E. Burke Rochford

Management Guru Lord Krishna O.P. Jha,2014-03-24 Management Guru Lord Krishna is a unique piece of literature that puts light on the various techniques adopted by Lord Krishna for achieving success in his time and their relevance for a modern man. It's main thrust is to make us aware of those tips which can be employed in a democratic set up and even in a complex competitive industrial ambiance so that one can achieve success without hampering other's prospect in the age of cut throat rivalry.

Krishna's Playground John Stratton Hawley,2019-11-30 This is a book about a deeply beloved place—many call it the spiritual capital of India. Located at a dramatic bend in the River Yamuna, a hundred miles from the center of Delhi, Vrindavan is the spot where the god Krishna is believed to have spent his childhood and youth. For Hindus it has always stood for youth writ large—a realm of love and beauty that enables one to retreat from the weight and harshness of the world. Now, though, the world is gobbling up Vrindavan. Delhi's megalopolitan sprawl inches closer day by day—half the town is a vast real-estate development—and the waters of the Yamuna are too polluted to drink or even bathe in. Temples now style themselves as theme parks, and the world's tallest religious building is under construction in Krishna's pastoral paradise. What happens when the Anthropocene Age makes everything virtual? What happens when heaven gets plowed under? Like our age as a whole, Vrindavan throbs with feisty energy, but is it the religious canary in our collective coal mine?

Krishna Edwin F. Bryant,2007-06-18 In the West Krishna is primarily known as the speaker of the Bhagavad Gita. But it is the stories of Krishna's childhood and his later exploits that have provided some of the most important and widespread sources of religious narrative in the Hindu religious landscape. This volume brings together new translations of representative samples of Krishna religious literature from a variety of genres -- classical, popular, regional, sectarian, poetic, literary, and philosophical.

Religion and Human Nature Keith Ward,1998-11-19 Continuing Keith Ward's series on comparative religion, this book deals with religious views of human nature and destiny. The beliefs of six major traditions are presented: the view of Advaita Vedanta that there is one Supreme Self, unfolding into the illusion of individual existence; the Vaishnava belief that there is an infinite number of souls, whose destiny is to be released from material embodiment; the Buddhist view that there is no eternal Self; the Abrahamic belief that persons are essentially embodied souls; and the materialistic position that persons are complex material organisms. Indian ideas of rebirth, karma, and liberation from samsara are critically analysed and compared with semitic belief in the intermediate state of Sheol, Purgatory or Paradise, the Final Judgement and the resurrection of the body. The impact of scientific theories of cosmic and biological evolution on religious beliefs is assessed, and a form of 'soft emergent materialism' is defended, with regard to the soul. In this context, a Christian doctrine of original sin and atonement is presented, stressing the idea of soteriology, as opposed to forensic justice. Finally, a Christian view of personal immortality and the 'end of all things' is developed in conversation with Jewish and Muslim beliefs about judgement and resurrection.

Getting Down at Bhuvaneshwar William Guy,2012-07 Westerners often travel to India for revelation. This book chronicles three trips made there by two Westerners, the author and his wife, over nine years. Revelation did occur to them as an aspect of those trips though perhaps not in any form they might have anticipated. India is an assault upon everything from the five senses to one's sense of history and religion, one's sense of the whole world in fact. It overturns, it overwhelms all categories and assumptions. It knocked two seasoned travelers off their bases as the pages of this book demonstrate. And enriched them too. Irruptive India.

At Play with Krishna John Stratton Hawley, 2014-07-14 Every year thousands of pilgrims travel to Brindavan, the village where Krishna is said to have lived as a child. There, they witness a series of religious dramas called ras lilas, whose central roles are performed by children. By translating four plays that collectively span this cycle, John Hawley provides a lively perspective on the mythology of Krishna as Hindus experience it today. Originally published in 1981. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Krishna: A Journey through the Lands & Legends of Krishna Dev Prasad, 2015-01-27 Lord Krishna is at once historical and mythological. He is the awesome architect of His age and the illuminating mentor whose discourse, the Bhagavad Gita, is regarded as a light unto all ages. The book *Krishna: A Journey through the Lands & Legends of Krishna* describes well known tourist places and narrates the famous legends associated with them. It also presents places that may not be known to a common man but have witnessed the glorious pastimes of Lord Krishna and associated legends. It is an innovative book that has a happy blending of a travelogue with mythological reminiscences. The centres visited are placed in a setting which gives them a tinge of human emotions; brick and marble speak to the visitor and tell stories. The past and the present mingle, and the visit becomes a memorable experience.

