Be Careful, Kangaroo! Deirdre Langeland, 2003 As thunder rumbles through the air and the sky turns dark, a young kangaroo and his family prepare for the coming storm. Suddenly, a bolt of lightening strikes a gum tree! A fire has started and Kangaroo is separated from his family. Will he be able to find them?

The Red Kangaroo in Central Australia Alan Newsome, Thomas Newsome, 2016-07-01 The red kangaroo is at the heart of Australia's ecological identity. It is Australia's largest terrestrial land mammal, the largest extant marsupial, and the only kangaroo truly restricted to Australia's arid interior. Almost nothing was known about the ecology of the red kangaroo when Alan Newsome began to study it in 1957. He discovered how droughts affect reproduction, why red kangaroos favour different habitats during droughts from those after rains, and that unprecedented explosions in red kangaroo numbers were caused by changes to the landscape wrought by graziers. Most importantly, he realised the possibilities of enriching western science with Indigenous knowledge, a feat recognised today as one of the greatest achievements of his career. First drafted in 1975 and now revised and prepared for publication by his son, *The Red Kangaroo in Central Australia* captures Alan's thoughts as a young ecologist working in Central Australia in the 1950s and 1960s. It will inspire a new generation of scientists to

explore Australia's vast interior and study the extraordinary adaptations of its endemic mammals. It will also appeal to readers of other classics of Australian natural history, such as Francis Ratcliffe's Flying Fox and Drifting Sand and Harry Frith's The Mallee Fowl, The Bird that Builds an Incubator.

Pete Dunne's Essential Field Guide Companion Pete Dunne, 2013-01-08 From the award-winning birder and author of Birds of Prey, an authoritative, information-packed guide to distinguishing North American birds. In this book, bursting with more information than any field guide could hold, the well-known author and birder Pete Dunne introduces readers to the "Cape May School of Birding." It's an approach to identification that gives equal or more weight to a bird's structure and shape and the observer's overall impression (often called GISS, for General Impression of Size and Shape) than to specific field marks. After determining the most likely possibilities by considering such factors as habitat and season, the birder uses characteristics such as size, shape, color, behavior, flight pattern, and vocalizations to identify a bird. The book provides an arsenal of additional hints and helpful clues to guide a birder when, even after a review of a field guide, the identification still hangs in the balance. This supplement to field guides shares the knowledge and skills that expert birders bring to identification challenges. Birding should be an enjoyable pursuit for beginners and experts alike, and Pete Dunne combines a unique playfulness

with the work of identification. Readers will delight in his nicknames for birds, from the Grinning Loon and Clearly the Bathtub Duck to Bronx Petrel and Chicken Garnished with a Slice of Mango and a Dollop of Raspberry Sherbet.

Growing Up with Joey Storm Plains, 2012-07-30 A true story about an Eastern Grey Kangaroo named Joey who was raised with five human brothers. Joey never did realize he was a kangaroo and acted human. The pictures in this book are adorable and humorous. They show Joey acting as if he was human. Everything from riding around in a car to going to school with other children. This book is a must have for anyone who loves animals. It is unique and one of a kind. Please visit www.stormplains.com

Welcome to Australia Heather Knowles, 2011-09-01 Issue your students a passport to travel the globe with this incredible packet on Australia! Units feature in-depth studies of each countrys history, culture, language, foods, and so much more. Reproducible pages provide cross-curricular reinforcement and bonus content, including activities, recipes, and games. Numerous ideas for extension activities are also provided. Beautiful illustrations and photographs make students feel as if theyre halfway around the world.

Stormy Weather Debi Gliori, 2012-12-20 Story-time will be eagerly anticipated when you read this wonderful lullaby picture book, populated with a rich cast of animals, from rabbits and bears to owls and seals, as every parent and child prepares for a safe night's sleep. With boundless energy, the text takes a ride through a night-time of possibilities as stormy weather assails the characters. Each fearful moment is calmly laid aside with warm cuddles and sweet caresses of reassurance. Combining soothing text that gently addresses bedtime fears with adorable art that will be familiar to Debi's many fans, this picture book will become a firm family favourite along with hot milk and bedtime kisses. Brilliantly read by Amelia Fox. Please note that audio is not supported by all devices, please consult your user manual for confirmation.

The Silent Country Di Morrissey,2012-01-06 The Silent Country is a vast and beautiful wilderness, a place which holds secrets and stories that are rarely spoken. TV producer Veronica Anderson travels to the Northern Territory to retrace the journey of an expedition that had set out 50 years earlier to film the outback, but which mysteriously ended in tragedy. Of the group, led by the eccentric Maxim Topov, few are still alive and they are reluctant to talk about the intriguing events. It is through the help of local NT Park Ranger, Jamie McIntosh, that Veronica begins to piece together the puzzle and discover the answers. These answers break the silence and change her life

Boinga Boing Julia Storm,2018-05-28 In the vicinity of Australia, I saw a mouse, a VERY BIG mouse! So starts the book, 'Boing Boing' by Julia Storm, but is it really a mouse? What else could it be? Can you guess? Based on a song the author made up as a child, 'Boinga Boing' is a book that you can sing along to or simply read with your little one, all the while trying to catch a glimpse of the main character as it always seem to jump just out of

view. To hear the song sung by her son visit Julia Storm's Amazon Author Page or her Youtube Channel. Set in Australia and beautifully illustrated in watercolour by Anna Kondratova 'Boinga Boing' is a fun addition to any child's library.

Storm Data ,2004-07

The Dreamtime Charles P Mountford,2020-04-24 The Dreamtime is one of the greatest Australian publishing successes. The first edition was published in 1965, and fifteen impressions were issued to meet the constant demand. This is the first electronic edition. The original concept of the paintings was developed by an association between Ainslie Roberts and Charles Mountford. Mr Roberts had made extensive painting tours through remote outback regions, and Mr Mountford, of course, is well known for his anthropological work among the Aboriginal peoples. including Nomads of the Australian Desert. Other books in the series include Dreamtime Heritage, Shadows in the Mist, The First Sunrise and The Dawn of Time.
