Between Light and Storm Esther Woolfson, 2022-12-06 A landmark examination of the fraught relationship between humans and animals, taking the reader from Genesis to climate change. Beginning with the very origins of life on Earth, Woolfson considers prehistoric human-animal interaction and traces the millennia-long evolution of conceptions of the soul and conscience in relation to the animal kingdom, and the consequences of our belief in human superiority. She explores our representation of animals in art, our consumption of them for food, our experiments on them for science, and our willingness to slaughter them for sport and fashion, as well as examining concepts of love and ownership. Drawing on philosophy and theology, art and history, as well as her own experience of living with animals and coming to know, love, and respect them as individuals, Woolfson examines some of the most complex ethical issues surrounding our treatment of animals and argues passionately and persuasively for a more humble, more humane, relationship with the creatures who share our world.

Their enemies have legions of soldiers, chemical weapons, and a powerful magic spell on their side. Not to mention a dragon. Snatching victory from the jaws of defeat will be costly, and should they fail, everyone they love will suffer. For most of her life, the

Oncoming Storm has only opened her cold black heart to very few people. But now, after all her adventures and everything she has been through, she has found friends and family all across the world whom she would do anything to protect. The only problem is that in war, people are bound to die and get hurt. Fear gnaws at her soul, because even with her considerable powers, the Oncoming Storm knows that she might not be enough to protect everyone she loves. Every weapon will count, every ally will be vital, every skill will be used, and every single card will be played before the end. But will it be enough? And who will be left standing when the streets are running red with blood? Because the war will end. One way or another. But not everyone will be there to see a new world born...

Final Light : Storm of Shadows Corey Mickle, 2020-04-23 Book Three of the Final Light Trilogy Storm of Shadows Darkness has fallen under the guise of a tempest. Screams echo from behind a wall of wind. A final encounter is imminent. Only one thing is certain. The Journey will end. From Author Corey Mickle

Diablo III: The Order Nate Kenyon, 2012-05-15 Deckard Cain made his way across the floor, following the footprints to an alcove in the far wall. Rotted boards clung to supports, the last remains of an ancient library. This had been a ritual chamber, many centuries before, used to

summon things from beyond the human world. A portal to the Burning Hells themselves, perhaps. The shelves were empty now. He saw a speck of yellow underneath a splinter of wood and bent to pick up a corner of parchment paper, curled and speckled with mildew. Something moved in the shadows to his right. He whirled, holding the light up. For a moment it appeared as if the shadows themselves were alive, bunching and swirling like ink in water. At the same time, a voice like the distant moan of wind drifted through the empty room and raised the hairs on the back of his neck. "Deckaaaaarrddddd Caiiinnnn . . ." Cain felt a strange doubling, a memory of a night many years before, when he was just a boy. A whispered voice calling to him, just like this. He backed away, fumbling in his rucksack with one hand, holding the lighted staff with the other against the darkness. Already he was doubting himself: had it just been the wind moving through the broken remains of the building above him, a trick his mind had played after so long in the sun? The voice came again, a sound like bones scraping together in the grave. "Your ghosts are many, old man, and they are active." A grating of metal over rock seemed to come from everywhere at once. Once again a pool of black smoke thickened and then dissipated, only to reassemble somewhere else: a shape carrying a sword, the form of a man, but with eyes that glowed red with the fires of hell. Cain knew what this was, yanked from the depths of his own mind and used against him: the image of the Dark Wanderer himself, conjured up to weaken his resolve. The smoke-shape swirled and shifted, reforming into two indistinct human shapes, one taller and clearly female, one small and delicate. Shock raced through Cain's limbs as an older, familiar memory fought to surface. He closed his eyes against the darkness as the yawning pit of despair opened within him, threatening to pull him in. You must not listen. *** Deckard Cain is the last of the Horadrim, the sole surviving member of a mysterious and legendary order. Assembled by the archangel Tyrael, the Horadrim were charged

with the sacred duty of seeking out and vanquishing the three Prime Evils: Diablo (the Lord of Terror), Mephisto (the Lord of Hatred), and Baal (the Lord of Destruction). But that was many years ago. As the decades passed, the Horadrim's strength diminished, and they fell into obscurity. Now all of their collected history, tactics, and wisdom lie within the aged hands of one man. A man who is growing concerned. Dark whisperings have begun to fill the air, tales of ancient evil stirring, rumblings of a demonic invasion set to tear the land apart. Amid the mounting dread, Deckard Cain uncovers startling new information that could bring about the salvation—or ruin—of the mortal world: other remnants of the Horadrim still exist. He must unravel where they have been and why they are hiding from one of their own. As Cain searches for the lost members of his order, he is thrust into an alliance with an unlikely ally: Leah, an eight-year-old girl feared by many to carry a diabolical curse. What is her secret? How is it tied to the prophesied End of Days? And if there are other living Horadrim, will they be able to stand against oblivion? These are the questions Deckard Cain must answer before it is too late.