Suddha Bhakti His Divine Grace Jagad-guru Srila Bhakti Ballabh Tirtha Goswami Maharaj, 2014-04-09 Suddha bhakti is a book about pure (suddha) devotion (bhakti). Such a book should be of great value on the threshold of the third millennium when the world is overburdened more than ever before with war, intolerance, hatred and atheism.

Krishna Charitam Kunjan Nambiar, 2014-06-12 The e-book featured here is an English translation of a version of the Story of Krishna - one of the most colourful personalities in the Hindu Epics. The original text was composed by the famous, 18th century poet and pithy philosopher, of South India, Sri Kunjan Nambiar. In his composition, Nambiar compressed the voluminous, narratives of the story of Krishna, into twelve chapters of poetry - Sri Krishna Charitam. In essence, Kunjan Nambiar provided a literary platform from where a reader can comprehend the entire epic story of Krishna. Nambiar's original text remained open only to a few local intellectuals. However, this English translation of Sri Krishna Charitam, has opened up the stories of Krishna to a global audience. In twelve easy chapters, the entire story of Krishna comes alive to the readers. Within these chapters one can read about the birth, frolics, erotic indulgences and various adventures of Krishna. In sections, Krishna is portrayed to be playful, loveable, provocative, adventurous, amorous, kind and as a fearsome warrior. By reading this translation, the reader can verily get a snap shot of the entire story of Krishna. Within these pages one also finds colourful narratives, descriptions of nature, delightful episodes, jovial anecdotes and analyses of human behaviour, so true to life.

Tales of Lord Krishna ,

Talking God: Philosophers on Belief Gary Gutting, 2016-11-22 Through interviews with twelve distinguished philosophers—including atheists, agnostics, and believers—Talking God works toward a philosophical understanding and evaluation of religion. Along the way, Gary Gutting and his interviewees challenge many common assumptions about religious beliefs. As tensions simmer, and often explode, between the secular and the religious forces in modern life, the big questions about human belief press ever more urgently. Where does belief, or its lack, originate? How can we understand and appreciate religious traditions different from our own? Featuring conversations with twelve skeptics, atheists, agnostics, and believers—including Alvin Plantinga, Philip Kitcher, Michael Ruse, and John Caputo—Talking God offers new perspectives on religion, including the

challenge to believers from evolution, cutting-edge physics and cosmology; arguments both for and against atheism; and meditations on the value of secular humanism and faith in the modern world. Experts offer insights on Islam, Buddhism, and Hinduism, as well as Judaism and Christianity. Topical and illuminating, *Talking God* gives readers a deeper understanding of faith today and how philosophers understand it. From *Talking God*: “[Some say] Buddhism is not a religion because Buddhists don’t believe in a supreme being. This simply ignores the fact that many religions are not theistic in this sense. Chess is a game, despite the fact that it is not played with a ball, after all.” —Jay Garfield, from chapter 10, “Buddhism: Religion Without Divinity” “Why think that the creator was all-knowing and omnipotent?— Maybe the creator was a student god, and only got a B minus on this project?” —Louise Antony, from chapter 2, “A Case for Atheism” “There are a large number—maybe a couple of dozen—of pretty good theistic arguments. None is conclusive, but each, or at any rate the whole bunch taken together, is about as strong as philosophical arguments ordinarily get.” —Alvin Plantinga, from chapter 1, “A Case for Theism” “If you cease to ‘believe’ in a particular religious creed, like Calvinism or Catholicism, you have changed your mind and adopted a new position— But if you lose ‘faith,’—everything is lost. You have lost your faith in life, lost hope in the future, lost heart, and you cannot go on.” —John Caputo, from chapter 3, “Religion and Deconstruction”

