**The Impeachment Report** The House Intelligence Committee, 2019-12-17 The official report from the House Intelligence Committee on Donald Trump's secret pressure campaign against Ukraine, featuring an exclusive introduction by Pulitzer Prize-winning author and biographer Jon Meacham For only the fourth time in American history, the House of Representatives has conducted an impeachment inquiry into a sitting United States president. This landmark document details the findings of the House Intelligence Committee's historic investigation of whether President Donald J. Trump committed impeachable offenses when he sought to have Ukraine announce investigations of former vice president Joe Biden and his son Hunter. Penetrating a dense web of connected activity by the president, his ambassador Gordon Sondland, his personal attorney Rudolph Giuliani, and many others, these pages offer a damning, blow-by-blow account of the president's attempts to "use the powers of his office to solicit foreign interference on his behalf in the 2020 election" and his subsequent attempts to obstruct the House investigation into his actions. Published here with an introduction offering critical context from bestselling presidential historian Jon Meacham, The Impeachment Report is necessary reading for

every American concerned about the fate of our democracy.