Regenerative Leadership Giles Hutchins, 2019-07-16 This book by leadership and sustainability experts Giles Hutchins and Laura Storm provides an exciting and comprehensive framework for building regenerative life-affirming businesses. It offers a multitude of business cases, fascinating examples from nature's living systems, insights from the front-line pioneers and tools and techniques for leaders to succeed and thrive in the 21st century. Regenerative Leadership draws inspiration from pioneering thinking within biomimicry, circular economy, adult developmental psychology, anthropology, biophilia, sociology, complexity theory and next-stage leadership development. It connects the dots between these fields through a powerful framework that enables leadership to become regenerative: in harmony with life, building thriving, prosperous organizations amid

transformational times. The book is a combination of theoretical frameworks, case studies, tools & practices: Everything the leader needs to be successful in the 21st century. Regenerative Leadership - what's it all about? While the future is uncertain, we clearly see an upward trend towards sustainable conscious business. And this is more than just a trend - we're witnessing a new kind of organization emerging. An organization which is able to rapidly sense and respond to the ever-changing business climate by innovating how and why it creates and delivers value, and the way it engages internally and externally with its ecosystem of employees, customers, suppliers, resources, investors, society and environment. This new kind of organization is the organization-as-living-system that is designed on the Logic of Life: life-affirming businesses that thrive from the inside out, by cultivating conditions conducive for life, internally and externally. These organizations nurture flourishing cultures while focusing on products and services that enhance society and the environment. Regenerative organizations will be tomorrow's success stories.

She's a creature of the night, so base and inconsequential she's never even warranted a name. Welcome to 1st century Jerusalem, where rumor and deceit rule the day. Step into The Light and walk the ancient city side-by-side with the very first believers. Feel what they felt. Risk what they risked. And find, with them, the unshakeable truth indelibly written across the heavens before time began-Yeshua changes everything. And Everything is never what you expect.

Lightstorm R F Allen, 2016-07-22 Much of our world is in bondage and is abused, exploited, and

manipulated. It is most obvious in the Middle East as thousands are murdered and millions displaced, driven from their homes and towns by the same conquering spirit that has destroyed throughout history greedy, egotistical, self-appointed murderers and thugs who have separated themselves from common sense and invented reasons to destroy, claiming justification and exaltation through their god. Those in the West who profess freedom are also in a grave dilemma. Materialism is so powerful in blocking earth energy (hiding the true reason they have incarnated on earth) that other members of our cosmic family have offered to assist those who are awakened. The desire of our universal family is for all mankind, east and west, to have the opportunity to awaken, to experience consciousness through source. Liberators are with us today, not involved in the shedding of blood but in the shedding of ignorance, of hopelessness, of abuse (physical, emotional, and psychological) for those who will receive it. Valiant, noble souls are standing ready to help and support the unfolding of that divine source in each individual that chooses to know and embrace their own higher consciousness.

A Light Through the Storm Charles Augustus Keeler, 1894

The Light and Fast Organisation Patrick Hollingworth, 2016-01-20 Cut the organisational and operational dead weight to climb higher, faster The Light and Fast Organisation presents a blueprint for organisations looking to thrive in today's rapidly evolving business landscape. VUCA - Volatility, Uncertainty, Complexity and Ambiguity - has become the dominant mode of modern business, and leaders are overwhelmed. Competition and instability has increased while barriers to entry have fallen, chronic employee disengagement is on the rise and the global economic recovery is incredibly fragile; business leaders are uncomfortable, with threats to their business looming on all sides. This book proposes an alternative to the VUCA paradigm, one in which we learn to be comfortable with

being uncomfortable, and a model for helping your organisation climb above the fray. Case studies from both business and mountaineering illustrate the benefits and practicalities of becoming light, fast, and agile and underscore the importance of self-awareness and self-reliance in minimising your exposure to risk. Business and mountaineering share many parallels, including frequent operation outside of the comfort zone. This book shows you the strong skills and effective strategies you need to reach the summit. Get comfortable with discomfort Adopt an 'Alpine Style' approach to business Operate outside of the VUCA paradigm Stretch outside your comfort zone to achieve more, faster Leaders must accept the current VUCA state and assess their preparedness, but it's possible to move beyond it by ingraining a 'light and fast' approach at the core of their organisations' values and operations. It's only through reaching beyond the 'safe' zone that we learn what we're made of, and build the foundations for successful leadership and teamwork. The Light and Fast Organisation is your practical coach for climbing the mountain, and your guide to the quickest route to the summit.

