Everyday Arias Paul Atkinson, 2006-02-27 Paul Atkinson explores the remarkable world of opera through his fieldwork with the internationally known Welsh National Opera company. He demonstrates how cultural phenomena are produced and enacted by taking us on stage and behind the scenes into the collective social action that goes into the realization of an opera. Atkinson's work will appeal to anthropologists and sociologists who study the performance arts, as well as to those engaged in theatre arts, opera, and music.

Baker, 2014-02-13 Absurdity, social realism, and the indepth examination of the human condition are but a few of the themes that comprise the contents of the seventythree short stories breathing menacingly between the covers of this book. I Will Not Leave You Comfortless Jeremy

Jackson, 2012-10-02 This memoir of “a happy childhood in rural Missouri just before the digital revolution [is] a sweet record of a time and a place that was not Always On.” —St. Louis Post-Dispatch Spanning one year of the author’s

life—1984—I Will Not Leave You Comfortless is the intimate memoir of a young boy coming to consciousness in small-town Missouri. The year will bring ten-year-old Jeremy first loves, first losses, and a break from the innocence of boyhood that will never be fully repaired. For Jeremy, the seeming security of his life on the family farm is forever shaken by the life-altering events of that pivotal year. Throughout, he recalls the deeply sensual wonders of his rural Midwestern childhood—bicycle rides in September sunlight; the horizon vanishing behind tall grasses—while stories both heart-wrenching and humorous, tragic and triumphant, Jackson weaves past, present, and future into the rich Missouri landscape. “I could smell the mulberries crushed underfoot and the sweet steam of the cinnamon roll Grandma heated in the toaster oven just for Jeremy, hear the ever-increasing volume of an approaching late-spring storm . . . The year of Jeremy Jackson’s life on which he meditates in I Will Not Leave You Comfortless marked his transition from the perfect happiness of childhood to the much more complex reality of adulthood. It records, as well, the abiding comfort that remains—family, home and love.” —Wichita Eagle “Jackson writes about Missouri as the young Hemingway wrote about Michigan: with a clear eye; with hard-edged nostalgia; and (here’s the thing) with brilliance.” —Darin Strauss, author of Half a Life

Gaming Cultures and Place in Asia-Pacific

Larissa Hjorth, Dean Chan, 2009-06-24 This

collection explores the relationship between digital gaming and its cultural context by focusing on the burgeoning Asia-Pacific region. Encompassing key locations for global gaming production and consumption such as Japan, China, and South Korea, as well as increasingly significant sites including Australia and Singapore, the region provides a wealth of divergent examples of the role of gaming as a socio-cultural phenomenon. Drawing from micro ethnographic studies of specific games and gaming locales to macro political economy analyses of techno-nationalisms and trans-cultural flows, this collection provides an interdisciplinary model for thinking through the politics of gaming production, representation, and consumption in the region.

How People Who Don't Know They're Dead Gary Leon Hill,2005-06-20 Hill tells how his Uncle Wally and Aunt Ruth came to counsel dead spirits who took up residence in bodies that didn't belong to them. He has woven this fascinating story with the history and theory of what happens at death.

Marketing of Tourism Experiences Noel Scott,Eric

Laws, Philipp Boksberger, 2013-09-13 This book provides a review of the current theory and practice of experiential tourism and how it is marketed. Many societies today are characterised by widespread individual wealth of an order previously confined to the elite with the consequence that ownership of 'ordinary' physical goods is no longer a distinguishing factor. Instead people are now seeking the 'extraordinary' with examples being bodies enhanced through surgery, personal fitness trainers, and, in the case of leisure and tourism, seeking unique and unusual places to visit and activities to undertake. This trend manifests in the increasing consumption of services and the addition of experiential elements to physical goods by businesses aware of societal changes. The trend is enhanced by rapidly changing technology and economic production methods providing new sectors of the world's population with access to the consumption experiences that are repeatedly featured in the media. This is the experience economy, characterised by a search by consumers for fantasies, feelings, and fun. This book was based on a special issue of Journal of Hospitality Marketing & Management.

Bereavement Narratives Christine

Valentine, 2008-07-08 Bereavement is often treated as a psychological condition of the individual with both healthy and pathological forms. However, this empirically-grounded study argues that this is not always the best or only way to help the bereaved. In a radical departure, it emphasises normality and social and cultural diversity in

grieving. Exploring the significance of the dying person's final moments for those who are left behind, this book sheds new light on the variety of ways in which bereaved people maintain their relationship with dead loved ones and how the dead retain a significant social presence in the lives of the living. It draws practical conclusions for professionals in relation to the complex and social nature of grief and the value placed on the right to grieve in one's own way – supporting and encouraging the bereaved person to articulate their own experience and find their own methods of coping. Based on new empirical research, *Bereavement Narratives* is an innovative and invaluable read for all students and researchers of death, dying and bereavement.

Reclaiming the Archive Vicki Callahan, 2010-04-15 *Reclaiming the Archive: Feminism and Film History* brings together a diverse group of international feminist scholars to examine the intersections of feminism, history, and feminist theory in film. Editor Vicki Callahan has assembled essays that reflect a range of methodological approaches—including archival work, visual

culture, reception studies, biography, ethno-historical studies, historiography, and textual analysis—by a diverse group of film and media studies scholars to prove that feminist theory, film history, and social practice are inevitably and productively intertwined. Essays in *Reclaiming the Archive* investigate the different models available in feminist film history and how those feminist strategies might serve as paradigmatic for other sites of feminist intervention. Chapters have an international focus and range chronologically from early cinema to post-feminist texts, organized around the key areas of reception, stars, and authorship. A final section examines the very definitions of feminism (post-feminism), cinema (transmedia), and archives (virtual and online) in place today. The essays in *Reclaiming the Archive* prove that a significant heritage of film studies lies in the study of feminism in film and feminist film theory. Scholars of film history and feminist studies will appreciate the breadth of work in this volume.
