The Selected Works of Abdullah the Cossack H.M. Naqvi, 2019-03-12 The winner of the DSC Prize for South Asian Literature follows his debut *Home Boy* with “an unforgettable romp across love, life, and everything else” (Akhil Sharma, author of *Family Life*). Abdullah, bachelor and scion of a once prominent family, awakes on the morning of his seventieth birthday and considers launching himself over the balcony. Having spent years attempting to compile a “mythopoetic legacy” of his beloved Karachi, the cosmopolitan heart of Pakistan, Abdullah has lost his zeal. A surprise invitation for a night out from his old friend Felix Pinto snaps Abdullah out of his funk and saddles him with a ward—Pinto’s adolescent grandson Bosco. As Abdullah plays mentor to Bosco, he also attracts the romantic attentions of Jugnu, an enigmatic siren with links to the mob. All the while Abdullah’s brothers’ plot to evict him from the family estate. Now he must try to save his home—or face losing his last connection to his familial past. Anarchic, erudite, and rollicking, with a septuagenarian protagonist like no other, *The Selected Works of Abdullah the Cossack* is a joyride of a story set against a kaleidoscopic portrait of one of the world’s most vibrant cities. “H.M. Naqvi’s remarkable Cossack is the Pakistani Falstaff, the Tristram Shandy of ‘Currachee,’ spinning yarns inside yarns, allusive, affirming, and grandly comic.”—Joshua Ferris, author of *To Rise Again at a Decent Hour* “Wild, wise, and tender . . . Every page in this book is a playground, and each sentence an absolute thrill and joy to read.”—Patricia Engel, author of *The Veins of the Ocean* “Completely original in form and sensibility.”—Ha Jin, winner of the National Book Award

Film, Music, Memory Berthold Hoeckner, 2019-11-27 Film has shaped modern society in part by changing its cultures of memory. Film, Music, Memory reveals that this change has rested in no small measure on the mnemonic powers of music. As films were consumed by growing American and European audiences, their soundtracks became an integral part of individual and collective memory. Berthold Hoeckner analyzes three critical processes through which music influenced this new culture of memory: storage, retrieval, and affect. Films store memory through an archive of cinematic scores. In turn, a few bars from a soundtrack instantly recall the image that accompanied them, and along with it, the affective experience of the movie. Hoeckner examines films that reflect directly on memory, whether by featuring an amnesic character, a traumatic event, or a surge of nostalgia. As the history of cinema unfolded, movies even began to recall their own history through quotations, remakes, and stories about how cinema contributed to the soundtrack of people’s lives. Ultimately, *Film, Music, Memory* demonstrates that music has transformed not only what we remember about the cinematic experience, but also how we relate to memory itself.

Gender and Time Use in a Global Context Rachel Connelly, Ebru Kongar, 2017-07-10 This edited volume uses a feminist approach to explore the economic implications of the complex interrelationship between gender and time use. Household composition, sexuality, migration patterns, income levels, and race/ethnicity are all considered as important factors that interact with gender and time use patterns. The book is split in two sections: The macroeconomic portion explores cutting edge issues such as time poverty and its relationship to income poverty, and the macroeconomic effects of recession and austerity; while the microeconomic section studies topics such as differences by age, activity sequencing, and subjective well-being of time spent. The chapters also examine a range of age groups, from the labor of school-age children to elderly caregivers, and analyze time use in Argentina, Australia, Canada, China, Finland, India, Korea, South Africa, Tanzania, Turkey, and the United States. Each chapter provides a substantial introduction to the academic literature of its focus and is written to be revealing to researchers and accessible to students and policymakers.

The Jaina Worldview Lucas den Boer, 2023-06-30 This book is an analysis of the philosophical chapters of the *Tattvārthādhigama* (TA), a foundational text for the Jaina tradition and the first text that presented the Jaina worldview in a clear and systematic way. The book also includes the first English translation of its oldest commentary, the *Tattvārthādhigamabhāṣya* (TABh). Focusing on the philosophical sections of the TA and TABh, which deviate from the traditional views and introduce several new concepts for the Jaina tradition, the analysis suggests that the TA and the TABh were written by different authors, and that both texts contain several historical layers. The texts reflect aspects of the concurrent intellectual movements, and the textual analysis includes comparisons with the views of other schools, such as the Nyāya and Vaiśeṣika traditions, and offers an in-depth analysis of the philosophical content of these works. The appendix contains an English translation from the original Sanskrit text of the TA and provides the first English translation of the commentary on these passages from the TABh. Situating the text in the wider history of Indian philosophy, the book offers a better understanding of the role of the Jainas in the history of Indian thought. It will be of interest to those studying Indian philosophy, Indian thought and Asian religions.

Textile Legend Unravels Dr. Rajaram Jaipuria, 2007 The story of my life essentially focuses on how politics destroyed an assiduously built industrial empire; how I fought a long but unsuccessful legal battle for getting my textile mills back; and how I eventually succeeded in reinventing life in the very industry I always loved. The origin of the House of Jaipurias dates back to 1914, when my father, Seth Mungturamji Jaipuria, left our native town of Nawalgarh (in Rajasthan) to travel to Kolkata (earlier Calcutta), which was then India’s industrial and commercial hub, and had been its official capital till 1911. (Delhi then acquired that privilege.) I have tried to explain the evolution of the Jaipuria Group, as well as of the Indian textile industry, in as lucid a manner as I could. I hope the young entrepreneurs, as well as the students of management, apart from the public at large, would find my narrative educative and, if I may say so, inspiring. I hope this book would not only help the younger generation understand India’s industrial history and the roots of its own entrepreneurial abilities but would also inspire some of the few remaining entrepreneurs of my generation to record their life histories and share their rich experience, besides warning present and future governments about the dangers of unnecessary meddling in affairs of industry and trade.

Geometric and Discrete Path Planning for Interactive Virtual Worlds Marcelo Kallmann,Mubbasir Kapadia,2022-05-31 Path planning and navigation are indispensable components for controlling autonomous agents in interactive virtual worlds. Given the growing demands on the size and complexity of modern virtual worlds, a number of new techniques have been developed for achieving intelligent navigation for the next generation of interactive multi-agent simulations. This book reviews the evolution of several related techniques, starting from classical planning and computational geometry techniques and then gradually moving toward more advanced topics with focus on recent developments from the work of the authors. The covered topics range from discrete search and geometric representations to planning under different types of constraints and harnessing the power of graphics hardware in order to address Euclidean shortest paths and discrete search for multiple agents under limited time budgets. The use of planning algorithms beyond path planning is also discussed in the areas of crowd animation and whole-body motion planning for virtual characters.

Urban Poverty, Local Governance and Everyday Politics in Mumbai Joop de Wit,2016-10-04 This book explores the informal (political) patronage relations between the urban poor and service delivery organisations in Mumbai, India. It examines the conditions of people in the slums and traces the extent to which they are subject to social and political exclusion. Delving into the roles of the slum-based mediators and municipal councillors, it brings out the problems in the functioning of democracy at the ground level, as election candidates target vote banks with freebies and private-sector funding to manage their campaigns. Starting from social justice concerns, this book combines theory and insights from disciplines as diverse as political science, anthropology and policy studies. It provides a comprehensive, multi-level overview of the various actors within local municipal governance and democracy as also consequences for citizenship, urban poverty, gender relations, public services, and neoliberal politics. Lucid and rich in ethnographic data, this book will be useful to scholars, researchers and students of social anthropology, urban studies, urban sociology, political science, public policy and governance, as well as practitioners and policymakers.
