**Cinema as Weather** Kristi McKim, 2013-03-05 How do cinematic portrayals of the weather reflect and affect our experience of the world? While weatherly predictability and surprise can impact our daily experience, the history of cinema attests to the stylistic and narrative significance of snow, rain, wind, sunshine, clouds, and skies. Through analysis of films ranging from *The Wizard of Oz* to *The Umbrellas of Cherbourg*, from *Citizen Kane* to *In the Mood for Love*, Kristi McKim calls our attention to the ways that we read our atmospheres both within and beyond the movies. Building upon meteorological definitions of weather's dynamism and volatility, this book shows how film weather can reveal character interiority, accelerate plot development, inspire stylistic innovation, comprise a momentary attraction, convey the passage of time, and idealize the world at its greatest meaning-making capacity (unlike our weather, film weather always happens on time, whether for tumultuous, romantic, violent, suspenseful, or melodramatic ends). Akin to cinema's structuring of ephemera, cinematic weather suggests aesthetic control over what is fleeting, contingent, wildly environmental, and beyond human capacity to tame. This first book-length study of such a meteorological and cinematic affinity casts film weather as a means of artfully and mechanically conquering contingency through contingency, of taming weather through a medium itself ephemeral and enduring. Using film theory, history, formalist/phenomenological analysis, and eco-criticism, this book casts cinema as weather, insofar as our skies and screens become readable through our interpretation of changing phenomena.

**Inhospitable World** Jennifer Fay, 2018-03-01 In recent years, environmental and human rights advocates have suggested that we have entered the first new geological epoch since the end of the ice age: the Anthropocene. In this new epoch, humans have come to reshape unwittingly both the climate and natural world; humankind has caused mass extinctions of plant and animal species, polluted the oceans, and irreversibly altered the atmosphere. Ironically, our efforts to make the planet more hospitable to ourselves seem to be driving us toward our inevitable extinction. A force of nature, humanity is now decentered as the agent of history. As Jennifer Fay argues, this new situation is to geological science what cinema has always been to human culture. Film, like the Anthropocene, is a product of the industrial revolution, but arises out of a desire to preserve life and master time and space. It also calls for the creation of artificial worlds, unnatural weather, and deadly environments for entertainment, scientific study, and devising military strategy. Filmmaking stages, quite literally, the process by which worlds and weather come into being and meaning, and it mimics the forces that are driving this new planetary inhospitality. Cinema, in other words, provides an image of nature in the age of its mechanical reproducibility. Fay argues that cinema exemplifies the philosophical, political, and perhaps even logistical processes by which we can adapt to these forces and also imagine a world without humans in it. Whereas standard ecological criticism attends to the environmental crisis as an unraveling of our natural state, this book looks to film (from Buster Keaton, to Jia Zhangke, to films of atomic testing and early polar exploration) to consider how it reflects upon the creation and destruction of human environments. What are the implications of ecological inhospitality? What role might cinema and media theory play in challenging our presumed right to occupy and populate the world? As an art form, film enjoys a unique relationship to the material, elemental world it captures and produces. Through it, we may appreciate the ambitions to design an unhomely planet that may no longer accommodate us.

**The Funny Parts** Anthony Balducci, 2014-01-10 Classic comedy routines and individual gags have been around for many hundreds of years, probably thousands; the best of these ribticklers make their merry way through theater, circus, film and television. The challenge to comedians has always been to adapt familiar material in a way that emphasizes their personal style and outlook. The many routines and gags cited in this illustrated history are lovingly deconstructed to show how they have been shaped to suit different eras and performers. These tried and true laugh-provokers are indestructible. Through all the remakes, revivals, recycles and revamps, they have survived robustly to the present day. As these timeless comedy gems are traced to their beginnings and followed through the years, readers are taken on a mirthful journey from Keystone to Zombieland.

**Keaton's Silent Shorts** Gabriella Oldham, 2010-08-20 Filling a major gap in the critical canon, Keaton's Classic Shorts: Beyond the Laughter chronicles the rapid growth in the filmmaker's understanding of what makes both comedy and film successful. Keaton developed his major themes in these nineteen silent short films shot between 1920 and 1923, creating his persona "Buster" with his trademark stone face. These short films clearly indicate Keaton's love of the camera and his concern for composition, symmetry, and images that delight the eye and startle the mind. Oldham reconstructs each of these rarely seen films to enable the reader to "watch" Keaton's performance, devoting a separate chapter to each. She analyzes each film's strengths, weaknesses, and prevalent themes and threads. She also enables readers to plumb the depths of what seems to be surface comedy through philosophical, biographical, historical, and critical commentary, thus linking the shorts together into a cohesive study of Buster Keaton's growth through his three-year independent venture as a filmmaker. Beyond the laughter and beyond the great stone face, Oldham presents a treasure of cinema comedy and a unique philosophy of life as captured by a great filmmaker.

