Tab Hunter Confidential Tab Hunter, 2006-09-08 Mesmerizing. -The New York Times Book Review Welcome to Hollywood, circa 1950, the end of the Golden Age. A remarkably handsome young boy, still a teenager, gets discovered by a big-time movie agent. Because when he takes his shirt off young hearts beat faster, because he is the picture of innocence and trust and need, he will become a star. It seems almost preordained. The open smile says, You will love me, and soon the whole world does. The young boy's name was Tab Hunter—a made-up name, of course, a Hollywood name—and it was his time. Stardom didn't come overnight, although it seemed that way. In fact, the fame came first, when his face adorned hundreds of magazine covers; the movies, the studio contract, the name in lights—all that came later. For Tab Hunter was a true product of Hollywood, a movie star created from a stable boy, a shy kid made even more so by the way his schoolmates—both girls and boys—reacted to his beauty, by a mother who provided for him in every way except emotionally, and by a secret that both tormented him and propelled him forward. In *Tab Hunter Confidential: The Making of a Movie Star*, Hunter speaks out for the first time about what it was like to be a movie star at the end of the big studio era, to be treated like a commodity, to be told what to do, how to behave, whom to be seen with, what to wear. He speaks also about what it was like to be gay, at first confused by his own fears and misgivings, then as an actor trapped by an image of boy-next-door innocence. And when he dared to be difficult, to complain to the studio about the string of mostly mediocre movies that were assigned to him, he learned that just like any manufactured product, he was disposable—disposable and replaceable. Hunter's career as a bona fide movie star lasted a decade. But he persevered as an actor, working

continuously at a profession he had come to love, seeking—and earning—the respect of his peers, and of the Hollywood community. And so, Tab Hunter Confidential is at heart a story of survival—of the giddy highs of stardom, and the soul-destroying lows when phone calls begin to go unreturned; of the need to be loved, and the fear of being consumed; of the hope of an innocent boy, and the rueful summation of a man who did it all, and who lived to tell it all.

Matt Preston's 100 Best Recipes Matt Preston, 2012-11-01 No one knows food like Matt Preston – one of Australia's most loved TV personalities, award-winning food writer, judge on MasterChef Australia... and a seriously good home cook. Gathered here for the first time are Matt's recipes for the food he cooks at home for his own family – from his award-winning raspberry jam and ultimate bolognese sauce to the creamiest pumpkin soup and the only muffin recipe you'll ever need. These are simple, delicious recipes that work; a virtual A-Z of ideas for bringing a whole new world of flavour to the things you cook every day. This is a specially formatted fixed layout ebook that retains the look and feel of the print book.

Truth Be Told Linda Robson, 2024-02-15 THE HILARIOUS AND HEARTFELT MEMOIR FROM LINDA ROBSON _____ Linda Robson's nickname is Baggy Mouth for good reason. She may be one of the nation's favourite TV personalities – whether playing Tracey Stubbs in Birds of a Feather or being a regular on Loose Women – but she can't help hilariously oversharing. Luckily, this is an ideal trait for her first-ever memoir . . . Taking us back to the very beginning, growing up in a North London council house, Linda explains how she came to attend theatre school aged nine, where she met Pauline Quirke. As their friendship blossomed and evolved into a professional partnership, small parts in theatre

and film productions culminated in the pair being cast in the enduring and beloved sitcom *Birds of a Feather*. With a wicked glint in her eye, Linda recounts the twists and turns of an actor's life, sharing tales of backstage antics, on-set stories and demanding co-stars from across her varied and celebrated career. However, it has not all been laughter, and she candidly talks about the struggles she's faced in her personal life and the battles she has had to overcome. Yet her determination to pull herself back from the brink shows us that the tough times really do make us stronger. *Truth Be Told* is funny, warm and loose-lipped about a remarkable life well-lived.

Performing Shakespeare's Tragedies Today Michael Dobson, 2006-11-30 A collection of essays by major Shakespearean actors on playing particular roles in Shakespeare's tragedies.

Right or Wrong Tim Bell, 2014-10-09 Tim Bell is the original 'spin doctor'; the Chairman of Bell Pottinger public relations, and one of the best known figures in UK media communications. *Right or Wrong* is his highly personal account of political, commercial and social life from the '70s to the present day. With a refreshingly uncompromising manner, Bell applies his acerbic wit and resolutely right wing sensibility to everything from managing Margaret Thatcher's election campaigns to his dealings with Ronald Reagan, F.W. de Klerk, the Saatchi brothers, and his late friend David Frost, to name a few. Born into a resolutely middle-class suburban family during the war, he left school at the age of 18 for a job as chart-boy at ABC Television. Rising through the ranks of the burgeoning West End advertising industry, in 1970 he became a co-founder of the Saatchi & Saatchi agency. Bell's main claim to fame, however, was developing campaigns for the Conservative Party during the

general elections of 1979, 1983 and 1987, each of which put Margaret Thatcher into Downing Street, and for which he was awarded a knighthood. In his time, he has worked with some of the greatest names of modern politics, business, and media and on world events, historical and controversial alike. First hand memories spill across the pages as Tim Bell gives his ring-side account of key political moments such as the miner`s strike, the Cold War, the poll tax riots, the end of Apartheid and the demise of Margaret Thatcher.

