Facing the Music Jennifer Knapp, 2014-10-07 Jennifer Knapp's meteoric rise in the Christian music

industry ended abruptly when she walked away and came out publicly as a lesbian. This is her story—of coming to Christ, of building a career, of admitting who she is, and of how her faith remained strong through it all. At the top of her career in the Christian music industry, Jennifer Knapp quit. A few years later, she publicly revealed she is gay. A media frenzy ensued, and many of her former fans were angry with what they saw as turning her back on God. But through it all, she held on to the truth that had guided her from the beginning. In this memoir, she finally tells her story: of her troubled childhood, the love of music that pulled her through, her dramatic conversion to Christianity, her rise to stardom, her abrupt departure from Christian Contemporary Music, her years of trying to come to terms with her sexual orientation, and her return to music and Nashville in 2010, when she came out publicly for the first time. She also talks about the importance of her faith, and despite the many who claim she can no longer call herself a believer, she maintains that she is both gay and a Christian. Now an advocate for LGBT issues in the church, Jennifer has witnessed heartbreaking struggles as churches wrestle with issues of homosexuality and faith. This engrossing, inspiring memoir will help people understand her story and to believe in their own stories, whatever they may be.

What Happened to Johnnie Jordan? Jennifer Toth, 2007-09-11 On an icy night five years ago, Johnnie Jordan -- just fourteen years old -- brutally murdered his elderly foster care mother, leaving the state of Ohio shocked and outraged. He could not tell police why he did it or even how it made him feel; all he knew was that something inside him made him kill. At the time, few people predicted the swift emergence of a class of young so-called super-predators -- criminals like Johnnie who injure and kill without conscience, personified to the nation by the Littleton, Colorado, tragedy in 1999. In *What Happened to Johnnie Jordan?* acclaimed journalist Jennifer Toth, author of *The Mole People* and

Orphans of the Living, once again takes a look at the people in our society whom we so often discard and altogether ignore. As Toth investigates Johnnie's crime and life, she unravels the mysteries of a child murderer unable to identify his emotions even after they converge in acts of fury and rage. In the course of her research, Johnnie grows dangerously into a young man who will probably kill again, he says, though I don't want to. Yet he also demonstrates great kindness and caring when treated as more than just a case number, when treated as a human. Through Johnnie's harrowing story, Toth examines how some children manage to overcome tragic beginnings, while others turn their pain, anger, and loss on innocents. More than a beautifully written narrative of youth gone wrong, this is the story of a child welfare system so corrupted by bureaucracy and overwhelmed with cases that many children entrusted to its care receive none at all. It is also the story of a Midwestern town struggling with blame and anger, unable to reconcile the damage done by so young an offender. From Johnnie's early years on the streets to his controversial trial and ultimate conviction, *What Happened to Johnnie Jordan?* is a seminal work on youth violence and how we as a society can work to curtail it. Ultimately, Toth ponders one of the most difficult and important questions on youth violence: If we can't control the way children are raised, how can we prevent them from destroying other lives as well?

The Day I Went Missing Jennifer Miller, 2002-04-17 It's happened to all of us at one time: falling victim to someone who says the words we want to hear. It usually ends with a wounded heart or lost love. But in one woman's case, it took a deadly turn. Jennifer Miller, an Emmy-nominated TV writer, was a highly functioning member of the Hollywood scene who had everything going for her: great contacts, great work, and the promise of an even greater future. But what Jennifer did not have was a happy life, or even the ability to understand what happy meant. A single woman who did not know what it was like to have a love relationship, she was haunted by a deepening despair. She toyed with therapy, but Jennifer, the daughter of a shrink, was convinced that she was beyond help. Then she met Dr. David Cohen, and discovered something worse than depression. Believing she had finally found someone to trust completely, Jennifer allowed herself to get sucked into Dr. Cohen's world. What followed is a chilling tale of fraudulent therapy that is enthralling and horrifying from its skillful beginning to its shocking conclusion.

A Life Well Lived Eric Lundberg, 2011-03 On the morning of February 26th, 2010, Jennifer Ann Paulson arrived at the elementary school where she taught Special Education. She was then confronted by the man who had been stalking her. What happened next devastated her family, friends, students and the entire community. But what took place that morning, however heartbreaking, is not the real story of Jennifer Ann Paulson. The Jennifer Paulson story is simple in its form, but with an underlying message of hope, determination, commitment and perseverance. Journey with her through every stage of her life as God shapes and molds her into a genuine woman

of impact. Told through memories, letters, journal entries, laughter and tears, her story will motivate every reader to pursue a life worth living. To honor the legacy of Jennifer Paulson, and capture her spirit, 100% of the profits from this book will be donated, in her memory, to causes her family believes she would support (such as Scholarships, victims' help programs, books and educational help for children). May God bless all who read her story.

Escape from the Dungeon Jennifer Stephens, 2005 This is a story of psychological terror brought on by the hands of my mother. I am the second oldest of 16 children and the stories I am about to describe relay what it was like to live under the terror and reign of our mother. The abuse started about 35 years ago in 1970 and who knew there would be 16 direct victims and many other people affected by her manipulations when all was said and done. Hind sight is truly 20/20 and I think if things were handled differently with the 1987 felony child abuse charges in Waukesha County, there wouldn't be this tale to tell today in 2005. There are two distinct time periods in this story: the 17 years prior to 1987 and the 18 years after 1987. You will find parallels in both sections that I still can't believe today and I was part of the situation from the beginning and a catalyst for this coming to light. What you will see is a very large break in the system but above all, the master manipulation that would rival the greatest minds. By manipulating her children, the social workers, the lawyers, the prosecutors, mom got off with nothing in 1987 when she was facing 18 counts of felony and misdemeanor child abuse charges, \$180,000 in fines and 30 years in prison. Her ability to walk away from that without a scar only enabled her psychotic manipulating mind and that allowed mom to abuse again without fear for the next 18 years. It is heartbreaking to live with the fact that these actions have been addressed in the past and she ended up inflicting the same thing on my brothers and sisters as soon as the Department of Social Services stepped out of the situation in the late 80's.