*Keaton*,

**The Theater and Cinema of Buster Keaton** Robert Knopf, 2018-06-05 Famous for their stunts, gags, and images, Buster Keaton's silent films have enticed everyone from Hollywood movie fans to the surrealists, such as Dalí and Buñuel. Here Robert Knopf offers an unprecedented look at the wide-ranging appeal of Keaton's genius, considering his vaudeville roots and his ability to integrate this aesthetic into the techniques of classical Hollywood cinema in the 1920s. When young Buster was being hurled about the stage by his comically irate father in the family's vaudeville act, *The Three Keatons*, he was perfecting his acrobatic skills, timing, visual humor, and trademark stone face. As Knopf demonstrates, such theatrics would serve Keaton well as a film director and star. By isolating elements of vaudeville within works that have previously been considered classical, Knopf reevaluates Keaton's films and how they function. The book combines vivid visual descriptions and illustrations that enable us to see Keaton at work staging his memorable images and gags, such as a three-story wall collapsing on him (*Steamboat Bill, Jr.*, 1928) and an avalanche of boulders chasing him down a mountainside (*Seven Chances*, 1925). Knopf explains how Keaton's stunts and gags served as fanciful departures from his films' storylines and how they nonetheless reinforced a strange sense of reality, that of a machine-like world with a mind of its own. In comparison to Chaplin and Lloyd, Keaton made more elaborate use of natural locations. The scene in *The Navigator*, for example, where Buster brandishes a swordfish to fend off another swordfish derives much of its power from actually being shot under water. Such hyper-literalism was but one element of Keaton's films that inspired the surrealists. Exploring Keaton's influence on Salvador Dalí, Luis Buñuel, Federico García Lorca, and Robert Desnos, Knopf suggests that Keaton's achievement extends beyond Hollywood into the avant-garde. The book concludes with an examination of Keaton's late-career performances in Gerald Potterton's *The Railrodder* and Samuel Beckett's *Film*, and locates his legacy in the work of Jackie Chan, Blue Man Group, and Bill Irwin.

Buster Keaton James Curtis, 2022-02-15 From acclaimed cultural and film historian James Curtis—a major biography, the first in more than two decades, of the legendary comedian and filmmaker who elevated physical comedy to the highest of arts and whose ingenious films remain as startling, innovative, modern—and irresistible—today as they were when they beguiled audiences almost a century ago. It is brilliant—I was totally absorbed, couldn't stop reading it and was very sorry when it ended.—Kevin Brownlow It was James Agee who christened Buster Keaton "The Great Stone Face." Keaton's face, Agee wrote, ranked almost with Lincoln's as an

early American archetype; it was haunting, handsome, almost beautiful, yet it was also irreducibly funny. Keaton was the only major comedian who kept sentiment almost entirely out of his work and . . . he brought pure physical comedy to its greatest heights.” Mel Brooks: “A lot of my daring came from Keaton.” Martin Scorsese, influenced by Keaton’s pictures in the making of *Raging Bull*: “The only person who had the right attitude about boxing in the movies for me,” Scorsese said, “was Buster Keaton.” Keaton’s deadpan stare in a porkpie hat was as recognizable as Charlie Chaplin’s tramp and Harold Lloyd’s straw boater and spectacles, and, with W. C. Fields, the four were each considered a comedy king—but Keaton was, and still is, considered to be the greatest of them all. His iconic look and acrobatic brilliance obscured the fact that behind the camera Keaton was one of our most gifted filmmakers. Through nineteen short comedies and twelve magnificent features, he distinguished himself with such seminal works as *Sherlock Jr.*, *The Navigator*, *Steamboat Bill, Jr.*, *The Cameraman*, and his masterpiece, *The General*. Now James Curtis, admired biographer of Preston Sturges (“definitive”—*Variety*), W. C. Fields (“by far the fullest, fairest and most touching account we have yet had. Or are likely to have”—Richard Schickel, front page of *The New York Times Book Review*), and Spencer Tracy (“monumental; definitive”—*Kirkus Reviews*), gives us the richest, most comprehensive life to date of the legendary actor, stunt artist, screenwriter, director—master.

**The Garden in the Machine** Scott MacDonald, 2001-12-18 This book is MacDonald's magnum opus: it represents a deep immersion in and advocacy for independent, experimental cinema.—Patricia R. Zimmerman, author of *States of Emergency: Documentaries, Wars, Democracies* This is a brilliant study—learned, authoritative, and often eloquent. One reads this book with astonishment at the wealth of thoughtful and playful and provocative work that has occurred in this medium—and astonishment too that most scholars of environmental literature and nature in the visual arts have had minimal contact with independent film and video. MacDonald provides an immensely valuable, readable overview of this field, profoundly relevant to my own work and that of many other contemporary ecocritics.—Scott Slovic, editor of *ISLE: Interdisciplinary Studies in Literature and Environment* The *Garden in the Machine* is clearly MacDonald's major work. It is very original and wide reaching especially in its analysis of the relationship of American avant-garde films to the poetry and painting of the native landscape. MacDonald's authority is evident everywhere: he probably knows more about most of the films he discusses than anyone alive.—P. Adams Sitney, author of *Modernist Montage : The Obscurity of Vision in Cinema and Literature* The *Garden in the Machine* reflects Scott MacDonald's career-long lived engagement with avant-garde film and filmmakers. With deep respect for the artists and a rich, wide-ranging curiosity about the cultural histories that inform these films, MacDonald makes a powerful argument for why they should be screened, taught, and discussed within the wider context of American Studies. Throughout, MacDonald analyzes themes of race, history, personal and public memory, and the central role of avant-garde films in shaping our possible futures.—Angela Miller, author of *Empire of the Eye: Landscape Representation and American Cultural Politics, 1825-1875*

