Passing Illusions Kerry Wallach, 2017-08-22 Weimar Germany (1919-33) was an era of equal rights for women and minorities, but also of growing antisemitism and hostility toward the Jewish population. This led some Jews to want to pass or be perceived as non-Jews; yet there were still occasions when it was beneficial to be openly Jewish. Being visible as a Jew often involved appearing simultaneously non-Jewish and Jewish. *Passing Illusions* examines the constructs of German-Jewish visibility during the Weimar Republic and explores the controversial aspects of this identity—and the complex reasons many decided to conceal or reveal themselves as Jewish. Focusing on racial stereotypes, Kerry Wallach outlines the key elements of visibility, invisibility, and the ways Jewishness was detected and presented through a broad selection of historical sources including periodicals, personal memoirs, and archival documents, as well as cultural texts including works of fiction, anecdotes, images, advertisements, performances, and films. Twenty black-and-white illustrations (photographs, works of art, cartoons, advertisements, film stills) complement the book's analysis of visual culture.

By bringing together findings from different corpus-driven, cognitive and automation approaches in accessible communication research and providing insights into current projects of the emerging field of accessible health communication, the volume captures the dynamic and rapidly evolving nature of the field.

Simple Stories Ingo Schulze, 2007-12-18 Prize-winning German writer Ingo Schulze's first novel, *Simple Stories*, is a marvel of storytelling and craft. Set in the East German town of Altenburg after the fall of the Berlin Wall, it deftly leaps among an array of confused characters caught in the crossroads of their country's history: a lovelorn waitress who falls for a visiting West German investor; an art historian turned traveling salesman; a former Communist official plagued by his past; an unsuccessful writer who asks his neighbor to break his leg so that he can continue to live on welfare. Schulze skillfully intercuts an assortment of moving and comic vignettes about seemingly unconnected people, gradually linking them into an exhilarating whole of tidal unity and emotional force, until we see that all the time we have been reading a novel in glittering fragments, spun by a master. With a piercing eye for detail and a magical ear for dialogue, Schulze portrays the tragi-comedy of ordinary people caught up in the last great historical upheaval of the century.

The Short Story in German in the Twenty-first Century Lyn Marven, Andrew Plowman, Kate Roy, 2020 Since the 1990s, the short story has re-emerged in the German-speaking world as a vibrant literary genre, serving as a medium for both literary experimentation and popular forms. Authors like Judith Hermann and Peter Stamm have had a significant impact on German-language literary culture and, in translation, on literary culture in the UK and USA. This volume analyzes German-language short-story writing in the twenty-first century, aiming to establish a framework for further research into individual authors as well as key themes and formal concerns. An introduction discusses theories of the short-story form and literary-aesthetic questions. A combination of thematic and author-focused chapters then discuss key developments in the contemporary German-language context, examining performance and performativity, Berlin and crime stories, and the open-endedness, fragmentation, liminality, and formal experimentations that

characterize short stories in the twenty-first century. Together the chapters present the rich field of short-story writing in Germany, Austria, and Switzerland, offering a variety of theoretical approaches to individual stories and collections, as well as exploring connections with storytelling, modernist short prose, and the novella. The volume concludes with a survey of broad trends, and three original translations exemplifying the breadth of contemporary German-language short-story writing.

13 Short Stories by William Lewis with translations into German William Lewis, 2022-06-01 Schreiben war schon immer ein wichtiger Teil des Lebens von William Lewis, von professionellen Berichten über Buchbesprechungen bis hin zu Gedichten und Songtexten. Vor vier Jahren entdeckte er Flash Fiction, was ihm neue Wege der Kreativität eröffnete. Er genießt besonders die Knappheit und die Möglichkeiten der Kurzform. Einige seiner Geschichten sind leicht und humorvoll, andere sind düsterer. Die Kooperation mit den Göttinger Künstler:innen, die die Geschichten in diesem Buch illustriert haben, entstand aufgrund der Städtepartnerschaft, die Göttingen und Cheltenham verbindet. Bei einem Partnerschaftsbesuch lernte William Lewis aus Cheltenham Greta Mindermann-Lynen und Christiane Christen kennen, beide Mitglieder der Göttinger Künstlervereinigung Kreis 34. So entstand die Idee zu diesem illustrierten Buch. Christiane Christen übersetzte die teils sehr skurrilen Geschichten ins Deutsche und leitete sie an die Künstler:innen des Kreis 34 weiter, die sich zu Illustrationen in ganz verschiedenen Stilrichtungen inspirieren ließen. Dank der freundlichen und großzügigen Unterstützung der

Städtepartnerschaftsvereine Cheltenham und Göttingens, der Stadt Cheltenham und der Stadt Göttingen konnte dieses schöne Buch mit 13 Geschichten auf Englisch mit deutscher Übersetzung und mit 27 Illustrationen gedruckt werden.

Pushing at Boundaries ,2016-08-01 Pushing at Boundaries presents approaches to women writers who have recently had a big impact in shaping the contemporary literary field in Germany. The opening chapters offer the first extensive consideration of Karen Duve's work, including an excerpt from her latest novel, the romance parody *Die entführte Prinzessin*, a fascinating commentary by her translator Anthea Bell, and essays on her acclaimed novel *Regenroman*, her subversive take on West German youth culture in the 1980s in *Dies ist kein Liebeslied*, and explorations of the witty echoes of fairy tales and myths in all her novels and stories. Other writers compared with Duve or discussed independently include Anne Duden, Jenny Erpenbeck, Julia Franck, Michael Fritz, Kerstin Hensel, Julia Schoch, Malin Schwerdtfeger, and Maike Wetzell. A final essay explores Berlin, as capital city and urban jungle, in recent novels by Sibylle Berg, Tanja Dückers, Alexa Hennig von Lange, Judith Hermann, Unda Hörner, Inka Parei, Kathrin Röggla, Antje Stelling, and Antje Rávic Strubel. Readers will find many cross-connections and contrasts reflecting the heterogeneous and often conflict-ridden culture in Germany today. Topics include the subversion of gender stereotypes; the merging of 'high' and 'low' culture; the invasion of cultivated spheres by 'wild' nature; post-Wende border crossings between East and West; and the highly charged relationship between lust and disgust.

Women and National Socialism in Postwar German Literature Katherine Stone, 2017 In recent years, historians have revealed the many ways in which

German women supported National Socialism-as teachers, frontline auxiliaries, and nurses, as well as in political organizations. In mainstream culture, however, the women of the period are still predominantly depicted as the victims of a violent twentieth century whose atrocities were committed by men. They are frequently imagined as post hoc redeemers of the nation, as the rubble women who spiritually and literally rebuilt Germany. This book investigates why the question of women's complicity in the Third Reich has struggled to capture the historical imagination in the same way. It explores how female authors from across the political and generational spectrum (Ingeborg Bachmann, Christa Wolf, Elisabeth Plessen, Gisela Elsner, Tanja Dckers, Jenny Erpenbeck) conceptualize the role of women in the Third Reich. As well as offering innovative re-readings of celebrated works, this book provides instructive interpretations of lesser-known texts that nonetheless enrich our understanding of German memory culture. Katherine Stone is Assistant Professor in German Studies at the University of Warwick.
