**Boys of Darkness** Khishigshatar Gankhuyag,2021-06-17 New supernatural book A little girl that is suffering of her scary past, ancient devils hidden in the dark places where the God's sake didn't come. This school of darkness and ancient curse reminds of a forgotten dark history, handsome boys that are willing break through the prohibition and a girl that would have to face them. How would she uncover their secret and deal with them? "The times became scary Devil became stronger Humans ceased to trust each other It became so difficult to say who is a human And who is not..."

**Trusting and its Tribulations** Vigdis Broch-Due,Margit Ystanes,2016-04-01 Despite its immense significance and ubiquity in our everyday lives, the complex workings of trust are poorly understood and theorized. This volume explores trust and mistrust amidst locally situated scenes of sociality and intimacy. Because intimacy has often been taken for granted as the foundation of trust relations, the ethnographies presented here challenge us to think about dangerous intimacies, marked by mistrust, as well as forms of trust that cohere through non-intimate forms of sociality.

**Das Platon Experiment** Ernst Humaní,2015-12-10 Am Ende des Zweiten Weltkrieges ist der Erzähler acht Jahre alt. Seine Eltern steuern der Nazi-Ideologie entgegen, indem sie ihn an neue Denkweisen heranzuführen. Dadurch angeregt sucht er bei den griechischen Philosophen nach Antworten auf seine Fragen, bei Platon wird er fündig. Als Erwachsener versucht er, sich nach Platons Definition der Gerechtigkeit zu richten, und auch als Entwicklungshelfer in der Mongolei will er diese umsetzen - doch ob das Platon-Experiment gelingt? Was aber auf jeden Fall bleibt, ist die Hoffnung. Sie liegt in den Zeitzeugen des letzten Weltkrieges, dem eine noch nie dagewesene Zeit des Friedens in Europa folgte. Die Hoffnung liegt auch in der mongolischen Jugend mit ihrem unstillbaren Wissensdrang, ihrer Sprachbegabung und Familienkultur. Die Hoffnung liegt in der Jugend der Welt, die die Lehren des letzten Weltkrieges und der Kriege überhaupt aufnimmt und umsetzt. Und sie liegt nicht zuletzt im Leser dieser philosophischen Tatsachen-Erzählung.

**Historical Dictionary of Mongolia** Alan J. K. Sanders,2017-08-25 This fourth edition of Historical Dictionary of Mongolia covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy, and its current unprecedented level of national wealth and international growth. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. **Mongolia** Jane Blunden,2014-10-01 Open to the Western world since 1990, the 'Land of Blue Sky' is one of the few places on earth where travellers can tread on undiscovered ground and explore with a true sense of adventure. Homeland of the greatest conqueror of all time, Genghis Khan, vast tracts can be discovered on horse or camel, or in the comfort of a four-wheel drive. Written by Mongolian expert, Jane Blunden, this updated guide highlights its culture and customs, including the deel, the colourful national dress, herding rules and customs, Mongolian throat singing and Naadam, the annual celebration of wrestling, archery and horse-riding. For visitors keen to sample the unique pleasures of staying with nomads, she also explains how and where to experience the traditional lifestyle of a Mongolian ger. The guide offers tips on riding and biking tours, winter dog sledding and summer yoga camps and provides in-depth information on national parks and conservation. Wildlife tours and visits based around Buddhist temples are still Mongolia's strengths, along with the age old traditional herding culture and Nomadic lifestyle, to be seen throughout this vast country. This amazing lifestyle of nomads with their flocks of camels, sheep and cashmere goats herded on horseback, from the times of Genghis Khan, is disappearing fast as families become more settled. The capital Ulaanbaatar is undergoing major changes and offers visitors a taste of city life in contrast to the wide open spaces. The guide reviews new hotels and restaurants which are popping up as business is booming. Mongolia provides all the information you'll need to arrange an unforgettable stay with Mongolian nomads, enjoying the centuries-old lifestyle of a traditional ger.

**Actinomycetes in Marine and Extreme Environments** Ipek Kurtboke,2024-02-06 The discovery and development of antibiotics has been one of the most significant advances in medicine. In a golden era lasting from the 1940s to the late 1960s, antibiotic research provided mankind with a wide range of structurally diverse and effective agents for the treatment of microbial infections. Since then, actinomycetes, most notably members of the genus *Streptomyces*, have uninterruptedly proved to be a particularly rich source of antibiotics and other therapeutic and biotechnologically important compounds. This book brings together expert actinomycetologists to communicate the importance of finding novel antibiotic producing actinomycetes in extreme and marine environments in the light of molecular advances.

**Impact of Institutions on Lending** Chuluunbaatar Enkhzaya,2007-10-08 Chuluunbaatar Enkhzaya examines the inadequate behaviour of banks in Mongolia by analysing the institutional framework of the banking system, especially in lending. She focuses on the genesis of informal institutions of lending and their interaction with formal institutions of lending. Herewith, informal institutions such as the attitude to risk were indirectly observed by diagnosing the action-regulating knowledge of bankers. In order to ensure an effective allocation of the scarce financial resources of Mongolia the author therefore suggests a change - as simultaneous as possible - of formal and informal rules.

**Buddhism in Mongolian History, Culture, and Society** Vesna A. Wallace,2015-01-30 Buddhism in Mongolian History, Culture, and Society explores the unique elements of Mongolian Buddhism while challenging its stereotyped image as a mere replica of Tibetan Buddhism. Vesna A. Wallace brings together an interdisciplinary group of leading scholars to explore the interaction between the Mongolian indigenous culture and Buddhism, the features that Buddhism acquired through its adaptation to the Mongolian cultural sphere, and the ways Mongols have constructed their Buddhist identity. The contributors explore the ways that Buddhism retained unique Mongolian features through Qing and Mongol support, and bring to light the ways in which Mongolian Buddhists saw Buddhism as inseparable from Mongolness. They show that by being greatly supported by Mongol and Qing empires, suppressed by the communist governments, and experiencing revitalization facilitated by democratization and the challenges posed by modernity, Buddhism underwent a series of transformations while retaining unique Mongolian features. The book covers historical events, social and political conditions, and influential personages in Mongolian Buddhism from the sixteenth century to the present, and addresses the artistic and literary expressions of Mongolian Buddhism and various Mongolian Buddhist practices and beliefs.