**Storm Season** Elle Keaton, 2019-01-16 They say you can't go home again. Adam Klay doesn't intend to until the death of his father forces his return to Skagit, Washington. Cleaning up his father's chaotic life was never on Adam's bucket list. Worse, Adam finds himself inexplicably drawn to the elusive, terminally-clumsy, gorgeous, Micah Ryan. No way is he getting involved with someone from his hometown, he's always insisted the best view of Skagit was in his rearview mirror. Micah Ryan has been coasting on auto-pilot since his family was killed in a car accident a decade earlier. He runs a web business and has an irritable cat. He hardly leaves his house, unless it is for his afternoon espresso. His world tips upside down when Adam Klay rolls into town. For the first time in years, he feels alive. Unfortunately, Micah's return to the living has been noticed and is not appreciated. \*This re-edited version of *Storm Season* does not differ significantly from the original except for better grammar.

**Buster Keaton: Cut to the Chase** Marion Meade, 2014-04-01 An American icon, Joseph Frank “Buster” Keaton is easily acknowledged as one of the greatest filmmakers in early cinema and beyond. His elaborate slapstick made audiences scream with laughter. But, his stone face hid an internal turmoil. In *BUSTER KEATON: CUT TO THE CHASE*, biographer Marion Meade seamlessly lays out the life and works of this comedy genius who lacked any formal education. “Buster” made his name as a child of vaudeville, thrown around the stage by his father in a cartoon pantomime of very real abuse. The lessons he carried forward from that experience translated into some of the greatest silent films of all time. Keaton wrote, directed, performed, and edited dozens of features and shorts, including his masterpiece, *The General*. However, those early scars also led to decades of drinking and mistreatment of women. Keaton saw huge successes, Hollywood sex scandals, years of neglect from studios and audiences, and finally a shaky resurrection that assured his place in Hollywood’s film canon. Meticulously researched, this book brings together four years of research and hundreds of interviews to paint a nuanced portrait of a compelling artist. No comedy fan or film buff should miss this insider story of the man behind the stone face.

*Buster Keaton's Silent Shorts* James L. Neibaur, Terri Niemi, 2013-01-30 In *Buster Keaton’s Silent Shorts: 1920-1923*, James L. Neibaur and Terri Niemi provide a film-by-film assessment of Buster Keaton’s short films produced in the early 1920s. The authors discuss the significance of each short to the Keaton filmography, as well as each film’s importance to cinema. Offering a clear and in-depth perspective on 19 films, the authors explain what makes these shorts effective and why they’re funny.

**Murder in the Heartland: Book One** Harry Spiller, 2011-10-01 In a place where murder isn’t supposed to happen—Southern Illinois—deputy sheriff and investigator Harry Spiller learned the hard reality: murder is all around us. It doesn’t matter whether you live in a big city or small county with farms and churches—murder is swift and can happen to anyone, anywhere, and anytime. All too often, victims fall prey in places we think are safe to raise our families, where we take walks on hot summer nights, where our children play in the park or yard without concern, and where we leave our doors unlocked at night. *Murder in the Heartland* tells the stories of innocent victims in these seemingly innocent places. From his research and investigations of twenty murder cases, Spiller recounts the gruesome details of an axe murder, a hitchhiking incident, serial killings, and even a victim buried within the concrete floors of her own basement. As much as we like to think we’re safe, murder can happen even in rural America—and it does. Join Spiller in his first of three installments of these horrifying murders in the heartland.

*Screening American Independent Film* Justin Wyatt, W.D. Phillips, 2023-05-31 This indispensable collection offers 51 chapters, each focused on a distinct American independent film. *Screening American Independent Film* presents these films chronologically, addressing works from across more than a century (1915–2020), emphasizing the breadth and long duration of American independent cinema. The collection includes canonical examples as well as films that push against and expand the definitions of independence. The titles run from micro-budget films through marketing-friendly Indiewood projects, from auteur-driven films and festival darlings to B-movies, genre pics, and exploitation films. The chapters also introduce students to different approaches within film studies including historical and contextual framing, industrial and institutional analysis, politics and ideology, genre and authorship, representation, film analysis, exhibition and reception, and technology. Written by leading international scholars and emerging talents in film studies, this volume is the first of its kind. Paying particular attention to issues of diversity and inclusion for both the participating scholars and the content and themes within the selected films, *Screening American Independent Film* is an essential resource for anyone teaching or studying American cinema.
