Robert Van Bergen

Japan Story Christopher Harding, 2019 This is a fresh and surprising account of Japan's culture from the 'opening up' of the country in the mid-nineteenth century to the present. 'How much I admired it, what a lot I learned from it and, above all, how very much I enjoyed it ... Masterly.' Neil MacGregor It is told through the eyes of people who greeted this change not with the confidence and grasping ambition of Japan's modernizers and nationalists, but with resistance, conflict, distress. We encounter writers of dramas, ghost stories and crime novels where modernity itself is the tragedy, the ghoul and the bad quy; surrealist and avant-garde artists sketching their escape; rebel kamikaze pilots and the put-upon urban poor; hypnotists and gangsters; men in desperate search of the eternal feminine and feminists in search of something more than state-sanctioned subservience: Buddhists without morals: Marxist terror groups; couches full to bursting with the psychological fall-out of breakneck modernization. These people all sprang from the soil of modern Japan, but their personalities and projects failed to fit. They were 'dark blossoms': both East-West hybrids and home-grown varieties that wreathed, probed and sometimes penetrated the new structures of mainstream Japan.

<u>Japan Story</u> Christopher Harding,2018-11-01 This is a fresh and surprising account of Japan's culture from the 'opening up' of the country in the midnineteenth century to the present. It is told through the eyes of people who greeted this change not with the confidence and grasping ambition of Japan's modernizers and nationalists, but with resistance, conflict, distress. We encounter writers of dramas, ghost stories and crime novels where modernity itself is the tragedy, the ghoul and the bad guy; surrealist and avant-garde artists sketching their escape; rebel kamikaze pilots and the put-upon urban poor; hypnotists and gangsters; men in desperate search of the eternal feminine and feminists in search of something more than state-sanctioned subservience; Buddhists without morals; Marxist terror groups; couches full to bursting with the psychological fall-out of breakneck modernization. These people all sprang from the soil of modern Japan, but their personalities and projects failed to fit. They were 'dark blossoms': both East-West hybrids and home-grown varieties that wreathed, probed and sometimes penetrated the new structures of mainstream Japan.

Japan Story Christopher Harding,2018 Japan Story is a fascinating, surprising account of Japan's culture, from the 'opening up' of the country in the mid 19th century to the present, through the eyes of people who always had their doubts about modernity - who greeted it not with the confidence and grasping ambition of Japan's familiar modernizers and nationalists, but with resistance, conflict, distress. We encounter writers of dramas, ghost stories and crime novels where modernity itself is the tragedy, the ghoul and the bad guy; surrealist and avant-garde artists sketching their escape; rebel kamikaze pilots and the put-upon urban poor; hypnotists and gangsters; men in desperate search of the eternal feminine and feminists in search of something more than state-sanctioned subservience; Buddhists without morals; Marxist terror groups; couches full to bursting with the psychological fall-out of breakneck modernization. These people all sprang from the soil of modern Japan, but their personalities and projects failed to fit. They were 'dark blossoms'- both East-West hybrids and home-grown varieties that wreathed, probed and sometimes penetrated the new masonry and mortar of mainstream Japan.

<u>Kiyo's Story</u> Kiyo Sato,2009 When her father left Japan, his mother told him never to return: there was no future there for him. Shinji Sato arrived in California determined to plant his roots in the Land of Opportunity even though he could not become a citizen. He and his wife started a farm and worked in the fields together with their nine children. At the outbreak of World War II, when Kiyo, the eldest, was 18, the Satos were ordered to Poston Internment Camp. Though they had lived the US for two decades and their children were citizens, they were suddenly uprooted and imprisoned by the government.

Big in Japan M. Thomas Gammarino,2015-11-09 "From Susie Wong to Madame Butterfly to Miss Saigon: you might think that we've had enough of American men adventuring, scoring, and coming undone in the Far East. But you'd be wrong. Gammarino's Big in Japan is a shrewd and lively book, sharp-eyed and unsparing in its account of a young American's good and very bad moments overseas. The writing is wired and the ultimate judgement is merciless. It's seductive and it's devastating." -PF Kluge, author of Eddie and the Cruisers and Gone Tomorrow While playing to lackluster crowds in their hometown of Philadelphia, progressive rock band Agenbite clings to the comforting halftruth that they're doing better in Japan. When their manager agrees to send them over on a shoestring tour, though, they're swiftly forced to give up their illusions and return stateside. All but one of them, that is. Brain Tedesco, the band's obsessive-compulsive nerve center, has fallen in love with a part-time sex worker - the first woman ever to have touched him - and his illusions have only just begun. What ensues is a gritty coming-of-age tale in which Brain, intent on achieving some kind of transcendence, paradoxically (or not so paradoxically) descends into the Hungry Ghost realm of Tokyo's underworld. He becomes, in effect, a gaki - the insatiable creature of Buddhist cosmology - and must learn how to live even as his outsize desires threaten to engulf him. By turns compassionate and ruthless, erotic and grotesque, riotously serious and deadly funny, Big in Japan is a sparking, gut-wrenching, face-melting debut novel.

