Planet Christmas Chuck Smith, 2005-10-20 The art of decorating an evergreen tree in one's home is as well established as the tradition of giving presents. But in recent years another trend has started - that of decorating the outside of the house and garden with lights and assorted decorations and it is becoming more popular with every passing year. This small format picture-based book will showcase the best (or rather the worst) in excessive decorations from around the world - from the greatest number of lights to the tallest inflatables - a delight for all connoisseurs of bad taste. Each of the entries features a caption from the proud homeowner. A short selection are listed below : "We have many beautiful homes in our area and unfortunately these homes are rarely decorated. My wife says its because people are not as 'fanatical' as my son and I. Also, the \$500 light bill in January may be a deterrent to some... Ouch! But you have to do this from the heart and for no other reason..." Michael Wright, Fayetteville, Tennessee, USA "I'm on a balcony, so my display isn't very big, but I can accomplish much brightness and computerized synchronicity. I do it to show off and provoke more tenants to decorate - I like to imagine the whole apartment block sprayed with lights. Overdecorated balconies are funny. I love lights - they seem to bring out the best in people. I also decorate my jackets and hats with LED lights to accessorise with my balcony. It gets the neighbors talking. What do my family and friends think about it? They try not to (only my husband enjoys it... to a point), they think I'm mental!" Llori Stein, Falls Church, Virginia, USA

A Very Vintage Christmas Bob Richter, 2016-07-01 A Very Vintage Christmas embodies the nostalgia and sentimentality associated with the holiday season. Vintage ornaments, lights, decorations, cards and wrapping all conjure up happy memories of Christmases past and serve as tangible mementos of holidays shared with family and friends. In fact, finding these objects, decorating with them and sharing them with others brings an instant feeling of comfort and joy. Coupled with beautiful photographs, tips on collecting, and secret shopping haunts, A Very Vintage Christmas offers a 360-degree look at holiday décor in America and gives suggestions on how to make vintage finds work for today's audience. While each chapter of A Very Vintage Christmas is unique, there is a common thread that runs through them all: the love of beautiful holiday decorations, and the interest in their history, value, and preservation. The book helps the everyday collector and enthusiast to build their own collection and offers tips on how to make the most of what they've got.

Outdoor Christmas Light Ideas Rufus Law, 2020-12-03 Some of us really look forward to our outdoor Christmas lights each year... to some of us it's just an obligatory pain. That's kind of sad, because it gives us a reason to celebrate the outdoors at a time of year when we don't get out into the garden much. I think those who dread it only feel that way because they haven't been inspired! Lighting up our neighborhoods with Christmas cheer is a great annual tradition, that should not be missed. Have you ever driven through a community that showed its Christmas cheer in lights? We want to make a bet you left feeling full of the holiday spirit, right? So here are some great DIY outdoor Christmas light ideas to really make you want to celebrate the season!

Christmas: A Book of Stencils Penny Vedrenne, 2007-08-01 This collection of stencils includes Santa Claus, a Reindeer, a Christmas Tree (with options for decorations), a Candle with Holly Accents, Bells & Bow, a Gingerbread Boy, a Gingerbread Girl, and a string of Lights. For artists and crafters, Christmas is the time of year when your creativity is in full swing. We thrive on making our own decorations and creating special gifts for our friends and family which also includes the wrapping. This collection was designed with a variety of most loved Christmas images. Use the string of Christmas Lights to create stationary or cards. Paint any of the other images on bags (cloth or paper) and enclose your gifts for a special wrapping. Just use your imagination and the possibilities are endless! My goal was to create a project for the artist or crafter that would be easy enough to complete in a minimal amount of time and yet leave you with an art piece only lacking of your individual touches. These stencils are designed to inspire your creativity!

American Christmas Danelle Manthey, 2020-08-15 *American Christmas* is a new book by photographer Danelle Manthey that examines Christmas displays, and the people behind them, through the lens of American folk art. Through portraits and interviews, the book features the stories of over 40 families and individuals across 12 states. It includes text by Marlene Friis, a foreword from Rebecca Alban Hoffberger, Founder and Director of the American Visionary Art Museum and an introduction by Mark Sloan, Curator and Chief Director of the Halsey Institute of Contemporary Art. Over the course of a decade, Manthey photographed, interviewed and spent time with the creators of these displays, quickly coming to recognize them as folk artists. Entirely self-taught, the creators often do not view themselves as artists, yet create visceral, site-specific installations that should be recognized for their transcendent, highly skilled craft. Many of the selected displays feature region-specific motifs as well as handmade decorations. This tendency, coupled with the traditional imagery and decorative nature of the displays, situates the work as a form of contemporary American folk art. Many of the featured individuals and families seem driven to create utopian spaces through their displays, which is a common theme among folk artists. The

truly amazing thing about these American grassroots artists, all of whom became bitten by the pine-scented Christmas bug, lies in the diversity of their motivations, explains Rebecca Alban Hoffberger, Founder and Director of the American Visionary Art Museum. Through the act of photographing the displays, Manthey enshrines them as a distinct art form. Where many would diminish the works as decorative cheer, Manthey looks beyond to reveal the innovation and commitment that grounds all great art. Along with making these themes accessible to a non-art audience, she succeeds in sharing the community and joy these works are founded on-something that is much needed in our current world.
