**Instant Soul Empowerment: Get 1% Better Everyday** Richa Chaturvedi, Iti Chaturvedi Pandey, 2022-03-03 When was the last time you looked inside yourself and asked this question “Who Am I?”, “Do I Know Myself?”, “What Am I doing to Myself?”, “Why Am I unable to achieve my Goals and Success?”, “What Do I Do to take charge of Myself?”. There are endless questions like these, which just keep hovering around us, leaving us baffled and puzzled. This state of being unaware of our own self, takes us to the darkness with no hope of dawn. Our souls are being cremated deep inside us with no hope of re-birth. Ever wondered Why? Why is this darkness just taking me to the ashes? The sole reason behind this is the kind of toxic habits and attitudes we carry within us, never

realising their lethal impacts. They are bad habits, demeaning attitudes, doubts and resistances that are just capturing your soul and not letting you to reach the level of self-awareness and self-actualisation. You're dying at the mercy of these evils. Do you wish to curtail them and free yourself from their claws? The purpose of this book is to make you more self-aware, become a better version of yourself everyday and live a life of abundance, prosperity and contentment.

The SAC Classification in Implant Dentistry Anthony Dawson, William C. Martin, Waldemar D. Polido, 2022-03-30  
In 2009, the book SAC Classification in Implant Dentistry was published, and the SAC Classification scheme has received widespread acceptance in the dental profession. The SAC Classification provides an evidence-based, objective framework for the assessment of the potential difficulty, complexity, and risk of an implant-related treatment for a given clinical situation and serves as a guide for clinicians in both patient selection and treatment planning. From the book's initial release, clinical techniques, materials, and technology have continued to evolve and, in early 2017, the ITI recognized that there was a need to review the SAC Classification. The fully revised second edition of the SAC Classification in Implant Dentistry has been updated to ensure consistency with

contemporary implant practice. Illustrated by new clinical case reports, this edition gives an even more detailed and comprehensive overview of the risks in implant dentistry and the practical application of the SAC Classification.
