Lightning Strike William Kent Krueger, 2022-07-05

An instant New York Times bestseller, this prequel to the acclaimed Cork O'Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged coming-of-age tale" (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O'Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O'Connor, is Aurora's sheriff and it is his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this "brilliant achievement, and one every crime reader and writer needs to celebrate" (Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

Lightning in the Storm Thomas Taylor, 2003-07

This account delivers a gripping portrayal of the 1991 conflict with Iraq. As the only air assault division in the world, the 101st Airborne Division -- The Screaming Eagles -- flew off to Saudi Arabia in 1990 to join Operation Desert Shield.

Its 18,000 soldiers (including 700 women) and 400 helicopters played a crucial role in the resulting Desert Storm. This is their story, based on dozens of interviews and hundreds of army videos. This compelling account of modern warfare delivers suspenseful battle scenes, clear explanations of strategy, and fully developed portraits of many of the combatants.

The Hunt Andrew Fukuda, 2012-05-08 Don't Sweat. Don't Laugh. Don't draw attention to yourself. And most of all, whatever you do, do not fall in love with one of them. Gene is different from everyone else around him. He can't run with lightning speed, sunlight doesn't hurt him and he doesn't have an unquenchable lust for blood. Gene is a human, and he knows the rules. Keep the truth a secret. It's the only way to stay alive in a world of night—a world where humans are considered a delicacy and hunted for their blood. When he's chosen for a once in a lifetime opportunity to hunt the last remaining humans, Gene's carefully constructed life begins to crumble around him. He's thrust into the path of a girl who makes him feel things he never thought possible—and into a ruthless pack of hunters whose suspicions about his true nature are growing. Now that Gene has finally found something worth fighting for, his need to survive is stronger than ever—but is it worth the cost of his humanity?

Between Light and Storm Esther Woolfson, 2022-12-06 A landmark examination of the fraught relationship between humans and animals, taking the reader from Genesis to climate change. Beginning with the very origins of life on Earth, Woolfson considers prehistoric human-animal interaction and traces the millennia-long evolution of conceptions of the soul and conscience in relation to the animal kingdom, and the consequences of our belief in human superiority. She explores our representation of animals in art, our consumption of them for food, our experiments on them for science, and our willingness to slaughter them for sport and fashion, as well as examining concepts of love and ownership. Drawing on philosophy and theology, art and history, as well as her own experience of living with animals and coming to know, love, and respect them as individuals, Woolfson examines some of the most complex ethical issues surrounding our treatment of animals and argues passionately and persuasively for a more humble, more humane, relationship with the creatures who share our world.

Diablo III: Storm of Light Nate Kenyon, 2014-02-04 Struggling as the new Aspect of Wisdom and being a mortal among angels, Tyrael puts the fate of Heaven into the hands of the human race after the Black Soulstone brings growing darkness and discord into the realm. Original.

Lightning Storm Patrick Kirk, 2020-01-08 Over the last twenty years of the 20th Century, set in Georgia and primarily in southern California,

Patrick Kirk writes a fictional account of the lives of Bryan and Carolyn Jenkins as they traverse the “yuppies gotta have it all” lifestyle. The story is in some ways a high tech suspense thriller; part romance, part spy novel. It is about business, mentorship, career changes and their effects on a marriage and having a family in the 90’s. It’s also about corporate corruption and greed and how the PC software revolution assisted in the decline in American business values. It’s a dissection of the Enron-driven rolling electrical blackouts and the company’s ultimate demise. Some of the story lines are imagined after people, places, events and technology encountered by the author during his thirty years in the PC software business.

Ball Lightning Mark Stenhoff, 1999-10-31 Down comes a deluge of sonorous hail, Or prone-descending rain. Wide-vent, the clouds Pour a whole flood, and yet, its flame unquenched, Th'unconquerable lightning struggles through. Ragged and fierce, or in red whirling balls, And fires the mountains with redoubled rage. Black from the stroke, above, the smould'ring pine Stands a sad shattered trunk; and, stretched below, A lifeless group the blasted cattle lie. James Thompson, "The Seasons" (1727) have been investigating ball lightning for more than two decades. I published a ball lightning report in Nature in 1976 that received worldwide publicity and I consequently many people wrote to me with accounts of their own experiences. Within a very short time, I had accumulated about 200 firsthand accounts, and the file has continued to grow steadily since then. Several things impressed me. Few of those who wrote to me had any detailed foreknowledge of ball lightning at the time of their observation. Nonetheless, once reports of other phenomena such as St. Elmo's fire had been eliminated, the remaining descriptions were remarkably consistent. Furthermore, nearly all who contacted me were keen to have an explanation of what they had seen and seemed entirely sincere.

The Thunder-storm Charles Tomlinson, 1859

Lightning Strike Donald A. Davis, 2007-04-01 This is the story of the fighter mission that changed World War II. It is the true story of the man behind Pearl Harbor--Admiral Isoroku Yamamoto--and the courageous young American fliers who flew the million-to-one suicide mission that shot him down. Yamamoto was a cigar-smoking, poker-playing, English-speaking, Harvard-educated expert on America, and that intimate knowledge served him well as architect of the Japanese attack on Pearl

Harbor. For the next sixteen months, this military genius, beloved by the Japanese people, lived up to his prediction that he would run wild in the Pacific Ocean. He was unable, however, to deal the fatal blow needed to knock America out of the war, and the shaken United States began its march to victory on the bloody island of Guadalcanal.

Donald A. Davis meticulously tracks Yamamoto's eventual rendezvous with death. After American code-breakers learned that the admiral would be vulnerable for a few hours, a desperate attempt was launched to bring him down. What was essentially a suicide mission fell to a handful of colorful and expendable U.S. Army pilots from Guadalcanal's battered Cactus Air Force: -

Mississippian John Mitchell, after flunking the West Point entrance exam, entered the army as a buck private. Though not a natural as an aviator, he eventually became the highest-scoring army ace on Guadalcanal and the leader of the Yamamoto attack. - Rex Barber grew up in the Oregon countryside and was the oldest surviving son in a tightly knit churchgoing family. A few weeks shy of his college graduation in 1940, the quiet Barber enlisted in the U.S. Army. - I'm going to be President of the United States, Tom Lanphier once told a friend. Lanphier was the son of a legendary fighter squadron commander and a dazzling storyteller. He viewed his chance at hero status as the start of a promising political career. - December 7, 1941, found Besby Holmes on a Pearl Harbor airstrip, firing his .45 handgun at Japanese fighters. He couldn't get airborne in time to make a serious difference, but his chance would come. - Tall and darkly handsome, Ray Hine used the call sign Heathcliffe because he resembled the brooding hero of Wuthering Heights. He was transferred to Guadalcanal just in time to participate in the Yamamoto mission---a mission from which he would never return. Davis paints

unforgettable personal portraits of men in combat and unravels a military mystery that has been covered up at the highest levels of government since the end of the war.
