one another. *Sacred Instructions* explains how our traditional stories set the framework for our belief systems and urges us to decolonize our language and our stories. It reveals how the removal of women from our stories has impacted our thinking and disrupted the natural balance within our communities. For all those who seek to create change, this book lays out an ancient

world view and set of cultural values that provide a way of life that is balanced and humane, that can heal Mother Earth, and that will preserve our communities for future generations.

Jesus' Little Instruction Book Thomas Cahill, 2011-11-02
Jesus' teachings have reached across two millenia, inspiring, informing, and uplifting people from all walks of life. In this elegant little volume, a noted religious publisher and biblical student has collected Jesus' key messages, culled from the Gospels. Organized thematically, Jesus' words speak directly to contemporary lives and convey a man unlike any other man whose life contains a message for all. Engaging and nondoctrinal commentary throughout places the sayings in their historical context and drawn to this simple and beautiful rendering of Jesus' unique--an, even today, unconventional--message for the heart.

The Instructions Adam Levin, 2024-04-23
Beginning with a chance encounter with the beautiful Eliza June Watermark and ending, four days and 900 pages later, with the Events of November 17, this is the story of Gurion Maccabee, age ten: a lover, a fighter, a scholar, and a truly spectacular talker. Ejected from three Jewish day schools for acts of violence and messianic tendencies, Gurion ends up in the Cage, a special lockdown program for the most hopeless cases of Aptakistic Junior High. Separated from his scholarly followers, Gurion becomes a leader of a very different sort, with righteous aims building to a revolution of troubling intensity. *The Instructions* is an absolutely singular work of fiction by an important new talent. Adam Levin has shaped a world driven equally by moral fervor and slapstick comedy--a novel that is muscular and verbose, troubling and empathetic, monumental, breakneck, romantic, and unforgettable. Thirteen years after its original publication, McSweeney's is releasing this special, two paperback edition of Levin's beloved novel which continues to find new readers each

year.

Original Instructions Melissa K. Nelson, 2008-01-16

Indigenous leaders and other visionaries suggest solutions to today's global crisis • Original Instructions are ancient ways of living from the heart of humanity within the heart of nature • Explores the convergence of indigenous and contemporary science and the re-indigenization of the world's peoples • Includes authoritative indigenous voices, including John Mohawk and Winona LaDuke For millennia the world's indigenous peoples have acted as guardians of the web of life for the next seven generations. They've successfully managed complex reciprocal relationships between biological and cultural diversity. Awareness of indigenous knowledge is reemerging at the eleventh hour to help avert global ecological and social collapse. Indigenous cultural wisdom shows us how to live in peace--with the earth and one another. Original Instructions evokes the rich indigenous storytelling tradition in this collection of presentations gathered from the annual Bioneers conference. It depicts how the world's native leaders and scholars are safeguarding the original instructions, reminding us about gratitude, kinship, and a reverence for community and creation. Included are more than 20 contemporary indigenous leaders--such as Chief Oren Lyons, John Mohawk, Winona LaDuke, and John Trudell. These beautiful, wise voices remind us where hope lies.

Aftercare Instructions Bonnie Pipkin, 2017-06-27

Everyone is talking about Aftercare Instructions, Bonnie Pipkin's electric debut novel: "Important, fierce. Pipkin stole my heart with this book." —A.S. King, author of *Still Life with Tornado* "Mighty, innovative, and nearly impossible to put down." —David Arnold, author of *Kids of Appetite* "Incredibly honest and empathetic." —ALA Booklist "Big-hearted, sensitive, and engrossing." —Publishers Weekly "Troubled." That's seventeen-year-old Genesis according to her small New Jersey town. She finds refuge and stability in her relationship with her boyfriend, Peter—until

he abandons her at a Planned Parenthood clinic during their appointment to terminate an unwanted pregnancy. The betrayal causes Gen to question everything. As Gen pushes herself forward to find her new identity without Peter, she must also confront her most painful memories. Through the lens of an ongoing four act play within the novel, the fantasy of their undying love unravels line by line, scene by scene. Digging deeper into her past while exploring the underground theater world of New York City, she rediscovers a long forgotten dream. But it's when Gen lets go of her history, the one she thinks she knows, that she's finally able to embrace the complicated, chaotic true story of her life, and take center stage. *Aftercare Instructions*, a debut full of heart and hope, follows Gen on a big-hearted journey from dorm rooms to diners to underground theaters—and ultimately, right into readers' hearts.

Where Are the Instructions? Charles H. Castle,2017

Charles H. Castle's *Where are the Instructions?*, as the title suggests, is a heart-warming and inspiring collection of stories drawn from everyday life. Colorful and endearing, Castle's work keeps us mindful about how important it is to remain grounded in the order of first things: love, belief, faith, and hope. These

principles, so firmly rooted in his work, evoke a timelessness that is sure to delight readers while bringing them ongoing encouragement. What Castle shares with us is delightful while it is serious, nostalgic, realistic, and forward looking. He may remind us that the world is sometimes a dark and lonely place, burdened by loss and disappointment. However, in the midst of it all the sun rises and light permeates the valleys through which we all walk.
