The Caucasian Chalk Circle Bertolt Brecht,2015-03-16 This Student Edition of Brecht's classic dramatisation of the conflict over possession of a child features an extensive introduction and commentary that includes a plot summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child; thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written in exile in the United States during the Second World War, The Caucasian Chalk Circle is a politically-charged, much-revived and complex example of Brecht's epic theatre. This volume contains expert notes on the author's life and work, historical and political background to the play, photographs from stage productions and a glossary of difficult words and phrases. It features the acclaimed translation by James and Tania Stern with W. H. Auden.

Consisting of six parts, the reference book: reviews how a writing system was selected for the Hualapai language; explains the alphabet used and how each letter is pronounced; discusses the basic structure of Hualapai sentences with attention to noun and verb usage; explains how different types of sentences are formed and what they mean; and presents a discussion on nouns and pronouns. Other information provided includes an analysis of verbs in detail, a discussion of verbal expressions, and an explanation of sound symbolism; types and formation of useful expressions (modal, habit and repetition, and degree) are discussed and ways in which sentences can be expanded into longer and more complex ones are explained. Two appendices provide the vocabulary words and grammatical morphemes (Hualapai-English and English-Hualapai) that appear in the book. (ERB)
