*Listening with a Feminist Ear* Pavitra Sundar,2023-08-14 Listening with a Feminist Ear is a study of the cultural politics and possibilities of sound in cinema. Eschewing ocularcentric and siloed disciplinary formations, the book takes seriously the radical theoretical and methodological potential of listening. It models a feminist interpretive practice that is not just attuned to how power and privilege are materialized in sound, but that engenders new, counter-hegemonic imaginaries. Focusing on mainstream Bombay cinema, Sundar identifies singing, listening, and speaking as key sites in which gendered notions of identity and difference take form. Charting new paths through seven decades of film, media, and cultural history, Sundar identifies key shifts in women's playback voices and the Islamicate genre of the qawwali. She also conceptualizes spoken language as sound, and turns up the volume on a capacious, multilingual politics of belonging that scholarly and popular accounts of nation typically render silent. All in all, Listening with a Feminist Ear offers a critical sonic sensibility that reinvigorates debates about the gendering of voice and body in cinema, and the role of sound and media in conjuring community.

*Formal Techniques in Real-Time and Fault-Tolerant Systems* Werner Damm,Ernst-Rüdiger Olderog,2002-08-28 This volume contains the proceedings of FTRTFT 2002, the International Symposium on Formal Techniques in Real-Time and Fault-Tolerant Systems, held at the University of Oldenburg, Germany, 9-12 September 2002. This symposium was the seventh in a series of FTRTFT symposia devoted to problems and solutions in safe system design. The previous symposia took place in Warwick 1990, Nijmegen 1992, Lübeck 1994, Uppsala 1996, Lyngby 1998, and Pune 2000. Proceedings of these symposia were published as volumes 331, 571, 863, 1135, 1486, and 1926 in the LNCS series by Springer-Verlag. This year the symposium was co-sponsored by IFIP Working Group 2.2 on Formal Description of Programming Concepts. The symposium presented advances in the development and use of formal techniques in the design of real-time, hybrid, fault-tolerant embedded systems, covering all stages from requirements analysis to hardware and/or software implementation. Particular emphasis was placed on UML-based development of real-time systems. Through invited presentations, links between the dependable systems and formal methods research communities were strengthened. With the increasing use of such formal techniques in industrial settings, the conference aimed at stimulating cross-fertilization between challenges in industrial usages of formal methods and advanced research. In response to the call for papers, 39 submissions were received. Each submission was reviewed by four program committee members assisted by additional referees. At the end of the reviewing process, the program committee accepted 17 papers for presentation at the symposium.

**The Untold Charminar** Syeda Imam,2008-05-14 A dazzling collection that captures the essence of Hyderabad, offering glimpses of the various strands that go into its making, fact and legend, old-world quaintness and the highest hi-tech, eccentricity and intrigue, the calm of genteelness and the fury of rebellion. Hyderabad is a city once ruled by the world's richest man who invested most lavishly in his state, most shabbily in his wardrobe; it holds stories of a courtesan who fought wars, counselled prime ministers, sang her own verse and enthralled luminaries who mattered; of a chief minister who transformed it into a hi-tech hub; and of a sports star who brought the young glamour of India to every tennis court in the world. Home as much to the Golconda as to Jacob, the 187-carat diamond used as a paperweight by the Nizam, and to rock landscapes two and a half million years old, Hyderabad is a city that forever mixes cultures, cuisines, religions and languages. Here, Persian turned alloy with Telugu, Marathi and Arabic to yield a special version of Urdu, Dakhini. And here, as Andhra mingled with Telangana, a smiling mildness has survived, disarming at every turn, just as grace under pressure, regardless of gender, is unfailing. In The Untold Charminar readers will discover a city they will want to explore, as Sarojini Naidu, Sir Mark Tully and William Dalrymple rub shoulders with Ian Austin, Meenakshi Mukherjee and Anees Jung, regaling you with their feast of hard facts and hearsay; as each foreign visitor shares his story through Narendra Luther; as the film-makers Shyam Benegal and Nagesh Kukunoor paint their vivid memories of home; as poets, not just the maverick Makhdoom and Gaddar, raise their voices in song; as statesmen, academics and aficionados hold forth on the completely different Hyderabad each experienced. And when Tejaswini Niranjana profiles the vigilante Vijayasanthi and Dharmender Prasad picks out place names and explains their sometimes almost mystic origins, as Bachi Karkaria, Omkar Goswami and Harsha Bhogle share their typically offbeat views of a favourite city, readers will be persuaded to believe they have encountered not a city but the inner workings of a very complex character.

