**Elevating Child Care** Janet Lansbury,2024-04-30 A modern parenting classic—a guide to a new and gentle way of understanding the care and nurture of infants, by the internationally renowned childcare expert, podcaster, and author of *No Bad Kids* “An absolute go-to for all parents, therapists, anyone who works with, is, or knows parents of young children.”—Wendy Denham, PhD A Resources for Infant Educators (RIE) teacher and student of pioneering child specialist Magda Gerber, Janet Lansbury helps parents look at the world through the eyes of their infants and relate to them as whole people who have natural abilities to learn without being taught. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and connect with our child. A collection of the most-read articles from Janet’s popular and long-running blog, *Elevating Child Care* focuses on common infant issues, including: • Nourishing our babies’ healthy eating habits • Calming your clingy, fearful child • How to build your child’s focus and attention span • Developing routines that promote restful sleep Eschewing the quick-fix tips and tricks of popular parenting culture, Lansbury’s gentle, insightful guidance lays the foundation for a closer, more fulfilling parent-child relationship, and children who grow up to be authentic, confident, successful adults.

*Art Workshop for Children* Barbara Rucci, Betsy McKenna, 2016-11-01 *Art Workshop for Children* is not just another book of straightforward art projects. The book's unique child-led approach provides a framework for cultivating creative thinking and encourages the wonder that comes when children are allowed to freely explore the creative process and their materials. As children work through these open-ended workshops, adults are guided on how to be facilitators who provide questions, encourage deep thinking, and help spark an excitement for discovery. Children explore basic materials and workshops that use minimal supplies, and then gradually add new materials to fill the art cabinets as well as new skills and more complex workshops. Most workshops are suitable to preschool-aged children, and each contains ideas for explorations and new twists to engage older or more experienced artists. Interspersed throughout are sidebar essays that introduce perspectives on mess-making, imperfection, the role of adult, collaborative art, and thoughts on the Reggio Emilia method, a self-guided teaching philosophy. These pieces underscore the value of art-making with children, and support the parent/teacher/care-giver on how to successfully lead, question, and navigate their children through the workshops to result in the fullest experiences.
