Egg and Soldiers Miles Jupp,2017-09-07 'A gloriously enjoyable read from start to finish' - Daily Express 'Here's a book to savour' - Mail on Sunday Miles Jupp (News Quiz presenter, star of Rev, I'm Sorry I Haven't a Clue and The Thick Of It) delves into the mind of his comedy creation Damien Trench - urbane food writer and protagonist of BBC Radio 4's acclaimed sitcom In and Out of the Kitchen. 'Are you Damien Trench?' said the lady operating the stall. 'I might be,' I said to the lady. 'You are though, aren't you?' she asked. 'Well...yes,' I agreed. And that was that. She seized me by both hands, pulled me towards her, and launched into a passionate monologue that covered a selection of dessert recipes that I had once offered up in print, her difficult relationship with soft cheeses and her husband's irritable skin. So intense was her manner that it was extremely difficult to tell if she was scolding or praising me. All I knew was that she was staring so intently at me that I became worried that parts of me would dry up and just drop off like smoked chipotles. Also, her eyes were so extremely wide open that I began to worry that it might be dangerous to let so much light into your head. As soon as she stopped speaking, I thanked her for being willing to share, broke free from her grasp, panic-bought three punnets of raspberries on the way out and then sprinted back to the Uno as fast as fast can be. 'Whether you're already a fan of Jupp's bumbling bon viveur, or are stumbling across him for the first time, here's a book to savour.' Mail on Sunday

The My Little Pony G2 Collector's Inventory: an unofficial full color illustrated guide to the second generation of MLP including all ponies, playsets and accessories from 1997 to 2003 , The My Little Pony toys released between 1997 and 2003 have long been shrouded in mystery. Information about these collectible toys, released through Hasbro's Kenner Toys arm, was scattered, confused and incomplete. . . until now! With the release of The My Little Pony G2 Collector's Inventory, Summer Hayes has compiled the first illustrated guide of its kind with large, full-color photos detailing all the ponies, playsets and accessories to give many collectors and fans their first look into the lost generation of MLP. With checklists so collectors can keep track of their want lists as well as a price guide for both loose and mint in box sets to help with buying and selling G2 items, Hayes has collected all of the knowledge about this 6 year span together for the very first time. This new release is the perfect companion piece to the G1 and G3 guides from The My Little Pony Collector's Inventory series.
