Wild Women in the Kitchen Nicole Alper, Lynette Rohrer Shirk, 1996-06-01 Feminist foodies unite! Chefs Nicole Alper and Lynette Rohrer pair recipes with food trivia, stories, and quotes by famous women in history. With Betty Drapers and “make me a sandwich” mantras, it's easy to forget that women have been cooking up a storm for quite some time. Catherine de'Medici was the Johnny Appleseed of Italian food. Nancy Hart shot a Royalist soldier for barging in and interrupting dinner. Turns out, these women really can take the heat. Maybe it's best to stay out of their kitchen. Part cookbook, and part women's history, *Wild Women in the Kitchen* features 101 recipes to complement the culinary contributions of famous females. With starter recipes curated specifically to these tough cookies, this book replaces female stereotypes with empowering, historical context. Inside, learn about Cleopatra's orgiastic oysters and:Break bread with Golda MeirServe cucumber sandwiches in Natalie Barney's Parisian salonBring over Canard a l'Orange like Catherine de'Medici If you're in need of a feminist cookbook, and enjoyed reads like *The Little House Cookbook*, *Women's Libation!*, *The Little Women Cookbook*, or *A Woman's Place*; then you'll savor *Wild Women in the Kitchen*.

Cooking Up a Storm Jean Ayers, 2015-04-12 Donald (Don) Ayers was raised in a small Wisconsin town where a street sign still bears the family name. He made a career as a state patrolman, but his passion was the outdoors and cooking. He, his wife, Carol, and three children enjoyed hunting and fishing. Don prepared the family meals from their bounty. Ever experimenting in the kitchen, Don created tasty dishes still talked about by friends and family to this day. Jean Ayers, second child to Don and Carol, sifted through decades of recipes handwritten on index cards, often dashed off in cryptic form with helpful instructions such as, First, skin the goose! From these recipes and family records, Jean creates a rich and interesting collection, part cookbook, part memoir. Sprinkled throughout are photographs spanning three generations, with short vignettes capturing a slice of family life.

More Home Cooking Laurie Colwin, 2021-10-12 With a new foreword by Deb Perelman of *Smitten Kitchen*, the triumphant sequel to *Home Cooking* by “a home cook, like you and me, whose charm and lack of pretension make her wonderfully human and a welcome companion as she chatters on about the small culinary accomplishments and discoveries that occur in her kitchen” (Chicago Tribune). Lucky readers in the 1970s and '80s discovered Laurie Colwin's urbane, witty fiction in *The New Yorker*, as well as her warm, engaging food writing in *Gourmet* magazine columns. *More Home Cooking*, the second collection of these columns, is an expression of Colwin's lifelong passion for cuisine and offers a delightful mix of recipes, advice, and personal anecdotes from the kitchen and beyond. She muses over the many charms and challenges of cooking at home in timeless essays including “Desserts That Quiver,” “Real Food for Tots,” and “Catering on One Dollar a Head.” As informative as it is entertaining, and filled with Colwin's trademark down-to-earth charm and wit, *More Home Cooking* is a rare treat for anyone who spends time in the kitchen and feels “like having a great conversation with someone that you love” (Samantha Bee).

Mi María: Surviving the Storm Ricia Anne Chansky, Marci Denesiuk, 2021-09-04 When Hurricane María made landfall in Puerto Rico in September 2017, it left no part of the archipelago unscathed. The hurricane triggered floods and mudslides, washed out roads, destroyed tens of thousands of homes, farms, and businesses, caused the largest blackout in US history, knocked out communications, led to widespread food, drinking water, and gasoline shortages, and caused thousands of deaths. The seventeen oral histories collected in Mi María: Surviving the Storm share stories of surviving the storm and its long aftermath as people waited for relief and aid that rarely arrived. Zaira and her husband floated on a patched air mattress for sixteen hours while floodwaters rose around them. The road washed out in front of Emmanuel as he desperately tried to drive his pregnant wife who had begun labor to the hospital. Luis and his father anxiously counted the days that the dialysis clinic remained closed and lifesaving treatment was unavailable, while Miliana's mother was sent home from the hospital –undiagnosed– only to fall critically ill in her own home. Weaving together long-form oral histories and shorter testimonios, the book offers a multivocal peoples' history of disaster that fosters a greater understanding of the failures of governmental disaster response and the correlating perseverance of the people impacted by these failures, highlighting the colonial relationship between Puerto Rico and the United States. Ultimately, the ways in which these oral histories demonstrate the strength of community response to disaster in Puerto Rico are pertinent to other parts of the world that are being impacted by our current climate emergency.