Controversial, irreverent and outspoken, this is a book that is as polarising as Tim Bell himself. It will attract admiration and rage in equal measure. And he would not have it any other way. Right or Wrong was shortlisted for the Political Biography of the Year in the Political Book Awards 2015.

Tabloid Tales Colin Sparks, John Tulloch, 2000 Coverage of the Clinton-Lewinsky saga followed in a long trail of media exposures of the more personal details of the lives of public figures. Many commentators have seen stories like this, and TV shows like Jerry Springer's, as evidence of a decline in the standards of the mass media. This increasing interest in private lives and the falling off of coverage of serious news is often described as Otabloidization.O The essays in this book are the first serious scholarly studies of what is going on and what its implications are. Reality, it turns out, is much more complex than some of the laments suggest. As the contributors show, this is not just a U.S. problem but is repeated in country after country, and it is not certain that the media anywhere are getting more tabloid. What is more, there is no consensus about whether tabloidization is just Odumbing downO or whether it is a necessary tactic for the mass media to engage with new audiences who do not have the news habit. Tabloid Tales will be of interest to students and scholars in journalism, mass communication,

political science, and cultural and media studies.

One Last Job Tom Pettifor, Nick Sommerlad, 2016-09 TRUE STORIES. The extraordinary life of Brian Reader, Britain's most prolific thief, from the Kray era to Brink's-Mat and the Hatton Garden Heist. Branded The Master - and a Gentleman Thief - Brian is a true character from the old school of British crime. With exclusive access to those closest to him, this book follows his jailing earlier this year.

Sex Crime in the News Keith Soothill, Sylvia Walby, 2023-03-31 First published in 1991, *Sex Crime in the News* is a unique examination of the nature of sex crime reporting in the press. Analysing examples from forty years of newspaper coverage, the authors provide a systematic study of this controversial topic. The book reveals the misleading and trivializing nature of sex crime coverage, with serious research reports on rape and discussions on law reform being given short shrift. The authors examine the increasing gap between the reality of sexual abuse and the coverage it receives in the press, and they set their detailed empirical work within a context of broader concerns about the relationship between the media, the individual and the state. Critical though it is of the press, this book will be of special interest to people working in the media, and to legislators involved in debates about the press. It will also be of value to students on course in women's studies, cultural and media studies, and deviancy.

Grammar School Boy John Quicke, 2018-01-24 This memoir covers the first twenty years of the life of the author, a retired university professor, from when he was born in October 1941 during WW2 to when he went up to university in October 1961.

Exercises in French Prose and Free Composition C. W. Wordsworth, 2016-02-25 Originally published in 1938, this book was created to provide exercises in French prose and free composition for school students. The text is divided into four sections: section one contains an outline of French syntax; section two presents prose passages for translation; section three gives exercises for free composition; section four contains a detailed vocabulary. This book will be of value to anyone with an interest in the French language and the history of education.

Albion's Seed David Hackett Fischer, 1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from

1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

European Diary, 1977-1981 Roy Jenkins, 2011-09-28 First published in 1989, this diary provides the background to two vital issues: our relations with the European Community and the state of politics in Britain. Few people are better qualified to know how we arrived where we are than Roy Jenkins. During the period of this diary he was President of the European Commission. The diary provides a picture of the day-to-day life of the head of an international organization, of the conflicting pressures and grinding routine, of the importance of personal relationships with world leaders such as Helmut Schmidt, Valéry Giscard d'Estaing, James Callaghan, Margaret Thatcher, Willy Brandt, Jean Monnet and Jimmy Carter. In addition to the political chronicle we have frank and sometimes unguarded revelations about the author, his tastes and preoccupations, from which emerges a man more imbued with public passion, more eccentric and with a more varied private life than many readers may expect. His subtle perception of people is revealed in brilliant portraits of, for example, Schmidt, pessimistic, streaked with melancholy, indiscreet and yet notably constructive, and Giscard d'Estaing, highly intelligent but with pretensions that sometimes make him faintly ludicrous. For those concerned with the way the world is developing and the impact of a civilized and essentially private personality on public events, *European Diary* is compulsory reading.

Citizen Murdoch Thomas Kiernan, 1986 The unexpurgated story of Rupert Murdoch--the world's most powerful and controversial media lord.

Movement and Making Decision Carol-Lynne Moore, 2005-04-28 Noted movement

specialist Carol-Lynne Moore examines the subtle relationship between movement and the decision-making process. She explores this relationship in the context of recounting the role of movement analysis in the field of work-study. Moore traces the evolving ideas and methods upon which this field is based, from its infancy at the turn of the 20th century when it was concerned with efficient patterns of physical labor, to its maturation in the context of corporate management today. As she follows the fascinating history of work-study she shows us how the human body and mind are ever one and inseparable, and how a theory and practice of movement analysis can capture the elusive nature of movement to reveal human character.