The Story of Japan (Classic Reprint) R. Van Bergen, 2015-07-02 Excerpt from The Story of Japan Our nearest neighbor across the Pacific has been reckoned among the foremost nations of the earth ever since, in the late war with China, she humiliated that vast but inert empire. Japan will have a voice in the future destiny of Asiatic countries, and in that of the islands of the Pacific. Our schoolbooks on geography and general history touch but lightly upon the Japanese Empire, and it is for the purpose of enabling children to obtain a correct idea of the people, and of the impulses leading to the rapid progress of the past guarter of a century, that The Story of Japan has been written. It was deemed essential to explain repeatedly the key to the history of Japan and to the reforms of our time, by noticing the overpowering influence of the samurai of old, who were and still are the makers of the nation. With a very few exceptions, the nobles of Japan have been wholly dependent upon their leading samurai, who, in turn, have been influenced by the ablest of their peers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Young Japan James A B Scherer,2023-07-18 Young Japan: The Story of the Japanese People, Especially of Their Educational Development offers a fascinating window into the rapidly changing world of Meiji-era Japan. Published in 1905, this book explores the social, cultural, and educational transformations that took place in Japan during this period. Scherer's lively and engaging narrative captures the spirit of an exciting and transformative era in Japanese history, and paints a vivid picture of a people and a culture in transition. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. **Brief History of Japan** Jonathan Clements,2017-08-01 This fascinating history tells the story of the people of Japan, from ancient teenage priestqueens to teeming hordes of salarymen, a nation that once sought to conquer China, yet also shut itself away for two centuries in self-imposed seclusion. First revealed to Westerners in the chronicles of Marco Polo, Japan was a legendary faraway land defended by a fearsome Kamikaze storm and ruled by a divine sovereign. It was the terminus of the Silk Road, the furthest end of the known world, a fertile source of inspiration for European artists, and an enduring symbol of the mysterious East. In recent times, it has become a powerhouse of global industry, a nexus of popular culture, and a harbinger of post-industrial decline. With intelligence and wit, author Jonathan Clements blends documentary and storytelling styles to connect the past, present and future of Japan, and in broad yet detailed strokes reveals a country of paradoxes: a modern nation steeped in ancient traditions; a democracy with an emperor as head of state; a famously safe society built on 108 volcanoes resting on the world's most active earthquake zone; a fast-paced urban and technologically advanced country whose land consists predominantly of mountains and forests. Among the chapters in this Japanese history book are: The Way of the Gods: Prehistoric and Mythical Japan A Game of Thrones: Minamoto vs. Taira Time Warp: 200 Years of Isolation The Stench of Butter: Restoration and Modernization The New Breed: The Japanese Miracle

Japanese Stories for Language Learners Anne McNulty, Eriko Sato, 2018-11-20 A great story can lead a reader on a journey of discovery-especially if it's presented in two languages! Beautifully illustrated in a traditional style, Japanese Stories for Language Learners offers five compelling stories with English and Japanese language versions appearing on facing pages. Taking learners on an exciting cultural and linguistic journey, each story is followed by detailed translator's notes, Japanese vocabulary lists, and grammar points along with a set of discussion guestions and exercises. The first two stories are very famous traditional Japanese folktales: Urashima Taro (Tale of a Fisherman) and Yuki Onna (The Snow Woman). These are followed by three short stories by notable 20th century authors: Kumo no Ito (The Spider's Thread) by Akutagawa Ryunosuke (1892-1927) Oborekaketa Kyodai (The Siblings Who Almost Drowned) by Arishima Takeo (1878-1923) Serohiki no Goshu (Gauche the Cellist) by Miyazawa Kenji (1896-1933) Reading these stories in the original Japanese script--and hearing native-speakers read them aloud in the accompanying free audio recording--helps students at every level deepen their comprehension of the beauty and subtlety of the Japanese language. Learn Japanese the fun way-through the country's rich literary history.

Right here, we have countless book **Japan&sorty** and collections to check out. We additionally have enough money variant types and then type of the books to browse.
