📖 **RHINO WHO SWALLOWED A STORM** LeVar Burton, Susan Schaefer Bernardo, Courtenay Fletcher, 2014-10-07
Actor and longtime educational advocate LeVar Burton has had more than 30 years' experience speaking directly to children about grown-up situations, and *The Rhino Who Swallowed a Storm* is a story that helps ease the fears and worries of a young child. Mica Mouse lost her house in a terrible storm, and now she trembles when the weather turns rough. She's not so different from other children who've experienced something very disturbing in their life or heard about tragic or frightening events in the news. Mica's father tells her the story of a brave blue rhinoceros who learns how to get through rough times with friendship, helpers, love, and by feeling your feelings. LeVar Burton has poured a lifetime of experience storytelling to children into *The Rhino Who Swallowed a Storm*, and the result is more than a book—it's a manual for finding the light in the midst of dark times.

📖 **RUN THE STORM** George Michelsen Foy, 2019-08-06 In the bestselling tradition of *The Perfect Storm* and *The Finest Hours*, "an exquisitely written and dramatic book...a literary page-turner" (Doug Stanton, #1 New York Times bestselling author of *Horse Soldiers*)—the 2015 mysterious disappearance of the SS *El Faro*, a gigantic American cargo ship that sank in the Bermuda Triangle, taking with it thirty-three lives. On October 1, 2015, the SS *El Faro*, a massive American cargo ship disappeared in Hurricane Joaquin, a category 4 storm. The ship, its hundreds of shipping containers, and its entire crew plummeted to the bottom of the ocean, three miles down. It was the greatest seagoing US merchant marine shipping disaster since World War II. The massive ship had a seasoned crew, state-of-the-art navigation equipment, and advance warning of the storm. It seemed incomprehensible that such a ship could sink so suddenly. How, in this day and age, could something like this happen? Relying on Coast Guard inquest hearings, as well as on numerous interviews, George Michelsen Foy brings us "the most insightful exploration of this unthinkable disaster" (Outside), a story that lasts only a few days, but which grows almost intolerably suspenseful as deep-rooted flaws leading to the disaster inexorably link together and worsen. We see captain, engineers, and crew fight for their lives, and hear their actual words (as recorded on the ship's black box) while the hurricane relentlessly tightens its noose around the ship. We watch, minute by minute, all that is happening on board—the ship's mysterious tilt to one side, worried calls to the engine room, ship-to-shore reports, the courage of the men and women as they fight to survive, and the berserk ocean's savage consumption of the massive hull. And through it all, the pain and ultimate resilience of the families of *El Faro*'s crew. Now with a new afterword, this "tour de force of nautical expertise" (Ocean Navigator) is a masterwork of stunning power.

📖 **ORGANISATIONAL RESPONSES TO SOCIAL MEDIA STORMS** Andy Phippen, Emma Bond, 2020-07-06 This book explores the growing phenomenon of the social media storm in the context of educational establishments. With a methodological approach that draws on aspects of virtual and offline ethnography, the text presents a series of case studies of public online risk-related incidents. Our ethnographic methodology adopts the use of unobtrusive data collection approaches, to explore publicly available data from online interactive behaviours. Drawing on a range of methods from internet mediated research (IMR) to inform our ethnographic account, the book provides an in-depth exploration of the public and organisational discourses arising from four short, clear high-profile internet risk case studies in the education sector ranging from early year to higher education. It considers the social construction of a new 'risk' culture arising computer-mediated social interactions and its impact on, and response by, the organisations and society.

📖 **HANDBOOK OF RESEARCH ON WRITING INSTRUCTION PRACTICES FOR EQUITABLE AND EFFECTIVE TEACHING** Hodges, Tracey S., 2022-05-27 Writing is a critical component for teaching children about advocacy and empowering student voice, as well as an essential tool for learning in many disciplines. Yet, writing instruction in schools often focuses on traditional methods such as the composition of five-paragraph essays or the adherence to proper grammatical conventions. While these are two components of writing instruction and preparation in education, they only provide a small glimpse into the depth and breadth of writing. As such, writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers. The *Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching* serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives, methods, and approaches for equitable and effective writing instruction. It includes practices beyond K-12, including best writing practices at the college level as well as the development of future teachers. Providing unique coverage on culturally relevant writing, socio- and racio-linguistic justice, and urgent writing pedagogies, this major reference work is an indispensable resource for administrators and educators of both K-12 and higher education, pre-service teachers, teacher educators, libraries, government officials, researchers, and academicians.
