The Storm John Drinkwater,1915

The Tornado John Edward Weems,2017-06-01 The Tornado gives account of one of the world's most terrifying natural disasters. Twisters have left their wake of freakish consequences throughout the United States and the world, and The Tornado vividly describes some of the most bizarre from around the country—houseboats sailing through the air; cars flown to a landing half a cornfield away; an entire house lifted and demolished, leaving only a divan holding the uninjured family. The most detailed description of a tornado and the violence it can bring comes from the author's focus on the tragedy of one American town in 1953. John Edward Weems was an eyewitness reporter of a funnel that hit Waco, Texas, on May 11 of that year. In gripping narrative, he portrays the events of that day: a man clinging to a guard rail while a mailbox, plate glass, bricks, and assorted debris whizzed past his head; automobiles rolling end on end down the street; buildings falling like blocks knocked down by an angry child; a movie theater crumbling on the terrified patrons. When the storm had passed, 114 people were dead and hundreds injured; property damage ran in the tens of millions of dollars. Research in news reports, government weather documents, and books flesh out this account, which Pulitzer-prize winner Annie Dillard called "wonderfully exciting. It is full of people, and the thousands of details that make up their lives—and deaths. [It is] a story of enormous power." John Banta, writing in the Waco Tribune-Herald, described it as "a gripping story of human drama and tragedy." Kirkus Reviews said, ". . . the events still chill face to face with a power that defies reason." Royalties from the sale of The Tornado will benefit the book fund of the Waco-McLennan County Public Library.

The Storm John M. Wills,2016-11-02 Anna's life in the small town of Heavenly Harbor, Michigan, seems idyllic. Married ten years to her childhood sweetheart, Mark, she wants for nothing, except a baby. Unfortunately, her husband doesn't share her enthusiasm. But Anna has been secretly keeping a journal. She's recorded her suspicions about Mark's reluctance to share her dream. As she is about to confront him, lightning strikes, literally, causing her to lose her memory. The Storm will not only damage Anna physically, but possibly destroy her marriage as well-and Mark's secret life is about to implode.

Dark Wind John Jiler,2014-10-14 September 25, 1985. The worst storm in half a century is headed towards the United States, her point of landfall--Fire Island, a narrow sandbar hugging the shore of Long Island. The East Coast is evacuated for hundreds of miles north and south, but on Fire Island itself, ten people refuse to eave. In Dark Wind, a remarkable work of nonfiction, John Jiler tells the story of those people. A gay man with AIDS stayed behind because he had nothing left to lose. One pair of fiends tried to endure the storm with deep, meditative prayer; another trio, with a wild, chattering cocktail party. Also on the island lay the Sunken Forest, an ancient woods teeming with birds, plant, and animal life that was no less profoundly threatened by the power of Hurricane Gloria. In this literary tour de force, Jiler combines the results of in-depth interviews with the survivors and detailed knowledge of the unique social and natural history of Fire Island to produce a panoramic account of nature in its inexplicable, sublime fury.

Storm Surge John F. Banas,2021-04-12 All is not what it seems.A lot can happen to a person in a Disaster Area...Brenda Meyers is having a bad day. Her daughter is trapped somewhere in New Orleans right before Hurricane Katrina strikes. Her increasingly estranged husband may be on the verge of

losing yet another job. To top it all off, her cheating former fiancé is claiming to have evidence that his wife and Brenda's husband are having an affair. But nothing matters more than finding and rescuing her daughter. Brenda insists that a rescue mission can be made before the storm hits. Her husband isn't so keen on the idea - he's heard that the city may flood, making the rescue even harder. So, when her former fiancé offers his boat and his help, Brenda reluctantly accepts, knowing full well that her husband and Ex cannot get along. Her worries prove correct; while racing the raging storm, she uncovers a fiendish plot to murder her well insured husband - who happens to harbor secrets of his own. Will she be able to survive the ravages of Katrina, find her daughter, and prevent a professional hit without painting a target on her own back?

New York in the Revolution as Colony and State James Arthur Roberts, 1996 Second only to Massachusetts in furnishing troops for the Revolutionary War, New York put at least 43,645 men in the field, all of whom are identified in this work from original muster rolls and payrolls in the State Comptroller's Office, as well as from records concerning regiments of the Line in rolls on file in the old War Department in Washington. New York forces were divided into Lines, Levies, and Militias, and these units, combined with men from coastal privateers, totaled 43,645, but if we add the 8,237 men named in the Land Bounty Papers in this second edition, a total force of nearly 52,000 men is arrived at, all of whom are conveniently located in the index to the first volume. Some three years after the publication of the second edition of *New York in the Revolution*, the State Comptroller's Office published a second volume, or Supplement, of *New York in the Revolution*, in effect, a compilation of the documents and records in the Comptroller's Office that were used in compiling the rolls and rosters in the first volume. In the reprint edition that we are now offering, these two scarce volumes have been combined into one, and New York's contribution to the Revolutionary War is finally enshrined in a single, accessible, and affordable volume--one we are confident anyone with an interest in New York history and genealogy will appreciate.

A Weekend in September John Edward Weems, 1957 The Galveston hurricane of 1900--the nation's deadliest natural disaster.

Sacrifice Zones Steve Lerner, 2012-09-21 The stories of residents of low-income communities across the country who took action when pollution from heavy industry contaminated their towns. Across the United States, thousands of people, most of them in low-income or minority communities, live next to heavily polluting industrial sites. Many of them reach a point at which they say "Enough is enough." After living for years with poisoned air and water, contaminated soil, and pollution-related health problems, they start to take action—organizing, speaking up, documenting the effects of pollution on their neighborhoods. In *Sacrifice Zones*, Steve Lerner tells the stories of twelve communities, from Brooklyn to Pensacola, that rose up to fight the industries and military bases causing disproportionately high levels of chemical pollution. He calls these low-income neighborhoods "sacrifice zones." And he argues that residents of these sacrifice zones, tainted with chemical pollutants, need additional regulatory protections. *Sacrifice Zones* goes beyond the disheartening statistics and gives us the voices of the residents themselves, offering compelling portraits of accidental activists who have become grassroots leaders in the struggle for environmental justice and details the successful tactics they have used on the fence line with heavy industry.

Nature's Terrorist Hurricane Irma John C Richardson,2019-02-08 Nature's Terrorist Hurricane Irma is so much more than a book about a natural disaster that ravaged an entire Caribbean nation. It is a riveting story about triumph over adversity. It is about hope emerging from despair. And above all, it is about a man, his family, and his countrymen finding the silver lining behind the darkest of dark clouds. Chris Richardson is an exceptional human being, a proud Anguillan, and an inspirational writer. His book will grip you with fear as he recounts how his tiny island homeland weathered the terrorist storm, and then it will uplift you as they rise from the rubble, rededicate, and rebuild.- Marshall Karp# 1 New York Times Bestselling Author
