**Perched on the Periphery** Jharna Banerji, 2017-02-17 Nandita is a middle-aged Hindu widow who has always derived her identity from her roles as mother and grandmother. So when her son asks her to move from India to Illinois to help settle his young family in a new country, Nandita is certain where her duty lies and willingly leaves everything she knows behind. Unfortunately she never considers how she will build a life of her own once her usefulness to her son's family declines. While Nandita attempts to redefine herself and find meaning in a new culture devoid of familiar traditions, her life's path eventually leads her to Bill Brady, a widower heartbroken over the recent death of his wife. As Bill and Nandita form a friendship over their commonalities related to grief, she is left to decide whether she wants him as a friend--or something much more. *Perched on the Periphery* paints an intimate portrait of a Hindu widow's journey to find her identity, search for meaning within a new culture, and contemplate loving again.

**Grow Younger** Mala Mansukhani, 2020-02-07 Testimonial: Mala and her youthful energy, even though she is a grandmother, is proof that she practices the thoughtful and knowledgeable insights that she has given in her book "Grow Younger". The book has valuable wisdom and I believe in most of the guidance shared by her. In fact I practice them myself. I think this book is a useful read for everyone, not just those who think they are getting older. - MILKHA SINGH About the book "Age is just a number." "Sixty is the new forty." "You are as young as you think." Everyone has heard these catch-phrases sometime or the other. People utter them to sound cool, and perhaps, younger. But when people say such things, do they know what they really mean? *Grow Younger* tells the story of

one woman who lived and still lives a youthful life. However, this book is not only about her life. It is also about your life; why you should and how you can live a youthful life. Written with an infectious conviction, the book is peppered with practical, sensible and common-sensical advice on how to think, act, feel and be younger. It shows you that counting your blessings matters more than counting the number of candles on your birthday cake.

**The Making of Exile** Nandita Bhavnani, 2014 To date, most books on Partition have ignored or minimised the Sindhi Hindu experience, which was significantly different from the trials of minorities in Punjab or Bengal. *The Making of Exile* hopes to redress this, by turning a spotlight on the specific narratives of the Sindhi Hindu community. Post-Partition, Sindh was relatively free of the inter-communal violence witnessed in Punjab, Bengal, and other parts of north India. Consequently, in the first few months of Pakistan's early life, Sindhi Hindus did not migrate, and remained the most significant minority in West Pakistan. Starting with the announcement of the Partition of India, *The Making of Exile* firmly traces the experiences of the community - that went from being a small but powerful minority to becoming the target of communal discrimination, practised by both the state as well as sections of Pakistani society. This climate of communal antipathy threw into sharp relief the help and sympathy extended to Sindhi Hindus by other Pakistani Muslims, both Sindhi and muhajir. Finally, it was when they became victims of the Karachi pogrom of January 1948 that Sindhi Hindus felt compelled to migrate to India. The second segment of the book examines the resettlement of the community in India - their first brush with squalid refugee camps, their struggle to make sense of rapidly changing governmental policies, and the spirit of determination and enterprise with which they rehabilitated themselves in their new homeland.

**The Amils of Sindh** Saaz Aggarwal, 2019 The Amils of Sindh originated in a small group of families who migrated to Sindh through the seventeenth century, driven from neighbouring provinces by economic need, political forces and natural disasters. Through the centuries, the defining quality of the Amils was their commitment to education. They used their education to build careers for themselves, to lead comfortable lives and to create wealth for their families. As an elite layer of society, the Amils were inspiring role models and created a fervour of enthusiasm for education among the middle class in Sindh. The Partition of India and their subsequent dispersal cost them dearly, but they focussed on adapting with dignity to new lives in new places. This book honours the silent sacrifices of the generation that left so much behind. It provides the context for present and future generations to identify themselves with pride in family grids to which they belong--Back cover.

**Risalo** 'Abd al-Latīf (Shah), 2018 Shah Abdul Latif's Risalo is acknowledged as the greatest classic of Sindhi literature. In this collection of Sufi verses, composed for musical performance, the poet creates a vast imaginative world of interlocking references to Islamic themes of mystical and divine love and the scenery, society, and legends of the Sindh region.
