The Storm Before Atlanta Karen Schwabach,2011-12-13 At a time when most people have grown weary of the war between the states, two young children are desperate to find their way to the battlefields. Jeremy DeGroot wants nothing more than to join a troop as a drummer boy. For Dulcie, a runaway slave, freedom means she must head directly toward the fighting in the hopes that she'll become contraband, that is, property of the Union troops. Both Jeremy and Dulcie find a place with the 107th New York Volunteer Regiment and even start to forge a friendship. But all that is threatened when they cross paths with the mysterious Charlie, a young Confederate soldier, who may look like the enemy but feels more like a friend. Young readers who like their fiction filled with exciting historical details, rich characters, and action-packed adventures will be drawn to *The Storm Before Atlanta*.

Wolf Storm Dee Garretson, 2011-08-30 This is Stefan's big break. He's on location in the mountains far from home for his first movie role, filming a blockbuster sci-fi adventure. The props, the spaceships, and the trained wolves on set should add up to a dream job, but acting turns out to be much tougher than he ever imagined, and he feels like his inner loser is all that's showing through. From the way his famously stuck-up co-star, Raine, treats him, he's pretty sure she thinks so too. And worst of all, no one will believe his claim that there are wild wolves haunting the forest around the set. When a blizzard strikes, isolating the young co-stars and bringing hungry feral wolves into the open, Stefan must take on his biggest role yet—working together with his co-stars to survive. With no second takes, they only have one chance to get it right. Lights, Camera, Action! Dee Garretson takes suspense and danger to new heights with her thrilling tale of friendship and survival against all odds.

Storms and Shipwrecks of New England Edward Rowe Snow, 2005-08-15 A classic by Edward Rowe Snow, first published in 1943 and updated in 1944 and again in 1946, Storms and Shipwrecks of New England relates what William P. Quinn calls stories of stormy adventure. Ocean of Storms Christopher Mari, Jeremy K. Brown, 2016-11-01 In the near future, political tensions between the United States and China are at an all-time high. Then a catastrophic explosion on the moon cleaves a vast gash in the lunar surface, and the massive electromagnetic pulse it unleashes obliterates Earth's electrical infrastructure. To plumb the depths of the newly created lunar fissure and excavate the source of the power surge, the feuding nations are forced to cooperate on a high-risk mission to return mankind to the moon. Now, a diverse, highly skilled ensemble of astronauts--and a pair of maverick archaeologists plucked from the Peruvian jungle--will brave conspiracy on Earth and disaster in space to make a shocking discovery. *Ocean of Storms* is an epic adventure that spans space and time as its heroes race to fulfill an ancient mission that may change the course of humanity's

future.

Hurricane Katrina Jeremy I. Levitt, Matthew C. Whitaker, 2009-01-01 On August 29, 2005, Hurricane Katrina slammed into the Gulf Coast states of Louisiana and Mississippi. The storm devastated the region and its citizens. But its devastation did not reach across racial and class lines equally. In an original combination of research and advocacy, Hurricane Katrina: America's Unnatural Disaster questions the efficacy of the national and global responses to Katrina's central victims, African Americans. This collection of polemical essays explores the extent to which African Americans and others were, and are, disproportionately affected by the natural and manmade forces that caused Hurricane Katrina. Such an engaged study of this tragic event forces us to acknowledge that the ways in which we view our history and life have serious ramifications on modern human relations, public policy, and quality of life.

Eye of the Storm Jeremy Varner, 2002-05 The boy is hand-selected by Napoleon to plan and carry out his conquest of Europe. At first Philippe is excited and unquestioningly does as he is asked, but as events unfold he discovers the hidden truths behind the people in power. He begins to question what is acceptable and what is not; the more the boy sees and hears, the less he is able to stomach until finally he lashes out. Placed under house arrest, he manages to escape and change the course of history by following his conscience and contributing in a small, but important, way to the downfall of

Napoleon.

My Storm Tiffany Patterson ,2022-05-02 I will choose to give myself over to him, but I'll never let him know my darkest secrets... Writing and storytelling has always been my means of escape. When the world around me was falling apart, and the adults I should've depended on proved evil, it was my vivid imagination that got me through. That same creativity rocketed me to becoming a New York Times' bestselling author. But what happens when the words stop coming? I need a spark, something that will reignite the creativity I've always depended on. Enter Jeremy Bennett, the dangerously sexy cousin-in-law to my sister. One look from him and all of my instincts warned me to stay far away. I know he's into unconventional relationships. Ones that involve floggers, paddles, and rules of submission. I should stay away from him, find some other means to break free from this writer's block. But the way he makes my skin burn with just one look is irresistible. And that constant sadness in his eyes mirrors my own. I'm drawn to him, and while I don't have any plans of letting him know my secrets, I may be open to submitting to him. But do I have what it takes to trust him enough to let go of my inhibitions? Will Jeremy catch me if I fall for him? And moreover, can I, with all of my brokenness, be what he needs? **My Storm is a BWM romance that centers around two people with tragic pasts. Please read with caution as the book involves discussion of past childhood trauma and abuse.**

