**Storm Rising** Mercedes Lackey,1996-10-01 In Storm Rising, mysterious mage-storms are wreaking havoc on Valdemar, Karse, and all the kingdoms of the West, plaguing these lands not only with disastrous earthquakes, monsoons, and ice storms, but also with venomous magical constructs - terrifying creatures out of nightmare. Both Valdemar's Heralds and Karse's Sunpriests struggle to marshal their combined magical resources to protect their realms from these devastating, spell-fueled onslaughts. But as the situation becomes bleaker and bleaker, the still fragile alliance between these long-hostile lands begins to fray. And unless Valdemar and Karse can locate and destroy the creator of the storms, they may see their entire world demolished in a final magical holocaust.

**Storm Breaking** Mercedes Lackey,1997-10-01 As Storm Breaking opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised - weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them - they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an echo through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm - this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who has been dead for millennia!

**The Storm** Daniel Defoe,2021-04-24 Though a System of Exhalation, Dilation, and Extension, things which the Ancients founded the Doctrine of Winds upon, be not my direct Business; yet it cannot but be needful to the present Design to Note, that the Difference in the Opinions of the Ancients, about the Nature and Original of Winds, is a Leading Step to one Assertion which I have advanc'd in all that I have said with Relation to Winds, viz. That there seems to be more of God in the whole Appearance, than in any other Part of Operating Nature. Among these Arcana of the Sovereign Oeconomy, the Winds are laid as far back as any. Those Ancient Men of Genius who rifled Nature by the Torch-Light of Reason even to her very Nudities, have been run a-ground in this unknown Channel; the Wind has blown out the Candle of Reason, and left them all in the Dark.

**American Gods: The Moment of the Storm #5** Neil Gaiman,P. Craig Russell,2019-08-21 As the final battle between new and old gods is about to begin, Mr. World makes his move, and Shadow comes to a shocking realization about his own role in the upcoming bloodbath!

**Frederic** Eric D. Grizzle,2012-07 In August of 1979, Hurricane Frederic formed in the Caribbean and then weakened to a tropical depression before it could come ashore, leaving the residents of the Gulf Coast relieved and continuing with their daily lives. But in the peculiar, unpredictable manner of storms, Frederic “reorganized” and was born again as a hurricane, roaring toward the coast and causing millions of dollars in damage when it struck two weeks later. This is the fictionalized account of five families in the Midtown district of Mobile, Alabama, who experience Frederic’s devastating yet transforming power. Richard and Alan, best friends since childhood, are on a fishing trip when Frederic churns up the gulf, leaving loved ones to live with both dread and hope. Andrew, a teenager, struggles to take care of the house and his mother in his father’s absence. A young pastor, experiencing his first hurricane, realizes he must keep the church open as people seek both physical and spiritual shelter. A retired firefighter named Man reaches out to help his neighbors for the first time in years. Each person faces Frederic on the outside while confronting entirely different inner storms—guilt, pain, and the search for purpose and meaning. Old wounds are healed even in the midst of loss and grief, sprinkled with the unexpected moments of humor that are part of our ability to cope with trauma and reach toward wholeness. In Frederic, God’s glory is revealed not only in sunshine and laughter but in the wind, the waves, and the storms, culminating in triumphant transformation.
