Japanese Washi Gift Wrapping Papers - 12 Sheets Tuttle Publishing,2020-06-02 These fine-quality tear-out sheets feature 12 prints inspired by Japanese Washi paper designs--a type of traditional handmade paper. In Japanese, wa means 'Japanese' and shi means 'paper.' Having been made for 1400 years, the craft of making washi paper is a registered UNESCO intangible cultural heritage. These papers are suitable for craft projects as well as for gift wrapping. The variety of designs means they are useful for any occasion--whether a holiday, birthday, anniversary or just because. An introduction details the history and meaning behind the designs, giving you a better idea of their origin. Some wrapping ideas are also provided for inspiration to maximize your creativity. This book includes: 12 sheets of 18 x 24 inch (45 x 61 cm) tear-out paper 12 unique patterns Perforations so the papers are easy to tear out Wrapping tips & tricks The tradition of gift wrapping originated in Asia, with the first documented use in China in the 2nd century BC. Japanese furoshiki, reusable wrapping cloth, is still in use four centuries after it was first created. Gift wrapping is one custom that has prevailed through the ages and across the world--it should be special for both the gift giver and recipient.

Gift Wrapping with Textiles Chizuko Morita,2015-09-18 In Japanese culture, it is customary to put as much care into the wrapping of a gift as into choosing the gift itself. The way a gift is wrapped and the material in which it is presented are considered expressions of the giver's feeling toward the recipient. Now, using techniques that have been part of Japanese tradition for generations, Chizuko Morita offers readers innovative and unique ideas for using the Japanese art of wrapping with cloth in very contemporary ways. In a matter of minutes, a swatch of cloth known as a furoshiki can be fashioned into an elegant wrapping for a CD, a book, a bottle of wine, a box of chocolates, even a soccer ball. And unlike paper gift wrap, if you get it wrong the first time, you can just undo the knots and start again. Not only are the wraps fool-proof, they rely on only three basic knots. INCLUDES: Stunningly original wrapping ideas Gift-wraps for wine, books, CDs, pictures, posters, balls, and boxed items of all sizes Based on techniques that have their roots in centuries-old Japanese traditions of wrapping for gift-giving ALSO: Additional ideas to freshen up everyday items such as pillows, baskets, and more New thoughts for decorating the breakfast and dinner table Add an elegant touch to flowerpots, planters, or a bouquet of flowers Make an instant magazine rack or knapsack

Wrapping with Fabric Etsuko Yamada,2014-10-14 Wrap anything from a wine bottle to a yoga mat with this practical Japanese fabric-wrapping book. Long before today's eco-friendly philosophy of reduce, reuse, recycle entered America's collective consciousness, furoshiki--the Japanese method of wrapping things with fabric--flourished as a time-honored and practical art form. In Wrapping With Fabric, Etsuko Yamada--born into a long-line of furoshiki makers in Kyoto--explains the one cloth, many uses ideology behind the craft, the etiquette of color and the craft's fascinating history. From there, she shares the myriad ways in which a few basic techniques can transform a simple square of cloth into an elegant wrapper. Use your folded fabrics to: Gift-wrap anything from books to flowers Bundle up a picnic Tote items around Use as a handbag or backpack Make into a pillow covering Create decorative coverings for vases, tissue boxes, and more A quiet reminder that opportunities for artistry are everywhere around you, Wrapping With Fabric is the craft book that

makes it easy to bring a touch of grace and ingenuity to everyday life--and help preserve the environment, too.

How to Wrap Five Eggs Hideyuki Oka,2008-10-14 Traditional Japanese packaging is an art form that applies sophisticated design and natural aesthetics to simple objects. In this elegant presentation of the baskets, boxes, wrappers, and containers that were used in ordinary, day-to-day life, we are offered a stunning example of a time before mass production. Largely constructed of bamboo, rice straw, hemp twine, paper, and leaves, all of the objects shown here are made from natural materials. Through 221 black-and-white photographs of authentic examples of traditional Japanese packaging—with commentary on the origins, materials, and use of each piece—the items here offer a look into a lost art, while also reminding us of the connection to nature and the human imprint of handwork that was once so alive and vibrant in our everyday lives. This classic book was originally published under the title *How to Wrap Five More Eggs* in 1975. The eminent American designer George Nelson praised the work featured here, saying, “We have come a long, long way from the kind of thing so beautifully presented in this book. To suit the needs of super mass production, the traditional natural materials are too obstreperous . . . and one by one we have replaced them with the docile, predicable synthetics. . . . What we have gained from these [new] materials and wonderfully complicated processes to make up for the general pollution, rush, crowding, noise, sickness, and slickness is a subject for other forums. But what we have lost for sure is what this book is all about: a once-common sense of fitness in the relationships between hand, material, use, and shape, and above all, a sense of delight in the look and feel of very ordinary, humble things. This book is thus . . . a totally unexpected monument to a culture, a way of life, a universal sensibility carried through all objects down to the smallest, most inconsequential, and ephemeral things.” Now, over thirty years later, this revived classic on the art of traditional Japanese packing may leave us with the same response, and the same appreciation for the natural and utile packaging presented in this book.

Japanese Flower Wrapping Mitsuko Kawata,2006 With vibrant, full-color photographs and detailed instructions, Japanese Flower Wrapping shows readers how the traditional Japanese arts of origami, ikebana and gift-wrapping can be combined to create beautiful and unusual floral arrangements. Making gifts of flowers has long been a Japanese custom. Traditionally, flowers were wrapped in folded washi (Japanese paper) and tied. This practice, known as hana tsutsumi, or flower wrapping, was passed from generation to generation, going back to the time of the samurai. Few modern Japanese people are aware of this ancient style of art and it has been in danger of being forgotten. Author Mitsuko Kawata hopes to recapture the art based on the traditional practice of flower wrapping, while, at the same time incorporating a modern sensibility. She guides readers through the steps of folding decorative papers and tying them with mizuhiki (tightly twisted, long, narrow sheets of washi to which liquid glue is applied) and kumihimo (braided ropes) to fashion breathtakingly beautiful containers and arrangements. In addition to her easy-to-follow instructions, Kawata includes a section on the tying styles of Mizuhiki and Kumihimo, as well as a fascinating description of washi. This unique book contains examples of arrangements for a variety of occasions, from Valentine's Day to school graduation. Another section focuses on flowers from every season, shown in arrangements from the simple to the sophisticated. Japanese Flower Wrapping is a book with wide appeal: for practitioners of ikebana and origami it will bring a new dimension to their arts. And for anyone who is looking for innovative ways to present gifts with flair and distinction, the book is sure to be a source of inspiration.

Wrapping Culture Joy Hendry,1993 Wrapping Culture examines problems of intercultural communication and the possibilities for misinterpretation of the familiar in an unfamiliar context. Starting with an examination of Japanese gift-wrapping, Joy Hendry demonstrates how our expectations are often influenced by cultural factors which may blind us to an appreciation of underlying intent. She extends this approach to the study of polite language as the wrapping of thoughts and intentions, garments as body wrappings, constructions and gardens as wrapping of space. Hendry shows how this extends even to the ways in which people may be wrapped in seating arrangements, or meetings and drinking customs may be constrained by temporal versions of wrapping. Throughout the book, Hendry considers ways in which groups of people use such symbolic forms to impress and manipulate one another, and points out a Western tendency to underestimate such nonverbal communication, or reject it as mere decoration. She presents ideas that should be valid in any intercultural encounter and demonstrates that Japanese culture, so often thought of as a special case, can supply a model through which we can formulate general theories about human behavior.