Storm Bringer Jeremy Thomas Fox,2017-04-15 Lawrence Lander is an operator

with Bureau 7, a newly formed and secretive organisation specialising in black ops and deniable operations in the murky world of international terrorism and espionage. Only a matter of months after being recruited by the enigmatic Mr Skardon, Lander is selected for an assignment involving the theft of secret intelligence from Britain's GCHQ intelligence-gathering organisation. ISIS hold hostages in the Syrian desert and their whereabouts and schedule of movements are included within the stolen data. The access key is held by British-born ISIS commander Ali Ahmadi - known as Animal Ali - and he isn't about to give it up without a fight. The heart-stopping action takes place during the culmination of the operation to obtain the password allowing access to this vital information. The question is, can Lander secure the password and initiate a rescue mission before the hapless captives are savagely murdered? The must-win finale of Operation Minx takes place against the backdrop of the worst storm England has seen for many years, and Lander is pitched against a seasoned, ambitious and desperate fanatic who will stop at nothing to prevail. Bureau 7's newest recruit - already struggling to come to terms with PTSD and the pressures of working with his beautiful and ambitious Israeli partner, Rivka Levine - must take on his baptism of fire and win at all costs.

Aktiya J. S. Cooper, 2010-10-27 Just when the nightmare raging in Julien Storms clairvoyant mind is about to consume him, a session with a local hypnotist yields a clue that sets off a chain of events, leading to a

mysterious clearing set deep in the Cascade Mountains. The source of the magnetic disturbances plaguing the boys young mind has been waiting, for more than 10,000 years. This is the story of two souls, two souls that are millions of light years apart, linked by a frequency that knows no boundaries. Some believe it to be a savior; others believe it to be a cataclysm. Together, these two clairvoyants must confront humanity's tragic design flaws as well as their own personal demons, if they are to learn the truth about the machine lying beneath the mysterious clearing

I, of the Storm Jeremy Pinner, Leonard Stephens, 2017-07-26 'Why take anything too seriously? I mean life can be great but kicks you in the nuts whenever it feels like it. I just have to think back a couple of years to relive those highs and lows... an Everest high then the depths of hell, all in one glorious week. So I keep things simple; getting through the tedious week so I can enjoy the weekends. As long as I never invest my emotions, things should be ok...' - This contemporary story charts Paul Townsend's turbulent relationship as he grapples with his conflicting feelings and chaotic life. Paul hates his job and himself. Still running from the death of his fiancée; he prefers to lead a shallow life, living vicariously through his friends rather than risking any form of emotional commitment. His world is finally shaken when he comes across Saffron Carter, a highly successful businesswoman and his antithesis, who swiftly turns his carefully reconstructed world upside down. They clash on so many levels that he tries to

avoid her at all cost however inexplicably Paul finds himself working with the beautiful Miss Carter, who sees talent in him he does not. Their difficult association slowly morphs into something else as attraction draws them hesitantly closer, much to his discomfort. They couldn't be different; Saffron, rich, successful and controlled with Paul career-shy, reeling from one crisis to the next. Ghosts of his fiancée's death, family worries and Paul's destructive nature all point to only one outcome. Opposites may attract but when your poles apart the gulf might simply be too big to cross.

Awakening Storm Jonathan Lowe, 2018-09-01 Rapture nightmares haunt Michael Rivers, Veronica's new client. The greedy televangelist is the same man who has made a play for the psychologist's son...and she isn't happy about it. In fact, she has plans for the millionaire at his estate on the beach that don't include coddling. *Awakening Storm* began as a produced stage play, with a climax in Miami Beach during a hurricane. (It is also narrated on audio by an ESPN producer and voiceover talent.) To Michael the supernatural horror requires strong and frequent coffee consumption to avoid nightmares. No coffee required to stay awake!

Devastate Me Anne Storm, Christine Michelle, 2023-03-02 *Devastate Me* (Savage Vipers MC #2) by Anne Storm Nova I'm not even sure how I ended up working as a nanny for a biker and his wife. That's not true. I knew. It all started when we found out about my mother's years-long affair, and the fact that my father was not who we thought. The minute the DNA results came back, my father's side of the family cut me off and left me destitute like it was my fault my mother was a cheating liar. That meant, I needed to earn money for my next semester. I didn't realize it also meant being immersed in a whole new world, with a different type of man than I'd ever been around. I knew he was bad for me – not just bad – the worst. He would be the worst kind of man for me and not just because he was a biker. As my mom said when she was found out – “The heart wants what the heart wants.” I should have remembered how

sad she sounded when she said that. Breakneck The sweet little honey Kip hired to watch his kid caught my attention immediately. I could smell the innocence on her and all it did was paint a target on her I couldn't ignore. I'd have her, own her, make her my one and only. She'd just have to come to terms with the fact that I'd never be hers in return. She could have the parts I was willing to give her, but not the whole. I should feel bad about that. That's what I've been told anyway. I don't. I live the way I want. Always have. Not about to change for anyone. Not. Even. Her. Someone should have warned me that her innocence didn't mean she wasn't full of fire and brimstone. My little angel turned she-demon and it changed everything. *This book was a requested story from readers who enjoy reading cheating romance storylines. Devastate Me is 133,110 words in length. Typical romance books are between 50,000 and 90,000 words. This is a lengthy read and has quite a few triggers that might not agree with sensitive readers.