**Master of Arts** Tulsi Badrinath,2013-05-20 V.P. Dhananjayan was one of the first men to make a successful career as a Bharata Natyam dancer. In the late sixties, when he made this choice, Bharata Natyam – the classic dance form that Rukmini Devi helped evolve from the dance of the devadasis – was almost exclusively the domain of women. In making Bharata Natyam his profession, Dhananjayan had to create a space for his dance where none existed. It is only recently, in the relatively short span of the past seventy years, and to a great extent because of the creative efforts of versatile and innovative dancers like Dhananjayan, that greater number of men have performed Bharata Natyam as men, without needing to dress as women to appear on stage. As Dhananjayan's student for nearly forty years now, and a trained dancer herself, the author, Tulsi Badrinath, chronicles the story of his brilliant life in dance with the insight of one who understands each nuance of it. Weaving her own life-long passion for Bharata Natyam with his

remarkable story, she brings to light the difficulties faced by a male dancer in establishing himself in what was thought to be a somewhat unrespectable profession, and tells the compelling story of his life with empathy and understanding. Writing of his years in Kalakshetra and his departure from it; of the deep love that blossomed between him and his wife, Shanta, and the incredible dance partnership they forged, making them famous as The Dhananjayans; of his international collaborations with Ravi Shankar; and of his ability, as guru and teacher, to impart his passion for dance to his disciples, she explores her own understanding of what the dance, and her guru, have meant to her. Interspersing this remarkable tale of guru and shishya with the stories of other young male dancers in the realm of Bharata Natyam, she pays tribute to their extraordinary commitment, their talent and their courage.

**Voice and Agency** Jeni Klugman,Lucia Hanmer,Sarah Twigg,Tazeen Hasan,Jennifer McCleary-Sills,Julieth Santamaria,2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women s empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

*The Kingdom of Copper* S. A. Chakraborty,2019-01-22 S. A. Chakraborty continues the sweeping adventure begun in *The City of Brass*—the best adult fantasy I’ve read since *The Name of the Wind* (#1 New York Times bestselling author Sabaa Tahir)—conjuring a world where djinn summon flames with the snap of a finger and waters run deep with old magic; where blood can be dangerous as any spell, and a clever con artist from Cairo will alter the fate of a kingdom. Nahri’s life changed forever the moment she accidentally summoned Dara, a formidable, mysterious djinn, during one of her schemes. Whisked from her home in Cairo, she was thrust into the dazzling royal court of Daevabad—and quickly discovered she would need all her grifter instincts to survive there. Now, with Daevabad entrenched in the dark aftermath of a devastating battle, Nahri must forge a new path for herself. But even as she embraces her heritage and the power it holds, she knows she’s been trapped in a gilded cage, watched by a king who rules from the throne that once belonged to her family—and one misstep will doom her tribe.. Meanwhile, Ali has been exiled for daring to defy his father. Hunted by assassins, adrift on the unforgiving copper sands of his ancestral land, he is forced to rely on the frightening abilities the marid—the unpredictable water spirits—have gifted him. But in doing so, he threatens to unearth a terrible secret his family has long kept buried. And as a new century approaches and the djinn gather within Daevabad’s towering brass walls for celebrations, a threat brews unseen in the desolate north. It’s a force that would bring a storm of fire straight to the city’s gates . . . and one that seeks the aid of a warrior trapped between worlds, torn between a violent duty he can never escape and a peace he fears he will never deserve.
