Santiago's Road Home Alexandra Diaz,2020-05-05 “With every chapter, readers will be further immersed in Santiago’s story as they root for his triumph over injustice.” —Booklist (starred review) “With unflinching conviction, Diaz sketches a frank, brief account of refugee youth in an uncaring bureaucratic system.” —Kirkus Reviews (starred review) “Harrowing but deeply illuminating.” —School Library Journal “Diaz’s crucial narrative shines a disconcerting light on the plight of children in US detention centers along the southern border.” —Publishers Weekly (starred review) A young boy gets detained by ICE while crossing the border from Mexico to the United States in this timely and unflinching novel by award-winning author Alexandra Diaz. The bed creaks under Santiago’s shivering body. They say a person’s life flashes by before dying. But it’s not his whole life. Just the events that led to this. The important ones, and the ones Santiago would rather forget. The coins in Santiago’s hand are meant for the bus fare back to his abusive abuela’s house. Except he refuses to return; he won’t be missed. His future is uncertain until he meets the kind, maternal María Dolores and her young daughter, Alegría, who help Santiago decide what comes next: He will accompany them to el otro lado, the United States of America. They embark with little, just backpacks with water and a bit of food. To travel together will require trust from all parties, and Santiago is used to going it alone. None of the three travelers realizes that the journey through Mexico to the border is just the beginning of their story.

Safe Within These Walls Andra Medea,2013-11-27 In the wake of school tragedies and the growing concern about creating safe environments for children, teachers, parents, and school personnel, this resource provides practical techniques and guidelines for de-escalating aggression with insight and finesse rather than with force. Andra Medea, an instructor in conflict management and nationally recognized expert, developed the Virtual Tranquilizer, a set of non-contact de-escalation techniques used by psychiatric staff, school administrators, and even court personnel. In this readily accessible book, she explains how to manage aggression from tantrums to mental health issues and school shootings, using anecdotes, research-informed techniques, and, at times, humor. Readers will find the concrete tools they need to create a positive climate in which they recognize signs of building aggression and use practical techniques to head it off: demonstrating that the best way to handle violence is to keep it from happening in the first place.

The Biggest Secret David Icke,2023-11-05 How the same inter-breeding bloodline has controlled the world for thousands of years.

The Dare Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

The Patient's Brain Fabrizio Benedetti,2011 Due to advances within neuroscience, we are now in a much better position to be able to describe and discuss the biological mechanisms that underlie the doctor-patient relationship. Using this knowlege, this book describes and demonstrates the power that the doctor's behaviour has on a patient's behaviour and capacity for recovery from illness.

Learning with Information Systems Simon Bell,2013-02-01 In Learning with Information Systems the author takes the developing world as the context and through a series of case studies develops a commonly used systems analysis methodology. He demonstrates how this methodology can evolve and adapt as new ideas become prominent. Issues of sustainability of information systems, participation in systems design and user ownership of systems are all examined. This book does not attempt to be prescriptive for all contexts nor does it focus on any particular technology. It addresses the essential questions and promises practical approaches which will help in the avoidance of the worst forms of disaster associated with the planning of information systems for developing countries.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Spaceship in the Desert Gökçe Günel,2019-03-01 In 2006 Abu Dhabi launched an ambitious project to construct the world’s first zero-carbon city: Masdar City. In Spaceship in the Desert Gökçe Günel examines the development and construction of Masdar City's renewable energy and clean technology infrastructures, providing an illuminating portrait of an international group of engineers, designers, and students who attempted to build a post-oil future in Abu Dhabi. While many of Masdar's initiatives—such as developing a new energy currency and a driverless rapid transit network—have stalled or not met expectations, Günel analyzes how these initiatives contributed to rendering the future a thinly disguised version of the fossil-fueled present. Spaceship in the Desert tells the story of Masdar, at once a “utopia” sponsored by the Emirati government, and a well-resourced company involving different actors who participated in the project, each with their own agendas and desires.

Prison Letters Antonio Gramsci,1988 'An extraordinary philosopher ... probably the most original communist thinker of twentieth-century Europe' Eric Hobsbawm'These letters are a noble and moving testament both to Mussolini's failure and to the courage and strength of will that drove Gramsci throughout his life' The Observer'Gramsci's letters ... demonstrate the originality of his brand of communist thought ... An extraordinary character, who does not deserve to be solely the property of academics and name-dropping cultural critics' The ScotsmanAntonio Gramsci is one of the great European Marxists, hailed by Eric Hobsbawm as 'an extraordinary philosopher ... probably the most original communist thinker of twentieth-century Europe'. His primary contribution has been in his insistence on an understanding of popular culture in the battle to create a revolutionary consciousness. It is this humanitarian aspect of his thinking that illuminates the vivid personal testimony of his prison letters, written between 1926 and 1937.