Lightstorm Jeremy Bursey, 2020-06-02 A man and his wife are about to share a life-altering secret on national television . . . if they aren't careful. Jake and Kate have done what few people have ever done. They've gotten a movie made about their professional photography and their marital life, and now they're making the TV rounds hyping it. It's all by-the-book, of course: show up, tell the interviewer and audience the story's highlights, then go out for dinner afterwards until the next rinse-and-repeat episode begins. At least, that's how it's supposed to be. Problem is, as much as the biopic may electrify their photography business, embedded in their story is a secret that neither wants getting out, and to talk about one without addressing the other is near impossible. But Jake is going to try because he knows the interviewer will ask about Greenland. Interviewers always want to hear more about Greenland, and Jake the action junkie is running out of ways to sidestep the best part of that story. But what's the secret? And why does Jake insist on keeping it? And what would happen if the secret gets out? In *Lightstorm*, experience Jake and Kate's adventure through Greenland as they bet on their photography, confront wild animals, and compete toward the pivotal moment when their lives transform forever. But, as they retell their hottest story, you may find the secret they keep is just the tip of the iceberg.

The Gathering Storm Robert Jordan, Brandon Sanderson, 2009-10-27 Tarmon Gai'don, the Last Battle, looms. And mankind is not ready. The final volume of the Wheel of Time, *A Memory of Light*, was partially written by Robert Jordan before his untimely passing in 2007. Brandon

Sanderson, New York Times bestselling author of the Mistborn books, was chosen by Jordan's editor--his wife, Harriet McDougal---to complete the final book. The scope and size of the volume was such that it could not be contained in a single book, and so Tor proudly presents *The Gathering Storm* as the first of three novels that will make up *A Memory of Light*. This short sequence will complete the struggle against the Shadow, bringing to a close a journey begun almost twenty years ago and marking the conclusion of the *Wheel of Time*, the preeminent fantasy epic of our era. In this epic novel, Robert Jordan's international bestselling series begins its dramatic conclusion. Rand al'Thor, the Dragon Reborn, struggles to unite a fractured network of kingdoms and alliances in preparation for the Last Battle. As he attempts to halt the Seanchan encroachment northward---wishing he could form at least a temporary truce with the invaders---his allies watch in terror the shadow that seems to be growing within the heart of the Dragon Reborn himself. Egwene al'Vere, the Amyrlin Seat of the rebel Aes Sedai, is a captive of the White Tower and subject to the whims of their tyrannical leader. As days tick toward the Seanchan attack she knows is imminent, Egwene works to hold together the disparate factions of Aes Sedai while providing leadership in the face of increasing uncertainty and despair. Her fight will prove the mettle of the Aes Sedai, and her conflict will decide the future of the White Tower---and possibly the world itself. The *Wheel of Time* turns, and Ages come and pass. What was, what will be, and what is, may yet fall under the Shadow. At the publisher's request, this title is being sold without Digital Rights Management software (DRM) applied.

The lives of the Cooper family intertwine within the epic tapestry of WWII. In the tradition of Jeff Shaara and Ken Follett, *The Light After the Storm* delivers an epic tale of heroism and sacrifice that will captivate readers from beginning to end.

Wireless Wars Jonathan Pelson, 2021-09-28 NATIONAL INDIE EXCELLENCE AWARDS WINNER
— TECHNOLOGY As the world rolls out transformational 5G services, it has become increasingly

clear that China may be able to disrupt—or even access—the wireless networks that carry our medical, financial, and even military communications. This insider story from a telecommunications veteran uncovers how we got into this mess—and how to change the outcome. In *Wireless Wars: China's Dangerous Domination of 5G and How We're Fighting Back*, author Jon Pelson explains how America invented cellular technology, taught China how to make the gear, and then handed them the market. Pelson shares never-before-told stories from the executives and scientists who built the industry and describes how China undercut and destroyed competing equipment makers, freeing themselves to export their nation's network gear—and their surveillance state. He also reveals China's successful program to purchase the support of the world's leading political, business, and military figures in their effort to control rival nations' networks. What's more, Pelson draws on his lifelong experience in the telecommunications industry and remarkable access to the sector's leaders to reveal how innovative companies can take on the Chinese threat and work with counterintelligence and cybersecurity experts to prevent China from closing the trap. He offers unparalleled insights into how 5G impacts businesses, national security and you. Finally, *Wireless Wars* proposes how America can use its own unique superpower to retake the lead from China. This book is about more than just 5G wireless services, which enable self-driving cars, advanced telemedicine, and transformational industrial capabilities. It's about the dangers of placing our most sensitive information into the hands of foreign companies who answer to the Chinese Communist Party. And it's about the technology giant that China is using to project its power around the world; Huawei, a global super-company that has surged from a local vendor to a \$120 billion-a-year behemoth in just a few years. For anyone curious about the hottest issue at the intersection of technology and geopolitics, *Wireless Wars* offers an immersive crash course and an unforgettable

read.