Enterprise Web 2.0 Fundamentals Krishna Sankar, Susan A. Bouchard, 2009-04-17 An introduction to next-generation web technologies This is a comprehensive, candid introduction to Web 2.0 for every executive, strategist, technical professional, and marketer who needs to understand its implications. The authors illuminate the technologies that make Web 2.0 concepts accessible and systematically identify the business and technical best practices needed to make the most of it. You’ll gain a clear understanding of what’s really new about Web 2.0 and what isn’t. Most important, you’ll learn how Web 2.0 can help you enhance collaboration, decision-making, productivity, innovation, and your key enterprise initiatives. The authors cut through the hype that surrounds Web 2.0 and help you identify the specific innovations most likely to deliver value in your organization. Along the way, they help you assess, plan for, and profit from user-generated content, Rich Internet Applications (RIA), social networking, semantic web, content aggregation, cloud computing, the Mobile Web, and much more. This is the only book on Web 2.0 that: Covers Web 2.0 from the perspective of every participant and stakeholder, from consumers to product managers to technical professionals Provides a view of both the underlying technologies and the potential applications to bring you up to speed and spark creative ideas about how to apply Web 2.0 Introduces Web 2.0 business applications that work, as demonstrated by actual Cisco® case studies Offers detailed, expert insights into the technical infrastructure and development practices raised by Web 2.0 Previews tomorrow’s emerging innovations—including “Web 3.0,” the Semantic Web Provides up-to-date references, links, and pointers for exploring Web 2.0 first-hand Krishna Sankar, Distinguished Engineer in the Software Group at Cisco, currently focuses on highly scalable Web architectures and frameworks, social and knowledge graphs, collaborative social networks, and intelligent inferences. Susan A. Bouchard is a senior manager with US-Canada Sales Planning and Operations at Cisco. She focuses on Web 2.0 technology as part of the US-Canada collaboration initiative. Understand Web 2.0’s foundational concepts and component technologies Discover today’s best business and technical practices for profiting from Web 2.0 and Rich Internet Applications (RIA) Leverage cloud computing, social networking, and user-generated content Understand the infrastructure scalability and development practices that must be address-ed for Web 2.0 to work Gain insight into how Web 2.0 technologies are deployed inside Cisco and their business value to employees, partners, and customers This book is part of the Cisco Press® Fundamentals Series. Books in this series introduce networking professionals to new networking technologies, covering network topologies, example deployment concepts, protocols, and management techniques. Category: General Networking Covers: Web 2.0

Stories of Krishna Vivienne Baumfield, 2000 3rd in the series. This lucid, socially relevant book has also been used at the University level.

KRISHNACHARITAM Laxmi Narain, 2021-09-24 Krishna is bliss. He is a symbol of love, sacrifice and spiritualism. The life, deeds and

philosophy of Krishna remain perennial guiding inspirations to mankind. In the world festering with materialism where humanity bleeds, knowledge and study of Krishna provides eternal peace and turns the conscience vibrant. It also lets the people understand the whispering instructions of their souls. The understanding of Krishna separates grief from life. Dhruva - the Pole Star, the narrator of the KRISHNACHARITAM The Essence of Life, narrates Krishna's complete life and elucidates various events that happened during the lifetime of the Avatar. Krishna's early life at Vrindavan, his actions in Mathura and Dwarika, and his diplomacy during the great war of Mahabharata have been beautifully knitted in this book. It contains sermons of Krishna which he gives to Arjuna on the battle field of Kurukshetra and to Udhava at the end of his Lila on the Earth. This book will provide the reader a solace from the competitive and hectic world. It is a must read for all virtuous people aspiring an abode in the realm of true devotion and righteous welfare. May Lord Krishna bestow his blessings upon the ardent reader.

Krishna James H. Bae, 2013-12-07 In Colour These tiny treasures of metaphysical and mythological knowledge serve as enlightening rubrics for understanding Indian tradition and theology. Exquisitely illustrated, this series serves as a contemporary matrix for illuminating our human experience and offers insightful access into Eastern spirituality. Krishna's life, his beauty, and his virtue are the basis of a great mystical tradition that stretches back to antiquity. Though supremely powerful, he is carefree, full of love and charm. At the same time, he shares some of our most basic human qualities and lives in ways familiar to us. The tales of his divine life inspire insight into the apparent contradiction between human and spiritual love. These enchanting stories follow the youthful Krishna through his many pastimes. From dancing on the head of the serpent-demon Kaliya to sheltering the cowherd villagers from Indra's wrathful rain, Krishna: Lord of Love speaks about life, love and devotion in a most intriguing way. James H. Bae is a practitioner of both Hindu and Buddhist yoga systems. For years Bae has lived in India investing himself in his spiritual study and training as a monk. His primary areas of study include Oriental medicine, Hindu and Buddhist art, and Eastern philosophy and culture.

Hare Krishna in America E. Burke Rochford, 1985 Traces the growth of the Hare Krishna movement in the U.S., describes the experiences of individual followers, and analyzes recruitment patterns, activities, and leadership of the movement.
